COOLIDGE FREES ALL POLITICAL PRISONERS

EREMONIES BY EASTERN STAR ARE BRILLIANT

pressive Services In Midst Of Elaborate Decorations And Large Audience

KATHERINE V. SINKS
Of The Evening News Staff.

Color pageantry, impressive remony and an inspiring rit of fraternalism and endship marked the installan last night of Mrs. Jennie Phillips, worthy matron, d her staff of 1924 as elective d appointive officers of en Eyrie chapter, No. 237, der of Eastern Star.

The lodge room in the Masonic nple was crowded to capacity, ny members and guests stand- for almost three hours for the tallation and program.

A short session of the chapter eeded the installation and en the doors were opened rtly after 7 o'clock the crowd at was waiting in the outer m, in the hallways, on the irs and even downstairs en- ed to find practically all the ts filled and standing room at premium. It was a convincing monstration of the urgent need a larger assembly room for endale Masonic organizations.

Brilliant Scene

Elaborate decorations had been ranged by Mrs. W. S. Rattray the affair and a brilliant scene esented itself to the large comny. Of course, the altar of the der and the necessary chairs for e officers occupied the center the hall. Above the beams re hidden in pepper branches, th Japanese lanterns of varied es shading the lights.

To the east, where the installg officers, the grand officers d the past matrons and patrons t, countless baskets of chrysanemums and fern were used ef- tively.

Miss Mildred Irene Lyons, reing matron of the chapter, rved as installing officer, asted by Harry L. Redd, retiring tron; Russell La Fontaine, asciate grand patron; Maude May azen, deputy grand matron, llian Holman, grand organist; ma Vesper Naudain, installing aplain; Martha Dibbern, install- marshal.

Impressive Features

Following a brief address of lcome by Robert M. Grumbling, st patron of the chapter, the mpany witnessed the procession the installing marshal and aplain, the worthy matron and tron, the grand officers, past and officers, past matrons and trons. Then the introduction matrons and patrons of 1923 d matrons and patrons of 1924 s made by Miss Lyons.

One of the most impressive feaes of the installation was the trance of the officers-elect, hile Mrs. Ethel Pembroke, acmpanied by Mrs. Holman at the ano, gave "The Quest," a draatic sketch, written by the late len J. La Fontaine.

To her eloquent words the varus officers-elect entered and ok places before the installing ficer in the form of a cross. All the women of the staff wore

HREE SLAIN IN ALL-NIGHT FIGHT

egro Desperado Showered By Machine Gun Bullets In Fierce Battle

DREW, Miss., Dec. 15.—Three en were dead today and six ounded, and still another miss- g, following a pitched battle hich raged throughout most of e night between a posse of sevral hundred men and a negro in ense woods near here. Only after n hour's siege with a machine un was the negro wounded seriusly enough to effect his capture. is almost lifeless body then was rought into Drew, placed on the reet and hundreds stood around, atching and waiting for his eath. The casualty list:

Dead: W. T. Saunders, Robert ethevin and Joe Hess; wounded: Arthur Manning, Kenneth lackwood, Luther Hughes, J. ratliff, D. A. Williams and Wilam Stringer; missing, Bob irsch.

Joe Pullen, the negro, was a enant farmer of Saunders'. He ad an altercation over some usiness relations.

Heads Order

Mrs. Jennie A. Phillips, worthy matron of 1924 of Glen Eyrie chapter, No. 237, Order of Eastern Star, installed last night at one of the largest gatherings ever held in the Masonic Temple.

NOTICES OF CITY ELECTION PRINTED

List of Polling Places Are Given; Ordinances Will Appear on Monday

The attention of all registered voters of the city of Glendale is directed toward the official publication of the two notices of election on page 6 of the third section of this issue of The Glendale Evening News.

The provisions should be carefully studied in order that the right of franchise may be intelligently exercised in the coming election on the sewer question, January 8, 1924.

There are two issues in the election and it is imperative that both be carried. One is the ratification of the agreement entered into between the city councils of Los Angeles and Glendale, permitting the connection of Glendale's sewer system, when constructed, to the outfall sewer of the city of Los Angeles.

The other is the issuance of bonds in the sum of $1,600,000 to finance the construction of Glendale's new sewer system, the preliminary reports of which have just been placed in the hands of the city council by Burns & McDonnell, engineers, of Los Angeles.

Ordinances No. 890 and 891, covering these two issues, will be printed in full in The Evening News of December 17. Boundaries of precincts, polling places, judges of election and clerks are given in full in the two ordinancse, while the notices of election give precincts only.

Both questions have received the endorsement of many civic, commercial and fraternal organizations and the main problem now is to get the voters out to the polls on January 8.

Also on page 6, third section, of this issue of The Glendale Evening News appear several columns of legal notices relating to city affairs. This newspaper carries the city's legal advertising exclusively and it also publishes the official minutes of the city council.

TAKE GANG LEADER

SAN FRANCISCO, Dec. 15. — According to Burns agency operatives here who engineered the arrest at Stockton of Arthur (Chicago Freddy) Davis late yesterday, his capture marks the landing of the leader of the bandit gang which is charged with responsibility for more than a score of bank robberies in Montana alone.

HELD CONFERENCE

BRUSSELS, Dec. 15.—Herr Roedriger, German charge d'affaires conferred with Foreign Minister Jasper, regarding future administration of affairs in the Ruhr and Rhineland. The Belgian official delayed a decision until he could consult with Premier Poincare of France.

COUPLE NEAR DEATH

LOS ANGELES, Dec. 15.—Mr. and Mrs. William Davis, aged parents of Mildred Davis, wife of Harold Lloyd, film comedian, are both critically ill at their home here. Mrs. Davis has been ill for some time and yesterday her husband was stricken with a heart attack. Physicians state that both

VICTORY FOR LOS FELIZ TAX BODY

Association Wins Its Case In Superior Court on Property Charges

A sweeping victory for the 105 defendants of the Los Feliz Tax Protective association has been scored by their counsel, G. H. Wende, of Glendale, against Steddom & Blanchard, plaintiffs, reports L. W. Chobe, president of the association.

As a result of this victory the property owners involved will not have to pay one cent on the charges against their property made by the above firm, Mr. Chobe states, and in instances where this firm secured judgments and collected moneys, such moneys must be returned.

Judgment Set Aside

This is the decision of Judge John M. York, sitting in department 15 of the superior court of the state of California, in and for the county of Los Angeles, who on December 14 granted the motion of the defendants, Louise N. Packer, Ida F. Rittenhouse and W. W. Lee, "to set aside and vacate the default entered against said defendants, and all subsequent proceedings therein, including the judgment entered against said defendants."

The quotation is taken from a notice of order, setting aside default and all subsequent proceedings, and filing of demurrer and directing hearing thereof. The notice goes on to say that the proposed demurrer of said defendants filed with said motion be deemed filed as of the above date and that it be heard in the regular course of the law and motion department of the court.

No Sale, Is Claim

"The proceeding is nugatory and there is consequently no sale possible or legal, as advertised by Steddom & Blanchard," says Mr. Wende, in commenting on the case he has successfully defended for the Los Feliz Tax Protective association. "We will now get a dismissal of all these suits and a precedent will have been established, showing once for all that such practices as those attempted by the firm we have been fighting will not be tolerated, in Glendale or elsewhere."

Associated with G. H. Wende in this defense was Ben S. Beery, a Los Angeles attorney.

Seize Opium Supply Aboard Pres. Lincoln

SAN FRANCISCO, Dec. 15.—The Pacific Mail liner, President Lincoln, was heavily guarded today while customs officers made further search for a huge supply of narcotics believed to be still aboard. Hidden in unmarked boxes in the cargo, 1,000 tins of opium, having a value of $70,000, were seized.

Before the hidden cache was found in the cargo the ship had been searched from top to bottom without result. Because the President Lincoln is owned by the United States shipping board it will be immune from the fine of double the value of the seizure, provided by the Jones-Miller act.

SUICIDE LEAP FAILS

SAN FRANCISCO, Dec. 15.—At Park emergency hospital today it was said Charles Kitzell, 35, said to be from Los Angeles, would recover from the effects of exposure suffered when he leaped into the ocean from a beach pier early today after removing all identification marks from his clothing.

CHILDREN TO AID XMAS PROGRAM

Young People to Present Articles For Use At Community Tree

Glendale's kiddies will be given "Invitation Tags" when they come to school Monday mrning, December 17, reading as follows:

"This card is an invitation to you and your family to attend the Community Christmas program around the big tree on the Glendale Union High school grounds, Christmas eve, December 24, at 7 o'clock.

"We are making our celebration this year a time for giving. If you wish to help, attach this card to some article and bring it to the Christmas tree. It will go to some needy child.

"Candy, toys, books and canned goods will be acceptable."

For Needy Families

The card is signed by V. M. Hollister, chairman of the Christmas committee of Community Service, whose headquarters are at 150 South Brand boulevard.

The gifts brought to the Christmas tree as a result of this tag campaign will go to whatever needy Glendale children can be found, after which the balance will be sent to the "Kiddie Koop," Los Angeles, Mr. Hollister states. A committee of Boy Scouts will be on hand at the tree on Christmas eve to receive the contributions.

Music By Band

The celebration will include numbers by the Community band, of which Arthur Balue is director, and selections by the Choral club, J. Arthur Myers, director. The Christmas tree will be decorated by the firemen.

On Christmas morning, there will be caroling all over the city, in charge of various young people's organizations of the several churches, in charge of Rev. J. C. Livingston, president of the Ministerial union.

Moro Slayers Caught By Filipino Police

MANILA, Dec. 15.—Six of the Moros who murdered Lieutenant Magno and several members of the constabulary and three Filipino teachers near Parang in Cotobato two months ago were captured today, according to advices from Parang. A relentless hunt has been on ever since the killings.

FOOTBALL CONTESTS

SAN FRANCISCO, Dec. 15. — With the high school championship of Northern California at stake, Lick-Wilmerding and Lodi prep schools were prepared today for the hardest battle of the present season as game time drew near. Today's victor in the Long Beach-Bakersfield battle at Bakersfield will play the winner of the day's game at Ewing field for the state prep championship.

PEACEFUL PROTEST

MANILA, P. I., Dec. 15.—The Knights of Rizal, a patriotic Filipino organization, today proclaimed December 30 as a day of "peaceful protest" against "campaigns being carried on by the American papers and the American chamber of commerce in favor of the permanent retention of the Philippines or the establishment of a territorial government."

LATEST NEWS

COOLIDGE MAKES MORE NOMINATIONS

WASHINGTON, Dec. 15.—President Coolidge today sent to the senate a long list of nominations, headed by that of a new assistant attorney general, Earl J. Davis, of Michigan, and including a number of federal judges.

SENATOR JOHNSON EXPRESSES THANKS

SAN FRANCISCO, Dec. 15.—In a telegram from Senator Hiram Johnson to a gathering of his followers meeting here this afternoon to organize his California campaign, the California senator, expressing thanks for their support, declared "we enter now upon an epoch-making contest."

WOOLWINE SLIGHTLY IMPROVED TODAY

PARIS, Dec. 15.—Thomas L. Woolwine, prominent in California politics, who suffered an internal hemorrhage yesterday morning, was slightly improved today.

EMBARGO ON MEXICO LINES IS REMOVED

SAN FRANCISCO, Dec. 15.—Announcement was made today of the lifting of an embargo on perishable freight destined to points in Mexico south of Mazatlan, which had been put in effect by the Southern Pacific's Mexican lines on order from the Mexican government.

TROOPS ADVANCE ON GUADALAJARA

Obregon Puts Move Against Rebels In Jalisco As Peace Is Sought

MEXICO CITY, Dec. 15.—Federal troops on the offensive against the rebels in the state of Jalisco are advancing in the direction of Guadalejara, the second largest city in the republic, according to advices from the battle-front today.

General Angel Flores, governor of the state of Sinaloa, who renounced his presidential candidacy in an effort to avert civil war, is attempting to mediate between the rebels and the government to restore peace.

Tries Mediation

General Flores has sent messages to Adolfo De La Huerta, chief of the revolutionaries, and Plutarco Elias Calles, suggesting a conference.

The Sinaloa governor appealed to De La Huerta to "consider well his attitude and to spare no effort to restore peace in the republic."

General Flores appealed to the patriotism of De La Huerta, pointing out that a continuance of the present trouble might lead to revolution embroiling the whole country.

In his message to General Calles, the Sinaloa governor congratulated him upon his generous action in renouncing his presidential candidacy.

Parole Officer, Shot By Prisoner, Is Dead

SS. LOUIS, Dec. 15.—David W. Burns, 44, parole officer of the penitentiary at Lansing, Kan., died here early today of wounds received when shot by Ben Casey, convict, whom he was returning to prison along with Charles O'Keith, following their escape December 2. The shooting took place on a train near Alicia. Ark., and both convicts got away. Burns was shot twice in the breast, once in the left arm and once in the back.

MEXICAN VIEWPOINT

EL PASO, Tex., Dec. 15.—Ruben Viscarra, president of the chamber of deputies of the Mexican congress, and a fugitive from the revolution, who arrived on the first train reaching the border on the Mexican National railway, stated today the neutral position of the United States "discredits the erroneous idea that Obregon heads a recognized government in Mexico."

Insurgents In House Win Fight for Place On Rules Committee

WASHINGTON, Dec. 15.—Republican leaders of the House of Representatives capitulated today in their fight with the little group of northwestern insurgents, and agreed to place Representative John M. Nelson, Republican, of Wisconsin, the insurgent leader, on the powerful rules committee.

Refusal of the Republican leaders to do this has blocked the completion of House organization for two days, during which the insurgents tied up business.

JOHNSON FORCES PLAN FOR BATTLE

Campaign for Presidential Primaries Launched at Bay City Meeting

SAN FRANCISCO, Dec. 15.—Plans were laid for the presidential primary campaign for Senator Hiram Johnson in Northern California at a meeting of his supporters here today.

Meeting in response to a call issued by Charles L. Neumiller, who was chairman of the 1922 Johnson-for-Senator organization, delegates from every county north of the Tehachapi were on hand, it was announced, to ratify the candidacy of Senator Johnson for president.

The meeting was expected to formulate plans for the organization of county and district clubs and provide for North California headquarters.

Southern California counties organized for Johnson at a similar meeting yesterday.

Marshall Hale, president of the League of Coolidge Republican clubs, announced today the state had been divided for campaign purposes under five regional headquarters located at San Francisco, Los Angeles, Fresno, Sacramento and San Jose. Ralph Arnold of Los Angeles was named head of the executive committee of the Coolidge forces and Edward Hurlburt, committeeman director.

REFUSES NOMINATION

MANILA, P. I., Dec. 15.—The Senate turned down the nomination of Mayor Santiago, made by Governor General Wood, and announced a policy of repudiating all nominations made without consultation with Filipino political leaders. Governor General Wood has until next Wednesday to veto or approve a bill making the under-secretary of the interior mayor in case of a vacancy.

COOLIDGE'S NAME GOES ON BALLOT

President Officially Enters Campaign as Candidate For Nomination

WASHINGTON, Dec. 15.—Official announcement was made at the White House today that President Coolidge would be a candidate for the Republican nomination in the South Dakota primaries next spring.

The president wrote a letter to Sam Elrod, former governor of South Dakota, and his chief supporter in the recent Republican state convention, authorizing him to enter his name in the primary ballots in that state.

Meeting Is Planned

The letter is understood to have been rather of a personal nature and likely will followed next week with a more formal declaration which will make the president's position definitely clear on all points raised. Whether the letter already sent to Elrod will be made public was not decided at the White House this morning. There will be a meeting of the South Dakotans interested in the Coolidge candidacy here on Monday. At this meeting, it is understood, definite plans for the primary will be made and the situation thoroughly canvassed.

Charles H. Burke, commissioner of Indian affairs, who is a South Dakotan, former Governor Elrod and others will participate in this meeting.

Death Hoax Man Will Answer Arson Charge

DENVER, Dec. 15.—Edward Sailstad, of Eau Claire, Wis., famous death hoax perpetrator, and Miss Dorothy Anderson, "Sunshine Girl," en route to Wisconsin to answer a charge of arson, stopped here briefly last night between trains.

Steeling his nerves against collapse, Sailstad centered his every thought on the health and comfort of Miss Anderson, according to Sheriff Hagreen of Douglas county, Wis., who has charge of the prisoners.

'If Miss Anderson was not so ill, I wouldnt mind the trip back to Superior. It doesn't matter about me. My only concern is for her," was the terse statement of Sailstad when asked how he was standing the trip. "I hope she will be better tomorrow," he concluded.

LIBERTY FOR WAR TIME OFFENDERS RESULTS

About Thirty-One Will Get Freedom For Christmas Executive Orders

WASHINGTON, Dec. 15.—President Coolidge today commuted the sentences of all the so-called political prisoners still remaining in federal prisons for war time offenses.

The prisoners who are to be liberated under the president's decree were convicted in Chicago, Kansas City and Sacramento Cal.

The commutations of sentence were granted upon recommendations of Attorney General Daugherty and a special comission composed of former Secretary of War Newton D. Baker, Bishop Brent, former Chaplain of the A. E. F., and James G. Harbord, former assistant chief of staff of the army.

Statement Issued

The official White House statement announcing the president's action, did not state how many prisoners will be freed, but it is understood that thirty-one are affected.

The White House statement follows:

"It is announced today that the president and Attorney General Daugherty, after conferring together and considering the joint report prepared by Hon. Newton Baker, Bishop Charles H. Brent and General J. G. Harbord, upon war time prisoners, have decided to adopt and follow the majority recommendation of the committee, and accordingly the president today, in conformity with the recommendation of the attorney general, has commuted the sentences of all the war time prisoners convicted at Chicago, Kansas City and Sacramento to the terms already served.

"Warrants of commutation are being prepared and as soon as signed by the president will be sent to the wardens with instructions to release the prisoners."

Freedom Granted

The prisoners who will be freed are:

Sacramento group, sentenced to ten years: Elmer Anderson, Harry Brewer, Robert Connellan, Roy P. Connor, Pete De Bernardi, Mortimer Downing, Frank Elliott, John Graves, Henry Hamer, William Hood, Harry Gray, Fred A. Luber, Phil McLaughlin, George O'Connell, John Potthast, Edward Quigley, James Quinlan, Myron Sprague, Caesar Tabib, Jacob Tori, George N. Vooeter, Vincent Santilli.

Kansas City group: Wencil Francik, S. J. Gallagher.

Chicago group: C. J. Bourg, Alexander Cournos, Harry Lloyd, Burt Lorton, Charles H. McKinnon, James Rowan, James P. Thompson.

Victim of Swindler De Luxe Indisposed

CHICAGO, Dec. 15.—Mrs. Salo Auerbach, wife of a Chicago theatre proprietor, was reported by her husband to have suffered a nervous breakdown, perventing her appearance at the state's attorney's office here early today, where she had been summoned to tell what she might know of the life of Leo Koretz, alleged swindler de luxe, said to have mulcted his "customers" of approximately $7,000,000. Mrs. Auerbach lost $30,000.

Last night Mrs. Auerbach had assured officials she would appear and tell what she knew. Later she phoned that she was indisposed, and authorities decided to have her statement taken at her home. This was not done, however, because her husband telephoned that she was ill and could see no one.

HELD FOR SHOOTING

WOODLAND, Cal., Dec. 15.—A. W. Russell, a rancher, was being held in jail today, following the fatal shooting of Earl V. Bolton, another rancher. According to attaches of the sheriff's office who investigated the shooting, a drinking party had been in progress, and they had not determined whether a brawl occurred or whether the shooting was accidental. Russell denies the shooting.

FEDERALS EVACUATE

VERA CRUZ, Dec. 15.—Federal troops have evacuated the state of Pueblo upon orders from Secretary of War Serrano, according to advices received here today from Mexico City.

Entered as second-class matter January 12, 1922, at the postoffice at Glendale, Calif., under act of Congress of March 3, 1879. Published daily except Sunday.

Personal Mention

Mr. and Mrs. Frank Rhode have recently moved from 320 West Broadway to 1004 Cornell drive.

Mr. and Mrs. W. H. Ohlsen have recently moved from 514 South Fischer street to 615-C South Columbus avenue.

Mr. and Mrs. J. R. Nash who have been living at 1728 South San Fernando road, have moved to 10 Arden avenue to make their home.

The many friends of Mrs. Perry E. Maxwell of 129 West Burchett street will be glad to learn she is able to be up again after an attack of the influenza.

Mr. and Mrs. L. C. McCurdy of 1636 Gardena avenue are entertaining Mr. and Mrs. Henry Poke, old friends from Pittsburgh, Pa., who will spend the winter in California.

Mrs. M. S. Kuehny of 703 North Jackson street entertained as her dinner guests on Thursday evening, Mrs. Cushing, Mrs. Johnson and Miss Isabel Perez, all of Los Angeles.

J. B. Trowbridge, musical director at the Bible Institute of Los Angeles, has decided to make Glendale his permanent home and recently purchased the residence at 705 North Louise street.

Mrs. R. W. Meeker and daughter Evelyn of 1320 East Colorado street, will attend the charity bazaar this evening at Westlake School for Girls in Los Angeles, where Miss Mildred Meeker is a student. George Chambers and daughter, Miss Florence Chambers, one of California's athletic champions, who have been guests at the Meeker home since last Tuesday, have returned to their home in San Diego.

Mrs. Stella Goodman of 645 North Central avenue has been enjoying a delightful visit from Mr. and Mrs. William Marshall of Galesburg, Ill., near Mrs. Goodman's former home. The Marshalls were entertained with motor trips in this vicinity and have gone to Long Beach for a short stay before going to San Diego, where they will make a few side trips and return to Glendale to make another visit with Mrs. Goodman before leaving for their home in the east.

Mrs. Fannie Marple Retts of 114 West Park avenue, who for many years was the musical director and contralto soloist at the First Presbyterian church of Glendale, was the contralto soloist last Tuesday night at the Bible Institute when the "Messiah" was presented under the direction of J. B. Trowbridge to a capacity audience. Mrs. Retts received much applause and many lovely flowers. Mrs. Retts sang "Star of the East" last night at the installation of officers of Glen Eyrie chapter of the Eastern Star. This is the official song of the Eastern Star order.

Social Events

Teachers Guests

A very pretty courtesy was paid the teachers of the Cerritos Avenue school Friday noon, when the officials of the Cerritos Avenue Parent-Teachers' association and the room mothers entertained at a delicious luncheon during the noon hour.

The luncheon was served from a beautifully appointed table, on which the Christmas colors were carried out with poinsettias and smilax.

To insure the presence of all the teachers at the luncheon, Mrs. W. F. Small, president of the association, and Mrs. Don S. Erskine, publicity chairman, did yard duty and reported model pupils.

The teachers complimented were Mrs. Annie L. Curtiss, principal of Cerritos school; Mrs. Lois Cate, Miss Edna Heacock, Miss Ethel Dow, Miss Hazel Wilder, Mrs. Marguerite Wilsie, Miss Mae Aldrich, Mrs. Irene McReynolds and Miss Brooks, special teacher.

Mrs. Curtiss, in behalf of the teachers, expressed their appreciation of the courtesy.

The hostesses included Mrs. W. F. Small, president; Mrs. W. E. Woodbury, vice-president; Mrs. H. F. Croft, secretary; Mrs. Howard Salzman, treasurer; Mrs. L. C. McCurdy, hospitality chairman; Mrs. Osborne Garber, philanthropic chairman; Mrs. John Grant, membership; Mrs. Don S. Erskine, publicity, and the following room mothers: Mrs. H. Reeve Darling, Mrs. J. W. Cleland, Mrs. H. F Croft, Mrs. F. W. Fraley and Mrs James Byerly.

♠ ♠ ♠

Christmas Dance

The Glendale Community Players will hold the formal opening of their new club hall, 1428 South San Fernando road, on Wednesday night, December 19, when they will entertain their friends with a Christmas dance.

A five-piece orchestra will furnish the music for the dancing. Santa Claus will be present and distribute favors to the dancers.

The usual invitation card will not be necessary, announces Mrs. Nanno Woods, director. A nominal sum will be charged for admission to cover expenses.

Mrs. Woods will give lessons in ballroom dancing from 8 to 8:30 o'clock to all guests desirous of instruction.

♠ ♠ ♠

Dinner Dance

Mr. and Mrs. S. M. Garroway of 206 East Palmer avenue are entertaining tonight with a dinner dance at the Egyptian Village, complimenting J. E. Morrow of Winnipeg, Canada, who is sojourning in Southern California.

The invited guests are Mr. and Mrs. Charles E. Arnold, Mr. and Mrs. Ray L. Morrow, Mr. and Mrs. Howard B. Henshey, Mr. and Mrs. Ira Courtney, Mr. and Mrs. Howard Shepard, Mr. and Mrs. Gordon Lawson, Mr. and Mrs. Alex Garroway, Mr and Mrs. Lloyd Babbitt, Mr. and Mrs. Harry B. Allison, Miss May Kennedy and J. E. Morrow of Winnipeg, Canada.

♠ ♠ ♠

Joint Hostesses

Mrs. T. H. Hudson of 648 North Central avenue and Mrs. Roy Watrous of Burbank, entertained Thursday afternoon at bridge at the home of the former. The guests and the hostesses were all at one time members of the Order of Eastern Star of Salt Lake City, Utah, and at present are residents of Los Angeles and nearby cities. The affair was a delightful reunion of the twenty guests that were present. They were assisted by Mrs. Hudson's daughter Miss Ruth Hudson.

♠ ♠ ♠

Madrigals Meet

The Madrigal club, of which Mrs. Charles A. Parker is director, will hold the next regular rehearsal on Monday afternoon, December 17, at 1:30 o'clock at the Congregational church, it is announced. All members are urged to be in attendance as this will be the last rehearsal until after the holidays.

A short business session of the board of directors will be held preceding the rehearsal at 1 o'clock.

♠ ♠ ♠

Hear Mrs. Sears

Mrs. Urmy Sears of Pasadena, editor and publisher of the California Southland, will address the mebers of the fine arts section of the Tuesday Afternoon club of which Mrs. Roy Ballagh is curator, at the next meeting of the section, on Tuesday, December 18, at 10 o'clock.

Mrs. Sears will also be the speaker at the luncheon following the morning session.

♠ ♠ ♠

Pi Phi Sorority

Mrs. William Hunter of 107 East Lomita avenue was hostess Wednesday to a number of the Glendale members of the Pi Beta Phi sorority at an enjoyable informal social afternoon.

Those present included Mesdames R. W. Core, Perce H. Curtis, Frank Parr, W. A. Haines, Bessie Omans, Chas. Rathbone, George Smith, R. Lyans, Arthur Hoare of Glendale and Mrs. W. A. Bicknell of Burbank.

♠ ♠ ♠

Section Monday

The Shakespeare Section of the Tuesday Afternoon club of which Mrs. Walter Jones is curator, will meet in the tea room of the clubhouse on Monday afternoon, December 17, at 2 o'clock.

The rehearsal of the "Twelfth Night" will be held at 12 o'clock under the direction of Mrs. H. W. Ralston dramatic instructor.

♠ ♠ ♠

Receive Sunday

Mr. and Mrs. H. J. Horn of 107 East Chestnut street will observe their forty-eighth wedding anniversary tomorrow, December 16. They are not issuing formal invitations, but will be at home to their friends during the day. They were married in Indianapolis, Ind.

Music Section

A pre-Christmas celebration for the Music Section of the Tuesday Afternoon club, was the program given yesterday at the meeting at the clubhouse.

Mrs. John Cotton had arranged the program, which proved to be one of the most delightful holiday events the section has ever enjoyed.

Mrs. Warren Roberts, curator, presented Mrs. Cotton, who opened the program with an informal talk on the Christmas spirit in song and story.

Every number on the program was a feature in itself. Mrs. Geraldine Jacobi Russell gave two Christmas readings; Mrs. E. R. Ripley, pianist, played; a quartet including three violins and piano from the Glendale Union High school, entertained; Mesdames Waldo Winger and J. Arthur Myers, vocalists, sang.

An outstanding number on the program was the sketch presented by Mrs. R. D. Jones and her daughter, Martha. They took their hearers back to the time of Martin Luther by medieval songs and stories of Christmas time.

Later Christmas carols were sung by the company and refreshments were served by the hostess, Mrs. Cortland L. Hill.

The next meeting of the section will be January 11, when Pearl Keller will give a lecture-recital. All club members are invited to this meeting.

♠ ♠ ♠

W. R. C. Officers

The annual election of officers for the coming year was the feature of the meeting yesterday afternoon of the Women's Relief Corps, which was presided over by Mrs. Flora Pixley, president.

The newly elected officers are: Jennie Tincher, president; Hattie Lawson, senior vice-president; Anna Page, junior vice-president; Emma Cortz, treasurer; Ella Clark, chaplain; Adelaide Chappius, conductor; Mrs. La Frank, guard; Priscilla Houdyshell, trustee for three years. The following delegates were elected: Minnie Skelton, Martha Bowen, Mrs. Welch, Addie Clark, Tina Hammond, Nina Richards, Effie Ripley, Mary Peck and Anna Page. The following alternates were elected: Gertrude Tisdale, Mary Bennett, Pearl Gillette, Adelaide Chappius, Susie Powell, Ella Clark, Mary Patterson, Mrs. Ketchem and Mrs. Giles.

The rest of the afternoon was devoted to the completion of plans for the annual bazaar and sale to be conducted today and during the evening.

♠ ♠ ♠

Royal Neighbors

Officers for the coming term were elected last night by the Royal Neighbors' meeting in the K. P. hall on South Brand boulevard.

The new officers are: Mrs. Stella Rockwell, oracle; Mrs. Leach, vice oracle; Mrs. Estelle Hock, past oracle; Mrs. Smith, chancellor; Mrs. Lillian Howes, recorder; Miss Lillian Rucker, marshal; Mrs. Jessie Loucks, inner sentinel; Mrs. York, receiver; Mr. Tucker, Mrs. Maudie Clinton and Mrs. Paul, managers.

During the meeting Mrs. Leach presented Mrs. Hock, the retiring oracle, with a cluster of poinsettias, to express the appreciation of the organization for her faithful services.

Visitors present were Mrs. Andrews of Pasadena, county deputy; Mrs. Engle, Mrs. Ytterbruck and Mrs. Hall.

♠ ♠ ♠

Fathers' Night

Plans for "fathers' night" next Monday night were outlined yesterday afternoon at the meeting of the Acacia Avenue Parent-Teacher association at the school.

Mrs. Anna Torrey, president, was in charge of the meeting.

The program of the afternoon included solo by Miss Doris Zion, piano solo by Miss Dorothy Levey, reading by Miss Barbara Braun, reading of the message of Margaret Willis Reeve of the child welfare organization.

The room count resulted in honors going to Mrs. Hopkins' fifth grade.

♠ ♠ ♠

With Mrs. White

Mrs. John Robert White of 347 North Orange street was hostess Friday afternoon at a silver tea, for the benefit of the Wilson avenue P.-T. A., the proceeds adding the sum of $9.50 to the treasury of the organization.

Arrangements were made under the direction of Mrs. L. W. Sonntag, program chairman. Assisting hostesses were Mesdames J. E. Eckles, W. L. Truitt, Hugh Blue, F. H. Roberts, L. H. Thompson, and R. A. Gulick. Approximately twenty were present to enjoy the social afternoon.

♠ ♠ ♠

Benefit Affair

Mrs. George Killinger of 116 North Orange street will be hostess at a card party at her home Monday afternoon from 2 to 5 o'clock for the benefit of the Wilson avenue P.-T. A. A special invitation is extended to all women of the community and P.-T. A. members are urged to attend.

OBREGON HEADS TROOPS

SAN ANTONIO, Tex., Dec. 15—President Obregon at the head of federal troops is advancing on Guadalajara City which is in the hands of rebels under the command of General Enrique Estrada, according to an official telegram received here by Consul-General Alejeandro Lubbert. The attacking column, according to the message, is composed of troops in the command of Generals Amaro and Amarillo. It declared that the loyal troops are in high spirits and confident of success.

NEEDLE CLUB IS THEME FOR POEM

Mrs. Jean Forrester Hostess To Craft Members at Pre-Xmas Party

Mrs. Jean Forrester of 421 West Wilson avenue was hostess yesterday to members of the Wilson Avenue Needle Craft club at a Pre-Christmas party. The rooms were decorated with the season's colors.

A piano duet was given by Miss Olive Beck and Mrs. Forrester, monologues by Mrs. John McGregor and Mrs. Forrester; songs "Marcheta" and "Song of India," by Mrs. C. S. McKee and a whistling solo by Mrs. Todd. Mrs. Eda Lord read an original poem concerning the members and club. Refreshments were served.

Those present were Mrs. L. H. Beck, Mrs. C. S. McKee, Mrs. Eda Lord, Mrs. John McGregor, Mrs. E. E. Haw, Mrs. F. H. Stahl, Mrs. J. Todd, Mrs. Pettit; Mrs. Cheney of Los Angeles and the hostess. The poem, in full, reads as follows:

I do wish this club would go on a spree,
We would have as our anchor dear Olive McKee,
We'd visit the harbor, we'd take in the fleet,
We'd paint up the town as red as a beet,
No member alone should shoulder the brunt,
We would all go in for this jolly club stunt,
We would stick together like peas in a pod,
With Cheney, McKee and President Todd.

When we wake up the town at dead of night,
You'd see Pettitt and Stahl in the thick of the fight,
Where joy leaves off and trouble begins,
Look for Lord and Taylor, the "Gold Dust" twins,
If we land in the pen and need some good checks,
There's Forrester, Haw, and both of the Beck's,
I'm sure they'd be glad to bail us all out,
Then McGregor'd report us good and stout.
So you see our fun would be of the best,
And we'd all be glad to go home and rest.

Grant $21,000 Permit For Bungalow Court

A permit to erect a bungalow court at 818-822 South Glendale avenue was issued this morning by H. C. Vandewater, municipal building superintendent, to Sterling C. Parr.

The building, to cost $21,000, will be two stories in height. According to the specifications filed with the building inspector, the new court will be modern in every respect. Mr. Parr will have charge of the construction himself.

STAGE PITCHED BATTLE

VANCOUVER, B. C., Dec. 15.—Seven men were in hospitals here today, one of them severely injured, and three were under arrest as an aftermath of an attack on a party of longshoremen at the Balfour-Guthrie dock here. The attacking party numbering about fifty and alleged to have been strikebreakers, used iron bolts, bars and other missiles in their attack. The arrested men are alleged to be members of the "red" element, who had been refused work by the shipping federation following the conclusion of a six weeks' shipping tieup.

Canned vegetables and fruits consumed annually would, if placed in a pile, dwarf the Woolworth building.

Announcement:

To our friends and patrons who have made possible the opening of our new large department store and for the many floral tributes of our business associates we extend our hearty thanks.

IVE DAYS WILL CLOSE CAMPAIGN

vening News Salesmanship Club to End Drive Next Thursday Night

By J. A. MALCOLM
Salesmanship Club Manager

The Glendale Evening News' ig $10,500 salesmanship cam-aign will close in just five more ays. Thursday night at 8 o'clock he battle of ballots will close and he final counting will take place, vith the judges selected in harge.

Club members and their friends nd the public at large is invited o attend the final counting of the allots, but it is not absolutely ecessary for the club members o be present in order to win their rizes. While the campaign will lose Thursday night the prizes vill not be awarded until Monday, n order to give any club member n opportunity to check any of he other members' credits if they o desire.

The race is a close one, and here are several club members who are right in line for one of he grand capital prizes, if they ut forth a big effort right at the ast moment. So close are some f the club members that at the nd of the second period two of he first five were near enough ogether that one subscription for ix months would have a differ-nce in the standing of one of hem. This will be proven to the lub members after the race has losed.

Still Time Enough

Several of the club members have made a wonderful showing during the first part of the race, but during the second period some of them let down and seemed to rely upon their totals up to that time. That is a fatal mistake. However, they still have time enough to get the subscriptions that will place them right up with the leaders again and put themselves in line for one of the grand capital prizes.

Five more days remain. This is not a very long time, yet long enough for those who wish to win to get into the game and secure enough subscriptions to put them over the top.

Just a few long term subscriptions would make all the difference in the world to some of the club members, and if they fail to make a good turn in this period they will have only themselves to blame. It's what they do before the final bell rings that will either bring them the prize they most desire or leave them trailing in the dust an "also ran."

Density of Population Is Determining Factor In Sewage Disposal System

Before attempting to design a sanitary sewer system for the city of Glendale, it is first necessary to divide the city into districts which may be reached from a main outfall or intercepting sewer. The next stage is to determine the present and future physical characteristics of each district.

The amount of sewage entering a sewer depends upon whether the contributory district is residential, commercial or industrial in character, as each of these types of districts delivers a different amount of sewage per capita.

The density of population varies with the different types of districts and these densities in Glendale range from nine people per acre to forty people per acre. That portion of the city which is located in Verdugo canyon, has the least density because of the steep slopes and mountainous territory included. The most dense area served would be the one located in the center of town near Brand boulevard and Broadway. The average density used for Glendale was seventeen per acre, showing that a population of two hundred thousand was anticipated in the design of the sewer mains. The sizes of the mains were chosen to care for twenty per cent greater population, in order to take care of periods of maximum flows and to guard against the overloading of the sewers.

The following table gives the density of population or persons per acre for several cities, as compared with the estimated future density of Glendale:

Glendale, Calif.,	**17**
San Francisco, Calif.	**16**
Evansville, Ind.	**19**
Savannah, Ga.	**21**
Chicago, Ill.	**21**

In determining the proper capacities and sizes of sewer mains, the assumption was made that every lot would have a building erected upon it. Care was exercised in making the proper allowance for the type of district, that is, whether it is residential, commercial or industrial. The assumption of 300 gallons of sewage from every fifty-foot lot in the residential sections, was made. Investigation into the number and location of the larger water users gave a guide for the proper allowance for commercial and industrial districts.

The sizes were estimated on the basis of the sewer flowing half-full for the estimated daily flow, thus allowing capacity for the maximum rate of flow which amounts to about twice the average daily rate. In each case where the estimated amount approached the capacity of the pipe, the next larger standard size was used, thus allowing an additional factor of safety from ever overloading the sewer.

The following table shows the range in size, capacity, length of mains, areas served and assumed population:

Number of Main	Area Served	Capacity of Sewer—Gals. Per Day	Assumed Population	Range in Size in Inches	Length of Main in Feet
1	411	470,000	9,400	8 to 12	8,465
2	185	375,000	7,460	8 to 18	9,787
2-A	418	463,000	9,250	8 to 12	3,173
3	700	796,000	15,900	8 to 15	8,685
4	2,414	3,390,000	67,750	8 to 22	24,671
5	558	766,000	15,300	8 to 15	6,139
6	866	508,000	10,150	8 to 24	11,460
7	4,907	2,243,000	44,900	12 to 18	14,631
8	839	682,000	13,650	8 to 12	5,533

PROBATION HEAD ADDRESSES P.-T. A.

Fathers' Night Observed By Association; Children Give Program

W. H. Holland, chief probation officer of the Los Angeles county district, was a speaker last night at Glendale Avenue school, when fathers' night was celebrated, under the auspices of the Parent-Teacher association. Between 300 and 400 parents and friends were present.

Mr. Holland spoke of the problems confronting the parent and teacher, and touched upon the duties of the juvenile court, the efficacy of the probation system, and compared conditions as they existed during his boyhood with those of today.

"Children may be different today, but human nature is still the same," said the speaker. "Half of us forget what we were like when we were children.

Face Difficulties

"Boys of today are exposed to temptations that we never heard of, and we have to face a situation twice as diffcult as the one our fathers did."

"We have a better population, due to physical training being brought within the reach of the pupils in the schools, and our educational system is saner than it was formerly."

Mr. Holland says he takes a peculiar personal interest in Glendale Avenue school, as, in 1900, his country home stood upon the spot where the new building now stands. He paid a tribute to the city schools also, saying that Glendale and Tropico schools always have been star places in the rural districts, and still are, and that, among all the improvements and wonderful growth of the city, nothing has been as pronounced as the school system. Also, he said, fewer children appear in the juvenile court from Glendale than from any city near its size in the district.

Mrs. O. A. Spradling, president of the Parent-Teacher association, presided. The program opened by community singing of "America." Principal Norman R. Whytock greeted the visitors.

Arthur R. Burton sang three selections, "The Heart of a Rose," "Twilight Hour" and "I Love You," with piano accompaniment by Miss Bishop.

Pianologue

Dorothy Woods of the Community Players gave a pianologue, "The Story of the Soldier and Pierrette," and, as an encore, a reading, "Baby Brother," with piano accompaniment by Mrs. Nanno Woods.

A dance number by four small children, pupils of Mrs. Nanno Woods, "Dance of the Black Cats," in unique costumes, was most amusing.

Miss Lois Martinez gave a reading, "A Girl at the Circus," and a short encore, "To a Fly."

A one-act play, "Queen Christmas," by Carolyn Wells, was presented by pupils of the school under the direction of Miss Loraine Fritch, with characters as follows: King Christmas, George Towne; Queen Christmas, Edna Fischer; page to queen, Betty Sinclair; herald, Robert Clewett; steward, Victor McAllister; court ladies, Verna Porter, Edna Lamb; court gentlemen, Kenneth Lewis, Ardsley Emerick; pages, Blanche Cox, Ruth Houle; workmen, Kiyo, Edward Loeffler, Charles Sterner, Kenneth Carson, Chester Stafford; bells, Neil Chrisman, Donald Marshall; light, Dorothy Fischer; decoration, Milton McCoy, Edwin Care; snow, Dorothy Brown; gifts, Mary Goto, Eleanor Leitch; feast, Tyler Robinson; Christmas tree, Edwin Ball; Santa Claus, George Moore; Spirit of Love, Lois Diekman.

The characters were well sustained and costumes effective, and the stage, decorated with Christmas colors, made a beautiful setting for the tableaux.

At the close of the program, the guests were served refreshments, in the domestic science room, by women of the Parent-Teacher association.

SQUEAKY BRAKES DANGER SIGNALS

Is Result of Burnt Lining Or Split Rivets, Says Expert Mechanic

"When brakes squeak, either they are burnt out or split rivets were used in the linings and are cutting the drums," says Lee M. Fitzhugh, an expert on brakes, proprietor of the Fitzhugh Brake Service, at 120 South Maryland avenue.

"Chattering brakes are out of adjustment," he adds, "and should be taken care of at once, as they are a menace to motorists and pedestrians as well. All brakes require adjustment once a month to keep them at maximum efficiency.

"Don't use oils or liquids on brakes that are squeaking or failing to hold. This only causes more trouble. Gasoline may be used if the bands become greasy. Nothing else is advisable. And, above everything else, don't let a mechanic put on your brake bands with split rivets. The only satisfactory method of fastening on brake bands is with hollow rivets, by machine.

Rivet By Machinery

"The Fitzhugh Brake Service, at 120 South Maryland avenue, puts on rivets by machine only, using the hollow type and thoroughly countersinking them. The result is brake bands that run free and silent. We also use woven lining in preference to hydraulic lining, because it holds better and is less prone to glaze.

"Within a very few months brakes will be under police supervision, just as headlights are now inspected. But, in justice to yourself and your family, don't wait for the law to make you act. Act at once to have your brakes brought to efficiency and kept there. A terrible toll of life is being taken daily in the city streets by motorists who can't stop quickly enough. Don't run the risk of being a killer."

'Side Line' at Fruit Store Gets Business

S. Gatti, who conducts a fruit store at the corner of Verdugo road and Colorado street, enjoyed a rush of business at the supper hour last night. Customers flocked to the store and the dimes tinkled merrily as they were thrown into the cash register.

Enter three well-dressed men. A short consultation behind a bunch of bananas. Could Mr. Gatti oblige with something for a party? He could. He did. He sent his boy to his house on a bicycle in order that the gentlemen "be no kept de wait." The boy returns. A five-dollar bill changes hands. The deal is closed.

The scene changes to police headquarters, for the three well-dressed customers were Chief of Police John D. Fraser, Captain Loving and Lieutenant Royle. Mr. Gatti's home gave forth another gallon bottle of wine and two twenty-five- gallon barrels of the joyous liquid, and the erstwhile fruit merchant is held in default of $500 cash bond for violation of the national prohibition act. The boy is charged with transporting liquor.

SEEKS BETTER SERVICE

WASHINGTON, Dec. 15.—President Coolidge has sent a letter to Chairman Porter, of the House Foreign Affairs committee, urging legislation for the re-organization and improvement of the consular and diplomatic service.

LEGION LEADING BOWLING LEAGUE

Victory Over Masons Places Veterans Out Ahead In Fraternal Race

The American Legion won two games from the Masons, and the K. P.'s took a pair from the K. C.'s No. 2, in last night's fixtures in the Fraternal league at the Recreation Center.

This win places the American Legion at the head of the league, with thirteen games won and five lost. The complete league standing is as follows:

Team	Won	Lost
American Legion	13	5
K. C. No. 2	11	7
K. C. No. 1	11	7
Masons	10	8
Sciots	9	9
K. P.	8	10
Modern Woodmen	6	12
Odd Fellows	4	14

Monday night the I. B. Carlocks meet the Hammond Lumber company quintet in a Foothill league game.

The scores last night were:

VERDUGO PEOPLE TO HOLD MEETING

Phase In Sewer Project to Be Discussed Tonight At Gathering

Residents of Verdugo Woodlands have called a mass meeting, to be held at 7:30 o'clock tonight, at the pavilion at Ramona avenue and Hermosita drive, to discuss the effect that the installation of the proposed Glendale sewer system will have on the people of that region, who have already voted $50,000 for the construction of a system that would take care of the discharge of sewage from that territory embraced in the municipal improvement district that was formed at the time the bonds were voted.

The point is raised that the residents of Verdugo Woodlands should receive some preferential treatment in the imposition of the taxes that will be necessary to pay for the system that is now planned for the entire city, in view of the fact that they have already expended something over $38,000 in the installation of the sewer system for Verdugo Woodlands.

Summon Conference

Mayor Spencer Robinson, members of the City Council and of the Glendale Chamber of Commerce sewer campaign committee have been invited to attend the meeting and go over every phase of it with the residents of Verdugo Woodlands, and this morning Mayor Robinson summoned a conference at the Chamber of Commerce rooms, when the various legal points in the situation were discussed from every angle.

The representatives of the city and of the Chamber of Commerce will make an exhaustive study of the entire situation before attending the meeting tonight, and will be prepared to discuss the matter, with a view of reaching some arrangement that will be satisfactory to the residents of the district which it was originally intended to serve with the system for which the $50,000 bonds were issued.

City Attorney Ray Morrow was present at the meeting and advised the members of the legal status of the case. He stated that the sewer that has already been constructed in the municipal improvement district formed under the provisions of the bond issue does not belong to that district, but to the city of Glendale, and added that the city cannot reimburse the persons who have paid out their money for the construction of the sewer system.

The sewer system in Verdugo Woodlands, it is claimed, was built in order to protect the city's water supply from the watershed in that region, but, owing to legal complications, the activating sludge tanks that were part of the system were never used, which rendered impossible the operation of that part of the system that has already been installed.

'HANDS OFF' POLICY

WASHINGTON, Dec. 15.—President Coolidge does not propose to take any part in the rows in congress between Republican insurgents and regulars, it has been declared officially at the White House. It was stated, however, that the president is anxious that organization be completed so that tax reduction legislation may be expedited.

LABOR SUPPORTS LAW

NEW YORK, Dec. 15.—Organized labor in the United States went on record yesterday as favoring the present immigration law and advocated a tightening of the contract labor provisions. H. P. Fayne, spokesman for the American Federation of Labor, speaking before the National Immigration conference in session here, declared labor was satisfied with the existing law based on admission of three per cent annually from the nations of the various countries in the United States in 1910.

FIVE ESCAPE GUARDS

FORT WORTH, Texas, Dec. 15. Five men who escaped their guards while en route to Leavenworth prison from Fort Worth, near Caldwell, Kansas, were all facing sentences on charges other than oil fraud promotions, according to the United States marshal's office here today, who stated the escaping men were drug addicts and convicted thieves.

Mercury is the smallest and Jupiter the largest planet in our solar system.

Not a Moving Picture, But Real Spoken Drama

FACTS AND FIGURES PROVE GLENDALE'S BIG NEED OF COMPLETE SEWER SYSTEM

Officials Point Out Why City Must Vote Bond Issue to Secure Health Protection and to Continue Great Growth and Full Prosperity; Project Is Much Cheaper Than Annexation

Glendale must either vote the $1,600,000 sewer bonds or face annexation to Los Angeles, declares Councilman Sam Davis, who, with Mayor Spencer Robinson and the members of the City Council and other forward-looking Glendalians, have sponsored and pushed this movement from the start.

With an adequate, up-to-date sewer system assured, the city will attain a population of 100,000 in three years, experts predict. Without such a system, Glendale must ultimately beg mercy of Los Angeles and be absorbed.

Therefore, the sewer bond campaign, Councilman Davis asserts, must meet the annexationists on theri own ground and defeat them with cold facts. At a recent meeting held by the Glendale Foothill Improvement association in the Grand View school, he produced a series of arguments backed up by figures that were so conclusive they made determined bond voters of practically everyone present.

Official Minutes

Councilman Davis read to the audience copies of the official minutes of the Los Angeles City Council, as taken at the time in 1922 when an annexation committee from this city presented their plea to the Angeleno city fathers.

These minutes showed conclusively, in black and white and beyond any argument, that in the event of annexation, Glendale would have to build its own system of intercepting mains and laterals, and that the earliest sewer service that could be promised was one year from date of annexation, in the business district, while no date could be set when the rest of Glendale might be connected up with the Los Angeles system.

These minutes showed furthermore, that Glendale would have to float a local bond district, even in the event of annexation, in order to get a sewer system even in the business district. They showed many other advantageous features of the Los Angeles annexation offer, that served to open the eyes of many annexationists and convert them to the proposed bond issue.

Important Figures

But most convincing of all was a set of carefully checked figures presented by Councilman Davis, based on a population of 60,000, showing that in the event of annexation, the people of Glendale would assume their just proportion of 3.36 per cent of $71,155,500 in taxpaying bonds, or $2,148,896, which is more than the total cost of the proposed sewer system, or $35.81 per capita; and that in addition they would assume $22,000,000 of tax-exempt bonds, nevertheless a liability, or an additional $11.07 per head; making a total of $46.88 per head which the people of Glendale would immediately assume under annexation, while the total per capita cost of building the proposed $1,600,000 sewer system is only $26.67 per head.

These figures proved to be compelling, and upon conclusion of Councilman Davis' remarks many who had been more or less annexationist in tendency saw that by going in with Los Angeles they would be shouldering a heavy debt, with a great deal higher tax rate than at present, and without the very sewer system they are certain to get under the present plan.

Judging from the numbers of questions asked and from the satisfaction expressed over the clear replies, it can be safely stated that when Glendale people understand the sewer matter in its various angles, they become heartily in favor of it. On the night of December 18, the occasion of the public mass meeting called to explain the sewer project to all Glendale, it is urged by Mayor Robinson and Councilman Davis that every resident of the city who does not thoroughly understand every angle of this great forward-looking project be present as a civic duty and obtain the enlightenment that will make his vote a sewer bond issue.

Chester A. Smith, engineering expert for the firm of Burns & McDonnell, who are making Glendale's preliminary sewer survey, addressed the meeting of the Foothill Improvement Association Tuesday night of this week, declaring that his organization had never before experienced a city of Glendale's size totally without a sewer system and stating that generally it is considered a serious enough matter when a community reaches 10,000 population without adequate disposal facilities.

Taking up each of the five Lippencott proposals of a year ago, Mr. Smith analyzed them and showed why they were not practical for Glendale.

Going into some detail on Pasadena's sewer farm problem, he showed that the system was unsatisfactory at the present time and giving a great deal of trouble, in addition to requiring constant large outlays of capital to maintain.

The fact that cities so located as Glendale must ultimately form metropolitan sewer districts, as is done in Boston and other eastern cities, was stressed by Mr. Smith, who pointed out that Fullerton, Anaheim and a number of surrounding communities have already formed such a district, with Santa Ana as their consolidation point, while Linwood, Watts and communities in that neighborhood are forming such a district at the present time.

The Pacific ocean is the one and only natural sewage outlet for Southern California, Mr. Smith told his audience. All other arrangements were makeshifts, he said, and would in the end prove costly, insufficient and unhygienic.

Future Growth

The impossibility of predicting the future growth of such centers as Glendale was stressed by Mr. Smith, it being pointed out that three years ago it was believed by experts that the city would attain a population of 40,000 by 1940.

It was for this reason, he said, that the present plan calls for a system, connecting with the Los Angeles outfall, of such capacity as to care for a population of 1,000,000 in Glendale and surrounding communities, while allowance is made for 20 per cent in excess of an ultimate Glendale population of 240,000.

The election called for January 8 is to authorize the $1,600,000 in bonds will be the only bond issue in connection with the sewer, Mr. Smith stated. It will cover the construction of the entire system, with the exception of the laterals, which will be constructed under the assessment district plan, at a nominal cost.

With a flow provided of sixty gallons per capita per day, on a basis of 1,000,000 population ultimately utilizing this system, it is estimated by Mr. Smith that the sewage of Glendale and all surrounding communities will by this arrangement be taken care of for all time to come.

Mrs. M. B. Buckman, a member of the executive committee at the conclusion of Mr. Smith's remarks before the Foothill Improvement association rose and stated that she was glad it had been made clear that the proposed bond issue provided for carrying the sewer from Aviation drive north along San Fernando road to the Burbank city line, as many residents of the northwest section of Glendale had been laboring under the impression they were to have no sewer.

BIG INSTALLATION BY EASTERN STAR

Impressive Ceremonies Last Night In Presence of Large Audience

(Contiued from page 1)

beautiful white gowns and carried arm bouquets.

Mrs. Phillips was most becomingly gowned in white velvet brocaded chiffon, made in long lines, with rhinestone trimming. She carried a shower of dark red rose buds and maiden hair fern.

Strong Friendships

It was five years ago that Mrs. Phillips took her first station in Glen Eyrie chapter, and since that time her charming personality and executive ability have won the confidence and friendship of every member and her election as worthy matron is a strong prediction for one of the most successful and happiest years in the chapter's history.

Those who were installed with her and will share the responsibilities and honors with her, are: Arthur C. Kase, worthy patron; Mae Warrick, associate matron; Nellie Parker Holbrook, secretary; Josephine Woolsey, treasurer; Sadie McPherson, conductress; Bertha Wyvell, associate conductress; Alvina Jurgensen, chaplain; Ella Hickman, marshal; Frank Rondo, organist; Esther E. Burke, Ada; Valencia Watson, Ruth; Dollie H. Kase, Esther; Frances Harriet Cline, Martha; Anna Humphreys Clark, Electa, Gertrude McMillan, warder; Frank Bekett, sentinel.

Special mention should be made of the splendid work done last night by Martha Dibbern as the installing marshal. Beautifully gowned in jade green georgette crepe, with touches of silver, Mrs. Dibbern carried the duties of her office with a dignity, grace and sweetness that brought compliments from all present.

Every part of the installation ceremony was artistically worked out and carried on and Miss Lyons and Mrs. Phillips and their associates are justly deserving of much praise.

Offer Entertainment

During the evening Zark Myron Bickford and Vandal Olcott Bickford gave enjoyable guitar and mando-cello numbers; Miss Doris Packer, talented dramatic reader, entertained; Marie Louise Brown, clever little dancer of the Pearl Keller school, danced; and Fannie Mapple Retts, vocalist, sang.

Late in the evening the formality was somewhat broken by a time of congratulation and gift giving.

Mrs. Cora Hickman Stearns, "mother of the chapter," addressed Miss Lyons on behalf of the past matrons, thanking her for the lovely baskets of pink sweetpeas presented to the past matrons.

In greeting chapter members and friends Mrs. Phillips spoke beautifully of her association with chapter members and officers during the past five years, and pledged her whole-hearted loyalty to the 377 members during the coming year. In closing she paid a splendid tribute to the past matrons and patrons.

Miss Lyons, the retiring matron, was presented with a past matron's jewel by Harry L. Redd, and she responded most graciously. In turn, Miss Lyons presented a gift to Mr. Redd.

At this time Mrs. Phillips took the opportunity to express her appreciation to Miss Lyons for her work as installing officer, and presented her with a beautiful silver vanity.

Mrs. Phillips was the recipient of countless gifts, featured by a 1924 Willys-Knight coach, a gift from her husband, J. E. Phillips. She also received a wonderful ostrich feather fan from her sister, Mrs. Holladay and many other gifts and messages of congratulation.

Those who served as ushers were Arthur H. Dibbern, Sam Warren, Fred Deal, Fred Nicolaus, William Rattray and Riley Lyons. James Wyvell was in charge of the lights.

Threatens Brother's Life, Given 6 Months

Thomas W. Barrier of Los Angeles, who was arrested some time ago on a charge of disturbing the peace, was tried yesterday afternoon in police court before Judge F. H. Lowe.

The technical charge against him was threatening his brother's life. According to the witnesses, he had threatened to shoot his brother, George Barrier, as the result of family differences. It is said he admitted on the stand that he would have shot his brother had he not been prevented from doing so by his younger brother.

After hearing the evidence, Judge Lowe sentenced him to serve six months in the county jail, in default of $3000 peace bond.

Deputy District Attorney Clarke represented the state, with Attorney Charles Robert McCarty as advisory counsel in behalf of Barrier's ex-wife and the brother, George Barrier.

RAIL PLANS APPROVED

WASHINGTON, Dec. 15.—Reorganization plans of the Denver & Rio Grande Western railroad were approved by the Interstate Commerce commission. The road was authorized to assume certain stocks of the Rio Grande Junction company and of the Rio Grande and Southwestern railroad and to issue $29,808,000 of general mortgage bonds $16,445,600 of six per cent cumulative preferred capital stock and to assume liability for securities aggregating $85,-612,000.

Kiwanis Canvass Results Of 'Calling' Competition At Annual Club Banquet

At what was characterized by many of the members as one of the most notable meetings of the year, Glendale Kiwanis last night celebrated the close of the recent "calling" or "get-acquainted" contest, with a big dinner and program at the Glendale Tavern restaurant on South San Fernando road.

For the convenience of members during the drive, the club was divided into two divisions of four teams each—"Lightning and Thunder." But last night, after the final reports were in and the last figures had been considered from every conceivable kind of a percentage angle, Dr. Taylor, originator and chairman of the contest, announced that the "Thunder" side were the victors.

The count of calls made by both teams showed that approximately 15,000 visits had been made by the members. Twenty-six members of the Lightning side secured 100 per cent signatures, while 25 members of the Thunder side had 100 per cent.

Despite the fact that the Lightning side had more 100 per cent men than the Thunder side, the percentage of calls made and signatures secured, showed a total of 91 per cent for the Thunder division and 89 per cent for the Lightning division.

Reverses Science

It was pointed out that this small difference would have the distinction of reversing known scientific facts since everyone knows that Thunder always follows the Lightning.

A. L. Baird called attention to the Community Service Christmas tree and program to be given Christmas Eve on the High school grounds. Kiwanians were urged to be present and to assist in every way possible to assure the success of this event.

Secretary Don Webb told of the joint plans of the various service clubs in co-operation with the Chamber of Commerce for the entertainment of the Glendale Union High School football team, at a Turkey dinner to be served Thursday night, December 20, at 6:30 in the basement of the Christian church.

Dr. Anderson gave a report of the Christmas program carried out Friday evening for the boys at the Strickland Home. Each boy, and there are nearly fifty, was substantially remembered. In addition there was ice cream, candy, nuts, pop corn, cakes and everything that helps to engender the real Christmas spirit for the youngsters.

Thom Assumes Control

"Khan Tom" known to Glendalians as Cameron De Hart Thom, was given the gavel and acted as master of ceremonies for the evening. Under his masterful guidance and direction there was plenty of fun for everyone.

Featuring "Khan's" special program was a duet rendered by E. P. and Julian Hayward. The consensus of opinion, as voiced by "Khan," was to the effect that the judgment of the Orpheus Club of which they are members, was excellent.

Ray Bentley was then called upon to speak in behalf of the Lightning division while Dr. T. C. Young represented the Thunder side. Eact told of his experiences during the campaign and the great good that had been accomplished thereby.

W. R. Truitt made an interesting talk on the work of Kiwanis International, and explained many of the purposes and ideals of the club for the benefit of the newer members.

President's Report

President Furguson presented his report for the year just closing and from the things accomplished the success of Glendale Kiwanis in the year to come seems assured.

Secretary Don Webb and Miller Towman of the financial committee also made their yearly reports. The reports made indicated that the club was in splendid shape financially.

Next Friday's meeting will be given over entirely to the discussion of the proposed sewer bonds and the week following the annual election of club officers and directors will take place.

MOVIE STARS TO SEE STAGE PLAY

Screen Actors Will Witness Royal Players Present 'Smilin' Through'

Many movie celebrities will be in the audience tonight at the Tuesday Afternoon club auditorium, when "Smilin' Through" makes its debut in this city, states Charles E. Royal, manager of the Royal Stock company, that thus inaugurates its season in Glendale.

Mr. Royal has leased the auditorium-theatre for every Wednesday, Thursday, Friday and Saturday nights, with a Saturday matinee, and will present a season of the country's leading modern plays, including in addition to "Smilin' Through," such dramas as "East is West," "Pollyanna," "Peg O' My Heart" and others that have had long runs in New York.

"In addition, we will occasionally produce one of the old favorites that was dear to our fathers and mothers," says Mr. Royal. "And at all times we will run popular prices—50 cents, 75 cents and $1 for the evenings and 25 cents and 50 cents for the Saturday matinees.

"Coming as we do from a six years' highly successful continuous engagement in Vancouver, B. C., where we earned an enviable reputation for good, clean plays, we are confident we will succeed in winning the favor of Glendalians after tonight's opening performance.

"Miss Edythe Elliott alone, our clever little star, is enough to win anyone's heart in "Smilin' Through," where she has the role made famous by Jane Cowl. And Miss Elliott is just as clever in every play of her large repertoire."

Southern California

Favor "Blue Laws"

HUNTINGTON BEACH, Dec. 15.—The congregation of the Methodist Episcopal church here is in favor of Sunday "blue laws." This was indicated by a vote which favored closing all business enterprises, with the exception of drug stores, restaurants and similar places, on Sundays.

Only three votes were cast in favor of allowing Sunday dances to continue. Rev. W. A. Shammel scored boxing when he declared: "To say that physical education and the manly art of self-defense is taught the youths of the town at the boxing exhibitions or prize fights held here is not true. Blood is almost always drawn at the fights. We do not protect ourselves with our fists nowadays. It is the man with the gun and the mask we fear."

Card playing and dancing were soundly scored by the pastor also.

Meeting for Boys

SHERMAN, Dec. 15.—A meeting in the interest of boys of Sherman will be held in Pilgrim hall, Congregational church, next Tuesday night, when Fred L. Dye, secretary of the Hollywood Y. M. C. A., will be present to explain the aims, work and possibilities of the "Pioneer Group," a new organization among boys.

Other workers among boys are expected to be present to tell of their experiences in boys' work. A free supper will be served. Invitations are to be sent to boys and their fathers.

Storm Takes Life

SAN PEDRO, Dec. 15.—One death, as the result of the storm that raged off San Clemente island this week, has been reported by the navy mine sweeper Kingfisher, which returned with nine members of a rescue party who had been marooned on the island since Friday of last week.

The name of the victim was given as Anton Hanson, a fisherman, who was drowned when his boat overturned at West Cove Harbor.

Takes Own Life

SAN PEDRO, Dec. 15.—The arrival of Seattle relatives of Mrs. Dorothy McDonald, wife of a navai petty officer, was awaited here, following the young woman's suicide in a local hotel.

Few details of the woman's connections could be learned, police say, except that she is the daughter of a Seattle architect.

Burned Alive

FRESNO, Dec. 15.—The body of Louis Ocosovich, rancher, was found here in his room, charred beyond recognition. Authorities are conducting an investigation of the fire which resulted in the man's death.

Officials Selected

PASADENA, Dec. 15.—Prof. Franklin Thomas, vice-chairman of the board of city directors, and a prominent member of the faculty of the California Institute of Technology, was named president of the American Society of Engineers at its annual election in Los Angeles. Samuel B. Morris, superintendent and chief engineer of the municipal waterworks, was elected first vice-president.

Start Dry Crusade

LONG BEACH, Dec. 15.—The first gun in the crusade against bootleggers' activities during the Christmas holidays was fired in this section when deputies from the sheriff's office arrested fifteen men at Signal Hill and in the harbor district.

The men were booked at the county jail on charges of violating the Wright Act, vagrancy and suspicion.

Warns Against Fake Auto Service Clubs

A warning against the various unreliable organizations masquerading under the titles of "automobile" and "service" clubs is sounded by M. B. Towman, manager of the Glendale office, Automobile Club of Southern California, who calls attention to the fact that H. A. Roberts, president of the Golden State Auto Service club of Santa Barbara, is wanted by the police of that city on a charge of embezzlement.

It is stated by J. A. Burnell of the Burns detective agency that at least one man has served time at San Quentin for schemes of the "auto service club" variety, while a number of this type of get-rich-quick artists have run afoul of the law.

Russia for almost a hundred years has been the chief source of the world for the flax from which linen is made.

LA CANADA LAND VALUES ADVANCE

Many Factors Contribute to Interest Centered On Coming Section

La Canada, frequently referred to as "the miniature Yosemite," now occupies the spot light of real estate activity. Land values have advanced in some instances fully 100 per cent.

Several factors have contributed to this extreme activity, among them being the announcement of the commencement of active work on the new La Canada Country club, which it is stated, will rank among the world's finest, and represent several hundred thousand dollars; the reported extension of the electric car line to La Canada; the announcement that work on the new million dollar theatre on Michigan boulevard will soon be started; the many new homes ranging in price from $10,000 to much higher figures; the high class of street work and subdivision improvements embracing the widening of Michigan avenue to ninety feet; the installation of an elaborate ornamental lighting system in Salisbury Manor, the exclusive residential and La Canada business district.

These are but a few of the many activities which, within the past few weeks, have created a demand verging on a boom.

Beautiful Section

When it is considered that La Canada ranks as the most beautiful section of Southern California from the standpoint of scenic charm, together with its accessibility, being but thirty minutes from Los Angeles, ten minutes from Pasadena and twenty minutes from Hollywood, its superior advantages as a residential district are readily apparent.

The limited area set aside for a business district with its tributary population are features that appeal to the discerning investor and prospective home builder.

Last Thursday the members of the La Canada Women's club, comprising members from Flintridge, La Canada and surroundings, held a meeting at the La Canada school to discuss plans for the building of a club house. The meeting was addressed by Frank Haddock, the owner of Salisbury Manor and the La Canada business center.

Mr. Haddock donated a piece of property adjoining the school for the club house.

Plans are in course of preparation for a beautiful new church to be erected on the church property at the junction of Michigan avenue and Verdugo road and School street, opposite Salisbury Manor.

EAGER HEART IS CHRISTMAS PLAY

To Be Staged By Community Service Members; Has Mystery Theme

The city of Glendale is to be treated to a wonderful evening's entertainment in the new high school auditorium next Friday night, December 21, when the Glendale Community Service organization is to offer the Christmas mystery play, "Eager Heart," by A. M. Buckton. Through the generosity of the high school trustees, the program will be given free to the public. A silver offering will be taken for the Christmas fund.

The play is under the direction of Mrs. Geraldine Jacobi Russell, a graduate of the Emerson College of Boston. Her services are given gratis, as are those of all the participants. The story is one of the most beautiful applications of the Christmas spirit.

Eager Heart, a young peasant girl, hopes to entertain the Holy Family who is supposed to travel through the land on Christmas eve. She sets a table for them with very simple food, hoping they will stop at her humble home. However, she gives it to a beggar family instead and goes forth to seek Jesus. She meets Eager Sense, and Eager Fame, who vainly try to convince her that the Christ will come to the castle where there is merry making. Shepherds on the hills are also watching for the coming of Christ. Eager Heart meets three kings who are following the star in their search for the Christ child. This star finally stops over Eager Heart's dwelling where the beggar family are spending the night.

Throughout the play a choir in the background sings beautiful Christmas refrains.

The lighting effects, available in the new high school, make it possible to develop this as one of the most beautiful plays ever presented in the city.

CALLED TO TESTIFY

WASHINGTON, Dec. 15.—Subpoenas were issued for the ranking officers of the Chase Securities company, of New York, to appear before the senate committee on public lands to testify in the Teapot Dome oil lease to Sinclair interests. The Chase company, through Jesse Livermore, New York broker, handled the sale of stock in the Mammoth Oil company, a Sinclair subsidiary, which controls Teapot Dome.

MINOR OPERATION

Mrs. Mary Peebles, 126 North Cedar street, underwent an emergency minor surgical operation this morning at the Glendale Sanitarium and Hospital.

Shirley Mason In 'South Sea Love'

"South Sea Love," with Shirley Mason in the lead, shows at the Glendale theatre today only. The story was written for the screen by those master dramatists, Frederic and Fanny Hatton, and offers some very tense material. The love scenes are among the most beautiful and exotic that have ever reached the screen.

There are also on the boards of the Glendale theatre today five acts of standard Bert Levey coast-to-coast vaudeville, offering musical, comedy and variety numbers.

Starting tomorrow and running four days, "Six-Cylinder Love," with Ernest Truex in the lead, comes to the Glendale theatre. As a stage play, this was one of the most successful ever produced. The star is one of the cleverest on the American stage and in the films today.

Kissless Bride Has Amazing Adventure

"Ponjola," an amazing adventure of a kissless bride, who masquerades as a man for love, is the First National offering at the Gateway theatre today, certainly a picture sensation. In it beautiful Anna Q. Nilsson has made the supreme feminine sacrifice, sheared her lovely golden tresses so as to play the lead.

But don't be broken-hearted about her. She received $9500 extra for the sacrifice, which is something more than $1 per hair! That price was paid her by Sam E. Rork, producer of "Ponjola," which, as many know, is the famous Cynthia Stockley novel brought to the screen.

James Kirkwood, Tully Marshall and a lot of other well-known characters are in the production, which was directed by Donald Crisp. The locale of the story is the Rhodesian veldt.

MURDER INDICTMENTS

CATSKILL, N. Y., Dec. 15.—Mrs. Rose Rothenberg, mother of Howard Rothenberg, the Newark, N. J., boy who was strangled in Windham last summer; Mrs. Esther Litt, the boy's aunt, and Bartsall Branaugh, a Windham farmer and boarding house keeper, have been indicted for first degree murder in connection with the boy's death.

Milk and milk products on our farms in 1922 were valued at $2,-090,450,000.

WOMAN NOT GUILTY

DENVER, Dec. 15.—Mrs. Rose Maes, pretty young Spanish woman, has been acquitted of a charge of murder in criminal court here, following her plea of self-defense. Mrs. Maes shot and killed her husband in Denver several weeks ago, because, she declared, he tried to force her into a life of shame.

MEET REQUIREMENTS

PARIS, Dec. 15.—France considers that the German industrialists in the Ruhr and in the Reich (the German state) have fulfilled the requirements to allow restoration of normal relations between Paris and Berlin, it was announced at the foreign office.

A crust for pies was called "the coffin" in old English cook books

Accident in Family

Brings about this—"You name it?" My intended home, new stucco, 33x60, large pergola, 7 large rooms, 3 bedrooms, one has 2 closets, long 5-foot hall, basement, fireplace in 16x18 living room; two front entrances; ½-inch hardwood throughout, gum finish, artistic breakfast room, costly fixtures, large and beautiful bath; double tubs on large rear porch; inlaid linoleum; many other good features to the extent of about $6600, in the highest class restricted residential section; within walking distance to two car lines, where lots sell for at least $3000; three beautiful walnut trees on edge of property; it's all yours for less than cost, $8800; would like $3000 cash. If interested call Glen. 3427-J or Glen. 93-M, where arrangement is made to show the home. No agents. Consider close-in lot.

ONE ACRE IN GLENDALE

Ten minutes from Brand and Broadway. On concrete paved street; on car line; 3 blocks from school; stores close by; 3 room partly modern California house; 100 fruit trees, nearly all bearing; 100 grape vines variety of berries; chicken runs and houses for 1000 or more chickens; water piped over entire place; gas, electricity and telephones. Will give good terms if desired. Would consider part cash and part exchange on Glendale property. Address Post Office Box No. 302, Glendale, Calif.

"Beautiful Home"

Sacrifice furnished new 6-room modern home, 3 large bedrooms, hall, large living room, dining room, kitchen, nook, automatic water heater, all hardwood floors, every modern built-in feature, fine bath and shower, real fireplace; built for a home and built right; 2 blocks from Brand and 5 blocks from business section; $1500 underpriced for quick sale; $8400, furnished, $2400 cash, or will sell unfurnished. Home Realty, 123 South Central Ave., corner Ivy St.

$500 Down—5 Rooms

Another small home at a price within reach. 4 rooms, bath and sleeping porch. 3 blocks to P. E. bus and 4 to grade school. House finished in cream enamel; has water, lights and gas, all plumbing in. Price $4000.

ROBINSON HOME

W.C.T.U. PLANNING CHRISTMAS CHEER

Special Efforts Being Made To Brighten Holidays For Needy Ones

The Glendale W. C. T. U. members are actively engaged in planning for their Christmas activities and their energies have turned toward giving this year to those especially in need and to those to whom otherwise Christmas would mean a sad time, a time when Santa had apparently forgotten them.

They have already responded with a generous donation to the Old Ladies' Home in Highland Park, which will bring happiness and cheer to many a lonely heart of that institution.

The members of the W. C. T. U. are now asking for assistance from the generous people of Glendale in helping to gladden the hearts of the girls of the Frances E. Willard Home, and for the young sailor boys of the San Diego Home Center for Enlisted Men. Anything will be acceptable, even an odd dish, cup or vase, odd knives, forks, spoons, linen, clothes, fruit, nuts and home-made candy. Victrola records that are seemingly out of date and that are never played in the home are gratefully received, and bring loads of fun to the lonely sailor boys. Food of any kind, especially canned fruits, and candy are greatly appreciated.

Mrs. Edythe Glassey, chairman of the Christmas gift committee announces that all those having gifts which they cannot send to her at 460 West California street to please telephone her at Glendale 2656-W and some one will call for them.

WIFE OF AUTHOR SUICIDE VICTIM

Mrs. Rupert Hughes Dies In China, Husband Advised In Brief Message

LOS ANGELES, Dec. 15.—Mrs. Rupert Hughes, wife of the famous author and motion picture director, is dead today in Hail Pong, China, a suicide, according to a brief message to her husband here.

The message to Mr. Hughes, telling of his wife's tragic death, was signed by a Mr. Kirby of the Standard Oil company. No details of the cause of Mrs. Hughes' suicide were given in the cablegram.

However, Mrs. Hughes is believed to have ended her life while in a period of despondency, as she is known to have suffered from ill health and went to the Orient last August, following a major operation. She was accompanied on this trip by her nurse, Miss Ruth Renwick, who is now en route back to the United States.

"Everyone who knew her adored her, but no one so well as I knew how utterly adorable she was. No one else knew the battles she had with the storms of gloom that swept over her," said Mr. Hughes today. "I let her go to China because she felt she could regain her health and courage there. I thought she had regained them until the cablegram came announcing her death.

"It is the greatest agony that after a life of such close and devoted union she should die alone so far away."

Mrs. Hughes was 39 years old, having been born in Cleveland, Ohio, in 1884. Mr. and Mrs. Hughes were married in Jersey City in 1908.

SEWER ENDORSED BY LEGION POST

Councilman Davis Explains Contract to Veterans In Full Detail

Glendale Post, No. 127 of the American Legion went on record last night as being one hundred per cent strong in favor of the proposed sewer, and a committee was appointed to draft a resolution to this effect.

Councilman Sam Davis was an invited guest, and explained the sewer contract with the city of Los Angeles in detail. So many compliments were passed back and forth between the city officials and officers of the Legion that the affair had all appearances of a "petting" party, and when Councilman Davis made a gift of $5 to the post's charity fund, he was enthusiastically applauded by all Legionairres present.

Post Commander Dru W. Nicoles, first post commander of Glendale, occupied the chair at the request of Commander Day, and a real "old time" session ensued.

Business relative to the policy of the Legion for the coming year and the nomination of officers for the annual election to be held next Friday night occupied the attention of the post until midnight, so most of the entertainment provided had to be postponed. Time was found, however, for J. D. La Motte, of the city engineer's staff who favored the post with a solo and reading

The question of the location of the Clarence A. Wortham shows, which will appear in this city for nine days commencing February 4 under the auspices of the Legion, has not as yet been decided.

NEW BANK BUILDING OPENED

Security Trust & Savings Branch Is Host

This is a picture of the new $100,000 building of the Lankershim branch of the Security Trust & Savings bank which is being formally opened today.

As a sort of "curtain-raiser" to the approaching opening of the new building of the Glendale Branch of the Security Trust & Savings bank, the Security bank will hold a formal opening this afternoon and evening of the new building it has just completed for its Lankershim branch. The whole San Fernando valley, including its largest city, Glendale, has been invited to attend the house-warming.

As a souvenir of the occasion the bank's publicity department has prepared an attractively printed and highly illustrated history of the San Fernando valley, a copy of which, together with a map of the valley, will be given to all who attend the reception. The booklet which appears under the engaging title of "A Daughter of the Snows," tells the story of this region from long before the time Governor Pio Pico sold the 140,000 acres of the San Fernando valley to Eulogio deCelis for $14,000. It contains scores of very rare and historically valuable pictures, including some very fine photographs of Governor Pico, General Andres Pico, deCelis, Isaac Lankershim, who bought the south half of the valley in 1869 for three dollars an acre, and Senator Charles Maclay who bought the north half three years later for an even less amount.

The new building of the Lankershim Security branch, aside from building now under course of construction for the Glendale branch, is the finest banking structure in the valley. It represents an investment of $100,000 and is the outstanding edifice on Lankershim boulevard. Built of a special red brick faced with a light blue terracotta it presents a very handsome appearance. It is two stories high and has 12 large offices on the second floor.

The Lankershim branch of the Security bank was organized by Harry Chandler, H. J. Whitley, Gen. M. H. Sherman and Fred Weddington in 1910 as the Bank of Lankershim and was the first bank in the south half of the valley as opened up for settlement at that time. At the head of the receiving line today will be Mr. Weddington, now Security vice-president and resident of the San Fernando valley since the days when jack-rabbit drives had to be held as a means of self-preservation.

GANTVOORT SINGS FOR MUSIC CLUB

Baritone Wins Audience With Well Balanced Program In Third Concert

A large and appreciative audience greeted Carl Gantvoort, the well-known opera and concert baritone, at his third appearance before a Glendale audience, last night at the Tuesday Afternoon clubhouse auditorium, when the Glendale Music club presented him as the artist of their third concert of the season.

The program was well balanced and calculated to please the trained musician or the less critical. Mr. Gantvoort was most generous in responding to the evident appreciation of his audience with several encores.

Following the very evident enjoyment of "Le Vent" (The Wind) by Rene, Mr. Gantvoort responded with "Only a Rose," and a highly amusing number, "Tomorrow Is Friday and We Have No Fish." By request Mr. Gantvoort sang "Golden Crowns," a negro spiritual, followed by another spiritual, "Going Home."

The cycle "Songs From Eliland Clyde" (Von Felitz), the story of the monk's love and despair, was very beautiful and received very sympathetic treatment by Mr. Gantvoort. As an encore the artist gave "The Prologue" from "Pagliacci."

At the close of the program, following the Homer Grunn Indian songs, Mr. Gantvoort gave the ever-popular "The Two Grenadiers" (Schumann).

Maestro William Tyroler gave a splendid support and a very sympathetic understanding to Mr. Gantvoort.

Tells Club Plans

Mrs. Mattison B. Jones, president of the Glendale Music club, in introducing the artist, said they were doubly glad to have Mr. Gantvoort, who had appeared before the club on two other occasions.

Mrs. Jones also announced that the Christmas tickets would be on sale at a number of the stores next week with members of the club in charge of the sale.

She stated that there would be no meeting of the juvenile section during the holiday season.

The artist section will meet with Mr. and Mrs. Charles B. Guthrie next Friday. It is to be a Schumann program.

Mrs. Jones also announced that the oratorio section would join the choral society for the Christmas program at the high school grounds.

BURBANK

PAGEANT VIEWED BY LARGE CROWD

Costume Entertainment By School Children Is Great Success

A cordial reception was accorded the costume entertainment given last night in the auditorium of the Thomas A. Edison school, by 200 pupils of that institution.

Lighting effects and music vied with the costumes in bids for favor with the large audience of parents and friends present, and great praise was expressed for the teachers, in the efficient way they had drilled the children in preparation for the event.

Following is the program in the order presented:

Orchestra.
Songs—Boys' Chorus.
Act I. What the Snowflakes Told.
The Coming of Winter.
Snow-balling.
Dance by Eileen Cook.
Boy's Glee Club.
Act II. The First Christmas.
Beneath the Christmas Star.
Christmas Eve.
Hanging the Christmas Stockings.
The Night Before Christmas.
Filling the Christmas Stockings
Orchestra.
Act III. Christmas March.
Dance by Marguerite Park.
A Merrie, Merrie Christmas.
Orchestra.

To Move Exchange

Removal of the Pacific Telephone & Telegraph's company Burbank office to the new building at 162 Orange Grove avenue will be accomplished tomorrow night, Sunday, December 16, according to Fred Deal, of Glendale, district manager.

"When Monday morning dawns, better and more direct connection with Los Angeles will be had," says Mr. Deal, "something Burbank has longed for and that we have striven to give her. We are moving no old equipment, as it is all out of date. Everything in the exchange will be new, with the result that the same staff can handle twice as much work with no more effort, which, with the two additional girls we will install should end Burbank's phone troubles."

Coming Events

On Wednesday night, December 19, the Burbank "coppers" will hold their benefit dance at the Palais Majestic, proceeds to furnish a Christmas fund for the city's poor.

At 3 o'clock Sunday afternoon, December 23, the Burbank Municipal band will give a public concert at the Thomas A. Edison school.

And 7:30 o'clock on Christmas eve, December 24, there will be a community Christmas tree celebration on Olive avenue, opposite the City Hall, sponsored by the local Kiwanis club.

RECOVER JEWELRY

LOS ANGELES, Dec. 15.—Jewelry valued at $1,900 was taken from a cache on Southern Pacific train No. 109 near Bakersfield by four Los Angeles officers, according to reports received here. The jewelry was identified as part of a haul secured on December 2, when bandits robbed the Mylo Jewelry store in West Ninth street here and carried away a 900-pound safe.

BURNED TO DEATH

SAN ANTONIO, Texas, Dec. 15.—Lieutenant Earle D. Willis, of Kelly field, and Private De Ainand were burned to death when the plane in which they were flying near Kelly field crashed late yesterday. The cause of the accident is unknown. Willis' home is in Steamboat Rock, Iowa, and Private De Ainand's home is in Akron, Ohio.

MONTH'S PERMITS EXCEED $400,000

Grand Total For 1923 Near $10,000,000 Mark; Goal Now In Sight

Building permits for December passed the $400,000 mark yesterday, when the day's business at the office of the municipal building superintendent brought the total to $410,694.

The grand total for 1923 is steadily advancing toward the ten million dollar goal, standing at $9,632,853 last night.

The following permits were issued yesterday:

W. E. Yeo, 18-room apartment court and garage, 558 Magnolia	$8,500
George P. Hotchkiss, 6 rooms and garage, 1460 North Pacific	4,000
Roger J. Tighe, 5 rooms and garage, 1315 Thompson	3,500
Helen B. Hoyt, 5 rooms and garage, 1133 Green	3,500
W. F. Yeo, 3 apartments, 560 West Magnolia	1,500
D. C. Dunbar, 3 rooms, 1128 Alameda	1,000
D. C. Dunbar, 3 rooms, 1124 Alameda	1,000
G. Edwin Murphy, addition, 328 North Orange	675
Mrs. Carrie W. Zimmerman, 1028 South San Fernando road	200
Charles Pennebaker, garage 1141 Irving	150

MARGARET M. OGLE

The funeral of Mrs. Margaret M. Ogle, who passed away at the home of her daughter, Mrs. Harry Blumenthal, 722 North Central avenue, December 12, 1923, will be held Monday, December 17, 1923, at 2:00 p. m., at the Little Church of the Flowers, Forest Lawn

Interment will be in the vault. Kiefer and Eyerick are in charge.

AUTOMOBILE SECTION

PART TWO — GLENDALE, LOS ANGELES COUNTY, CALIFORNIA, SATURDAY, DECEMBER 15, 1923 — PAGES 1 TO 8

AUTO MAKES IDEAL CHRISTMAS PRESENT

SPEED LIMIT LAW CLEAR, IS CLAIM

Auto Club Official Explains Fallacy in Conception Of Motor Statute

Motorists who harbor the idea that the new state motor vehicle act does not explicitly limit the speed at which cars may travel on the highways are sadly in error, the legal department of the Automobile Club of Southern California maintains. M. B. Towman, manager of the Glendale office of the club, has just received an opinion by the club's legal bureau on this point.

The automobile club legal experts, Mr. Towman points out, are of the opinion that the new state motor vehicle act is more far-reaching than the old law, and that the notion that it does not regulate speed is a fallacy.

Statute Is Explicit

"According to the auto club legal authorities," says Mr. Towman, "the law provides that a car be driven at a careful and prudent speed, not greater than is reasonable and proper, having due regard to the traffic, surface and width of the highway, and no person shall drive any vehicle on a public highway at such a speed as to endanger the life, limb or property of any person. This means that while the old law set an arbitrary limit regardless of danger, the new law makes it an offense to endanger life, limb or property, whether the speed is greater or less than the limits mentioned in the old law. Care should be exercised anywhere and everywhere to keep within the law."

Familiarity with the laws relating to stopping behind street cars

One Auto For Every 4.3 Persons In Iowa

DES MOINES, Ia., Dec. 15.—Iowa, with the largest number of automobiles per capita in the United States, is increasing its lead, according to figures announced by the registration department of the secretary of State's office here.

Motor vehicles registered this month totaled 573,000, and it is estimated that at least 575,000 motor vehicles will be registered before the end of the yar. The 1920 census showed the state with a population of 2,400,000 and, allowing the present population to be 2,500,000, gives Iowa a ratio of one automobile for every 4.3 persons.

Restoration of Lost Auto Signs Advocated

"When you find a lost license plate while driving along the highway, please return it to the nearest branch of the Automobile Club of Southern California," is a request that is made of motorists in an effort to save expense where plates have been lost. The automobile club will be glad to take charge of these lost plates and notify the owners, without charge. The records show that hundreds of license plates work loose and are lost unknown to the driver, and it is expected that this new service will be welcomed by all operators of motor vehicles.

You may contrive to lick your enemy, but you must be bigger than he is to love him.

DEVISE WAY OF PAVING HIGHWAY

Improvement of Arrowhead Is Topic at Conferences Of State Officers

New interest was stimulated recently in the completion of the Arrowhead trail, Southern California's most direct route to Salt Lake City, by conferences of Governor Charles R. Mabey of Utah and Preston Peterson, chief engineer of the Utah Highway Commission, with representative citizens and organizations of Southern California. These conferences were arranged to devise a plan whereby Utah will be enabled to pave this southern artery through sparsely settled Washington county to the state line, a distance of some thirty miles.

Sentiment in Utah, Arizona, Nevada and California strongly favors this highway being brought to a high state of perfection. It is approximately 853 miles in length and taps the richest agricultural section of Utah. In addition to its economic value, the route is the only one leading to the magnificent scenery unfolded in Bryce canyon, Cedar Breaks, Zion National park and the north rim of the Grand canyon.

Follows Pioneer Trail

It is freely predicted that Southern California motorists will find the Arrowhead trail a favorite trip in the future as it leads to the whole panorama of Utah's scenic glory.

The highway is improved for more than 300 miles south of Salt lake. It follows the trail of the pioneer Mormon settlers, passing through Fillmore, the first capital of Utah, some 125 miles south of

(Continued on page 4)

SLASH AUTO TAX, TO BE DEMAND

Congress Will Be Asked to Halt Collection of Unfair Payments

The 13,000,000 automobile owners of the United States who have submitted in the past to the payment of a war tax of 5 per cent on passenger cars, tires, accessories and parts and 3 per cent on motor trucks, together with the many thousands of motorcycle owners who have paid a similar tax, will make a demand for the removal of this war tax of the next congress, according to the American Automobile Association, which has launched an active campaign against the continuation of what the association terms an unfair tax upon a necessary means of individual transportation.

The reasons assigned for the demand of the American Automobile Association on behalf of the motorists of the nation are that the tax on motor vehicles, tires, accessories and parts is and has been discriminatory and that whatever merit there might have been in the argument that such a tax was necessary as a revenue-producing measure for war purposes has been destroyed by the recent statement of Secretary Mellon of the United States treasury to the effect that there will be a surplus between $200,000,000 and $300,000,000.

Pay Greater Share

The American Automobile Association further points to the recent statement of Secretary Wallace of the United States Department of Agriculture before the Investment Bankers' Association of America to the effect that "The

(Continued on page 4)

Amount of Holly to Be Taken Is Limited by U. S.

Only limited quantities of holly may be gatehered under the rules an dregulations of the Forestry Department, and in all cases permits are necessary, according to advice by the touring bureau of the Automobile Club of Southern California.

Many inquiries are coming to the club relative to where this favorite christmas decoration may be obed. The supply is good this year, is the report of the Forestry Department, but where it is gathered on private lands, the consent of the owner must be obtained.

Everyone gathering the holly is urged to protect this shrub as far as possible in order that supplies may be conserved for future years.

White Emblem Urged for "All's Well" Sign

A suggestion for an "all's well" sign in case of wreck or breakdown on the highway is made to motorists through the Automobile Club of Southern California. It is, in effect, that the motorist forced to stop on the highway for repairs or because of accident display a white rag or handkerchief to indicate to passing drivers that no one is injured and no help is needed.

Many drivers feel the urge to be of assistance when a wrecked machine is encountered, and frequently there is a congestion of the highways due to this worthy sentiment. Hence, congestion could be relieved in the vicinity of the wreck by the simple expedient of raising a white emblem indicating that aid is not desired.

IMPORTANT POINTS

Good judgment, cautiousness and alertness are the three important points of good driving.

CAR FAMILY NECESSITY, BUSINESS ASSET, ALSO SAFEGUARD TO HEALTH

Glendale Dealers Play Prominent Part in Upbuilding City; They Will Aid You to Get Auto for Happy Holiday

BY RALPH A. LYND
Of The Evening News Staff.

A review of the automobile industry during the past five years, since the close of the World War turned the highly specialized and developed energies that had been concentrated on war work to seeking new outlets through purely commercial channels, shows that the talents of engineers and designers, the mechanical facilities of huge factories, and the financial resources of the country have been directed along lines that have completely revolutionized the manufacture of motor cars and have placed what was, up till that time, more or less of a luxury for the rich or the well-to-do within the reach of the man of moderate means.

The competition during that period has been keen. Many of the weaker firms have been forced to drop out of the race for supremacy, a race that has been a strenuous one. But the firms that have survived, that have won their right to a place in the procession of the important automobile manufacturers, are delivering to their customers a bigger dollar-for-dollar value today than was ever known before in the history of the industry, besides furnishing modern transportation at a cost never before dreamed of.

Efficient Service

Individual preference has much to do with the selection of a car. What appeals to one prospective buyer will leave another cold. But any buyer of an automobile knows that the car he buys today will, with ordinary care and attention, deliver service far beyond the dollars and cents value of the mere machine itself, irrespective of what direction his choice may lead him in. The automobile manufacturer of today knows that he must put real merit into his product if he is to maintain his place in the procession, and the fierce rivalry that exists calls for honesty of construction as the prime requisite in any automobile.

To the residents of California the low cost of automobiles has been an inestimable boon. With miles upon miles of smooth boulevards leading to the hills and the sea, the man of moderate means has at his command the playgrounds of this western wonderland, where he and his family can disport themselves at every season of the year, and at an outlay that is absurdly low in proportion to the benefits he receives from the relaxation he enjoys.

As the Christmas season approaches the question of appropri-

Car Family Necessity, Also Business Asset

(Contiued from page 1)

ate gifts becomes a real problem in many households. The finances available for Christmas gifts must, of necessity, govern the giving, but here again the automotive industry and its allied branches offer the widest possible field for the selection of presents that are not only beautiful but useful. The gift of an automobile will gladden the hearts of many Californians this coming holiday season, while for those who already possess cars there is the endless and bewildering variety to be found in the accessory shops, where everything that goes to dress up an automobile may be bought at a price within the buyer's reach and that will, he knows, meet with the approval of the recipient.

In another respect Californians are especially fortunate at this season. As winter lays its grip on the cities in less favored climes, the sale of automobiles shows a downward curve. But the factories are still turning out the cars in undiminisheid quantity, and an outlet must be found for them somewhere. What more appropriate region than this, where motoring is possible the year round? As a result, deliveries of automobiles to the California distributors reach a volume that is hard to obtain when the dealers in other parts of the country are clamoring for their quotas, and, as a result, Christmas sees a full supply of practically every model of most makes of cars available for immediate delivery, and this helps materially in the solution of the Christmas gift problem for those whose desires are centered on the pleasure vehicles that make life in California so well worth living.

The automobile dealers of Glendale have done a great part in the upbuilding of this city, as already stated by The Glendale Evening News. They have large sums invested here. They have erected or have caused to be erected very creditable buildings. They have large weekly payrolls. They are a big part of the city's business life. And they are more than willing to make this a merry Christmas for Glendale people. The choice of cars is wide. The prices leave room for all to pick. And, finally, the auto is no longer a luxury—it is a business and family necessity.

HYDRAULIC 4 Wheel Brakes

Another Step in Chalmers Progress

The distinct advances of the improved Chalmers Six in performing and riding qualities are now especially emphasized by the adoption of Lockheed type hydraulic four-wheel brakes.

The hydraulic principle sweeps the chassis clean of all toggles, rods and linkages.

There is nothing to rattle, chatter or "freeze up." And most important of all—Chalmers Hydraulic four-wheel brakes require no lubrication whatever, at any time.

Here again is strong evidence of the Chalmers policy—to leave nothing undone that will increase motoring satisfaction for its rapidly growing clientele.

GLENDALE MOTOR CAR CO.

124 West Colorado. Glen. 2430

The Improved

CHALMERS SIX

With Hydraulic — Four Wheel Brakes

Chalmers Hydraulic Four-Wheel Brakes equalize automatically on all four wheels—are positive in action, equally positive in release—require no lubrication—need practically no adjustments—never rattle or chatter—require no extra effort to operate—increase riding and driving comfort and safety.

Optional Equipment—$75 extra

OCTOBER OUTPUT RIVALS RECORDS

Cadillac Production Stands Third Highest Month In Firm's History

October, the second largest October and the third largest month of Cadillac history, is the report received by W. H. "Bill" Court, of the Court Motor Co., 235 South Brand boulevard, local agent.

"October production in the Cadillac factory has been exceeded only in April of this year and in October, 1919," states Mr. Court.

"The construction program for the new foundries is being developed as rapidly as posible," he continued. Work is progressing on all units of the plant, which, when completed, will cover acres of ground.

"With the gradual increase of machinery equipment, provisions for electrical power which were believed ample at the time of building the factory two years ago have already proved inadequate, and additional switches and transformers are now being installed to carry the additional load of current.

"With many improvements which have been incorporated in the V-63, there is the continuous call for advance in manufacturing economy; and during the past year the completion of the salvage building and introduction of many minor changes in methods in the manufacturing building have recorded notable progress in this direction."

TRAINS WORKMEN VERY CAREFULLY

Willys-Overland Factory Is Giving Men Chance to Study Thoroughly

"Continually striving to better equip men and factory for turning out the best motor cars possible, the Willys-Overland Company of Toledo, Ohio, has started mathematics and trigonometry classes for foremen in addition to the workers under them," says Geo. T. Smith, of Smith-Sloan, Inc., 228 South Brand boulevard, Overland and Willys-Knight dealers.

"Instruction is given the men nder the direction of a training department supervisor, who submits practical problems and solutions as they are found and should be worked out in the factory. The classes meet weekly."

The Willy-Overland factory is turning out this season the best cars in its history and they are meeting with a hearty demand from an increasing clientile, says Mr. Smith. Large sales the past few months have been indicative of the popularity of the new Overlands and Willys-Knights, he says.

FORD AGENCY TO SHOW FULL LINE

Ford Week to Be Observed By Jesse E. Smith Co. December 16 to 22

Ford Display Week, that is being featured all over the country from December 16 to 22, will be observed by Jesse E. Smith Co., 115 West Colorado street, local distributors, with a showing of the entire line of Ford models, down to and including the latest output of the factory, the new Tudor Sedan.

In addition to the cars, a Ford engine, cut in half to show the workings of the power plant that drives the cars, will be on display and will be explained by experts of the sales force to everyone who attends the week's exposition.

The invitation that has been extended by the firm to everyone in Glendale, also includes the children, and every child that visits the Smith establishment during the display week, will receive a bank, with a shiny new penny, as a nest egg toward the start of a Ford Weekly Purchase plan reserve.

The low prices at which the Ford cars are selling now, together with the wide variety of models, will, it is claimed, tend materially to stimulate Ford business during next week.

A prize will be given to the child who holds the lucky number which will be drawn from the box on Saturday night. The prize will consist of one capital prize, the nature of which has yet to be determined, and a miniature tractor and trailer.

Large edible snails eat the leaves of the poisonous foxglove without harm, but when the snails are eaten, poisoning occurs to the eater.

BUICK IS GIVEN CHOICE OF SPACE

Place at Eastern Shows Is Awarded on Basis of Business Volume

The award of first choice of space in the New York and Chicago automobile shows for 1924, which is made on the volume of business done during the previous year, has gone to Buick for the sixth consecutive year, according to information reaching the local distributors, Tanner & Hall, 237 South Brand boulevard, and is regarded not only by this firm but by every unit of the nation-wide Buick organization as the most striking tribute to the growth of the Buick business that could be tendered.

"There is no clearer testimony to Buick's position in the motor industry than the fact that this honor has come to it again," declares Ray L. Galvin, sales manager for Tannerf & Hall. "The winning of this space by Buick year after year is an indication that more and more motorists are becoming familiar with the fact that Buick builds into its products those qualities that mean one hundred per cent satisfaction in a car. This series of Buick victories shows forcibly that Buick sales are increasing from year to year and that more motorists are recognizing Buick's claim to be the standard of comparison."

California motorists had an opportunity, at the recent Los Angeles show, to inspect the Buick line well in advance of the bigger cities.

OLDSMOBILE 'SIX' HAS REAL SPEED

'Cannonball' Baker Puts Car Through Its Stuff at Beverly Hills

Right on the heels of the startling achievement of driving the first automobile across the continent with only high gear, "Cannonball" Baker has established another new automobile record.

Using the same Oldsmobile "Six" that he had driven from New York to Los Angeles in "high," Baker, two days after his arrival in the California city, took it to the Beverly Hills speedway and made some remarkable speed demonstrations.

In the presence of "Jimmy" Murphy, speed king of the world, and Lew Wilson, both internationally known "AAA" drivers, Baker put his Oldsmobile "Six" around the bowl at the rate of sixty-eight miles per hour, a brand new record for a stock car in the six-cylinder, 169-cubic inch displacement class.

Motorcycle Officers John Morton, of Santa Monica, and J. G. Clarke of Los Angeles, trailed Baker's Oldsmobile "Six" around the board track and checked the speed as sixty-eight miles per hour, exactly the same as checked by the stop watches of Cruse Carriel, of the "Los Angeles Herald," Murphy and Wilson.

This speed test was staged by Baker to prove that the Oldsmobile "iSx" after travelling 3,674 miles in "high," was capable of showing tremendous speed as well as excellent performance in hill climbing and economy.

Pacific Coast authorities were loud in their praise of the Oldsmobile "iSx" and admitted that Beverly Hills demonstration upset all their former ideas of the capability of high efficiency, small displacement engines. Following the exhibition, the back of the car was jacked up and inspected by Murphy, Wilson and newspapermen, who certified that standard gear ratio and stock parts only were used. The witnesses also testified that the car had not been changed mechanically since its arrival after the high gear run from coast-to-coast.

Closed models of this remarkable six are now being shown at C. H. Hunter's Olds Agency, 208-210 West Broadway.

CHEVROLET GOOD CHRISTMAS GIFT

Shoppers Select This Car As One of Beauty and Merit, Says Agent

The Cheverolet for the family Christmas gift is having a strong appeal to many shoppers this season, says C. L. Smith, local Chevrolet dealer, corner Orange and Colorado streets.

"Because of the recognition of the Chevrolet as a car of high merit, combining beauty of design with the latest in mechanical equipment," Mr. Smith states, "the Chevrolet is coming to the front as never before, and the steadily increasing sales point to the fact that the car has come into its own."

Havig prevailed upon the factory to make an extra effort in speeding deliveries in time for the Christmas season, Mr. Smith says he is now able to make deliveries, not only for the holidays but right along. This fact alone—that cars are available for immediate delivery, he says, is helping immensely in deciding many to buy a Chevrolet for Christmas.

Mr. Smith invites the prospective auto buyer to drop in and look over the fine models now on display in his sales room.

GIVES COOLIDGE BRACE OF BEARS

'Idaho Bill' Pearson Conveys Animals to Washington In Dodge Auto

R. B. Pearson, "Colonel Idaho Bill," rolled into the White House grounds a week ago to present President Coolidge with a brace of wild bears. He had them with him outside in a Dodge Brothers screen side car. News of the gift to the president has just reached R. E. Corrigan, West Colorado street, Dodge agents.

"Colonel Bill" has long made his home in the west, moving further and further into the wilds as settlement has forced him from his preserves. He now lives down in the mountains of Mexico, where he captured the bears that he gave to the president.

President Coolidge enjoyed the presentation ceremony immensely. Known as a man who seldom smiles, he enjoyed the antics of the bears with all of the enthusiasm of a school boy.

There is no doubt about the bears being wild. They carry numerous marks of combat with horses and cattle in the wilds of Mexico. Their spirit has in no way been subdued by their motor trip across country. They will be turned over to the National Zoological Park.

The Dodge Brothers car used in delivering the bears made 4,000 miles on this particular trip from Mexico, and has made a total of over 100,000 miles in exploration and hunting trips undertaken by the Colonel. And these trips have been in the wildest and roughest parts of the United States and Mexico.

FIRM RECHARGES RADIO BATTERIES

E. W. Cizek Auto Electric Co. Develops New Branch Of Industry

Radio battery work, one of the most important factors in the development of this scientific marvel, is receiving the attention of the experts employed in the E. W. Cizek Auto-Electric Co., southeast corner of Colorado street and South Brand boulevard, where the Willard radio batteries, both A. and B. styles, are recharged to any required voltage.

The A type of Willard radio battery has always been rechargeable, and the B type is now rechargeable also, and this advance has made it possible for most of the big sending stations in the country to dispense with the motor generators and use the Willard batteries, thus eliminating that "frying" noise that was such an impediment to the full enjoyment of radio.

"It is a significant fact" says Henry M. Kuhn, one of the firm's members, "that the radio battery output of the Willard plant exceeds the starting and lighting production, although Willard furnishes approximately 85 per cent of the cars made in this country with their starting and lighting systems.

The firm, however, is still rendering an immense amount of battery service to local motorists, in spite of the rapid growth of the radio branch of its business.

WOULD BAR FREE DRUG TREATMENT

Victims Too Poor to Pay on Entrance Must Agree to Make It Up Later

KANSAS CITY, Dec. 15.—Drug addicts must not be encouraged that charity will offer them a cure at any time; they should be made to know that all must at some time pay for this treatment, but the sincere penniless should not be turned away from the door.

This is the spirit which leaders in the movement to establish a drug sanitarium have adopted as the foundation of their campaign.

A "charity cure," they believe, would only encourage the drug victims to believe they could be cured at any time, and, in the knowledge of this, they might, after once being cured, fall back into their old habits, again to be cured gratis whenever they felt so inclined.

Won't Spurn Poor

But the penniless sufferer and victim of dope will be welcomed with open arms, although he must agree to pay for his treatment at some future time when he will be returned to respectable society.

Women welfare workers who are leading the movement propose that each victim, unable to pay for his treatment upon entering, must sign a promissory note to pay when he is able.

All patients at the proposed sanitarium will be treated alike. Nurses and other attendants will have no knowledge of the patients' financial status, and every worker in each department would be under orders to accord equality in treatment or be subject to discharge.

"While there must be no charity patients, no one should be turned away," declared Mrs. Rose M. Ohaus, secretary of the Welfare Board, in discussing the movement.

Individual Care

Individual treatment will be given each patient, Mrs. Ohaus explained, each case having its separate diagnosis.

Entertainments will be provided for the drug patients, she said. Among the most essential amusements and diversions for those patients who must have isolation after the first few days of treatment, moving pictures and reading rooms will be provided. Tennis grounds and other outdoor sports may be provided also, she said.

"The cure at the sanitarium would go far beyond the mere treatment for narcotic addition," she continued. "Attention would be given to building up the general health of the patient, giving dental treatment and any other special treatment needed."

Madera County Would Give Veterans Site

SACRAMENTO, Dec. 15.—Madera county is to the front with an offer of 560 acres of land, seven miles north of here, as a site for the Veterans' Land Settlement colony, for which part of the $10,000,000 bond issue voted at the November election, will be available.

Sam B. Hern, Madera county American Legion chief; W. C. Rhodes, county auditor; former Assemblymen J. M. Griffin and Guy Nindrem had a conference with Governor Richardson and George Stout, secretary of the Veterans' Welfare League, in which they urged acceptance of the proposal.

The land is said to be level, fertile and favorably located for irrigation.

Engineer Bans Signs From State Highways

PHOENIX, Dec. 15.—Placing the ban on all advertising signs along the highways under his jurisdiction, E. S. Wheeler, district engineer of the bureau of public roads, has ordered the immediate removal of a number of such signs which grace or disgrace the forest roads in this state. Authority for this order is contained in federal statutes governing forest reservations, according to Wheeler, who is determined to see that only signs placed by highway organizations or automobile clubs shall remain. The no-advertising sign campaign will be made to cover all state roads as well if Wheeler is successful in securing the passage of a uniform state law on the subject.

NEW FOOT REST

A cylindrical case to hold anti-skid chains forms a new automobile foot rest.

Amount realized from a sale of articles from New York's dead letter office recently was over $30,000.

PRISONERS PAID FOR ROAD LABOR

Receive Earnings at End of Sentence to Give New Start in Life

SACRAMENTO, Dec. 15. Honro prisoners from state penitentiaries employed on state highway construction are making about sixty cents a day net wages under the law enacted under the 1922 Legislature, which authorizes compensation at a rate not to exceed $2.50 per day, according to the first report submitted to R. M. Morton, state highway engineer.

In the report it is set forth that the state is allowing the convicts $2.10 per diem instead of the $2.50 maximum. The sixty cents remains for the men after paying for subsistence, clothing and cost of maintaining guards and camps.

"Under the law," commented Morton, "each convict is permitted to earn not to exceed seventy-five cents per day net. He also is allowed one day off his sentence for every two days spent in highway work.

"If the prisoner has dependents receiving state aid, two-thirds of the amount earned must be turned over to them. If the dependents are not wards of the state, the prisoner may designate the dependent or dependents to receive not more than two-thirds of his earnings.

"Upon release or parole, the balance is paid him in amounts not to exceed $50 monthly. If freed, the whole amount is paid to give him a new start in life."

TO DEVELOP COTTON

Steps are being taken in England to establish a permanent British organization for developing cotton-growing within the empire.

It doesn't matter much

Nash Business Coupe Is Product of Wide Demand

The new Nash business coupe, in production now for the past six weeks, has struck a responsive chord, according to reports received by the Nash Motors Co., from distributors and dealers in practically all sections of the country.

"It is quite apparent that the public was eager for an enclosed four-cylinder car of this type," said Donald H. Barbee, sales manager of the Nash Sales Co., Inc., 112 South Maryland street, local agents. "The new Nash business coups was built by request of our dealer organization, which for some time past had encountered a demand for a good looking, economical closed car of short turning radius. In responding to the country-wide demand, the factory produced a car which, from every standpoint of comfort and appearance, eclipsed even the expectations of the Nash dealer organization."

Relief From Unfair Taxes to Be Sought

(Contiued from page 1)

automobile revenues of the government for the last fiscal year ended June 30, 1923, were, in round numbers, $146,000,000 and the withdrawals from the treasury for federal and highway purposes were approximately $72,000,000, which indicates clearly that the owners and operators of motor vehicles on our highways are bearing more than double the entire federal expenditure for roads."

Secretary Wallace also stated that up to and including the fiscal year ending June 30, '23, the federal government collected $589,012,021 in excise taxes on motor vehicles, tires, accessories, parts, etc., while during the same period expenditures of the federal government on account of federal aid highway and forest road construction, together with all administrative outlays, amounted to but $264,782,216, or 45 per cent of the amount collected directly as taxes from the users of the roads.

The American Automobile Association also points out that in addition to the war excise tax placed on the products of the automotive industry which the motorist pays directly, the motorist pays more than his fair share of state, county, township and city taxes of many various kinds, with new taxes constantly being added to his burden.

Need For Money

Heretofore, said an official of the A. A. A., motorists of the country have been quiescent in their demand for the repeal of this war tax as they realized the government must raise money to take care of the expenses incurred by the war even though they paid a discriminatory tax. The legislative board of the A. A. A. made an urgent demand of the last congress for relief. The committee was frankly told by the law makers in the last congress that the tax was admittedly discriminatory, but the revenues produced were so large the government could not at that time afford to relinquish them, although the excise tax on other products was either removed or reduced. The committee was told automotive products were next in line for relief. With the surplus existing the A. A. A. believes that the tax can be removed without creating the danger of a deficit.

Work Out Plan for Improving Arrowhead

(Contiued from page 1)

Salt lake. This is the largest city in the famous Pahvant valley, and among its points of interest is the first capitol building of Utah, then the state of Deseret, erected some seventy-one years ago.

The plan of making the Arrowhead trail a continuous improved highway and shortening the distance between Southern California and Salt lake has been in the process of development for several years. It is proposed to change the old route and cut off some ninety miles by building the road from Las Vegas, Nev., to Barstow, Calif.

An additional ten miles can be eliminated in the Utah link of the highway. With the exception of a short strip in Utah and the link from Barstow north to the Nevada line, the trail is continuous and well improved.

Officials of the Automobile Club of Southern California, who conferred with Governor Mabey, believe that some means can be found for completing the road. It is thought that the plans submitted at Washington to broaden the scope of the Public Roads Bureau so that it will have power to extend 100 per cent federal aid in construction work in sparsely settled communities will be adopted by the administration. This amendment to the present federal bill would be a tremendous aid in completing the Arrowhead trail.

Remove Cereals From Two Children's Heads

WASHINGTON, C. H., Ohio, Dec. 15.—Operations for removal of cereal grains from the heads of two children were performed in a hospital here on the same day.

Surgeons took from the nose of a 6-year-old son of Mr. and Mrs. Charles Chasteen, living near here, a grain of corn possessing a two-inch sprout. Four hours were consumed in removing from an ear of Helen Jane Turner, 8-year-old daughter of Mr. and Mrs. Lyman Turner, Hillsboro, a grain of wheat, a root of which had grown along a bone in the middle ear. The surgeons were forced to remove decayed bone from Helen's head.

The Japanese tallow tree now grown in Texas, bears a nut rich in a tallow-like oil, which has been found to be valuable in the manufacture of high-grade varnishes.

NEW LOW PRICES GO INTO EFFECT

Studebaker Closed Models Cut as Factory Facilities Are Extended

Important reductions in the prices of the complete line of 1924 model closed cars, effective December 5, have been announced by Studebaker.

These reductions are made possible by economies effected by the operation of Studebaker's mammoth new $8,000,000 closed body plants at South Bend, Ind., recognized as the finest in the industry.

"It is a policy of long standing that Studebaker's manufacturing savings be shared with its customers," said Stephen C. Packer, local Studebaker dealer. "Hence this reduction of prices as soon as the new body plants were placed in operation. Yet the quality of Studebaker cars has not been decreased. In fact, the present closed cars are the finest cars and the greatest values Studebaker has ever offered.

"Studebaker's facilities at South Bend, Ind., for the manufacture of fine closed bodies, excell those of any other motor car builder. Its body plants, containing 2,750,000 square feet of floor space, represent a net investment of over $8,000,000.

"This single division of its business employs 5,000 men whose wages amount to $7,500,000 per year. The steel, lumber, glass, cloth and other materials required for the operation of these body plants represent an inventory investment of $3,500,000.

"The dies and tools for forming the metal panels of Studebaker bodies alone, and as a single item, cost in excess of $785,000. These figures give some idea of the extent of Studebaker's facilities, and indicate one of the reasons why Studebaker bodies contain unequalled value."

STRAIGHT EIGHT IS PROVED TYPE

New Packard Eight Develops More Horse Power Than Big Twin Six

"That there can be no doubt as to the merits of the new Packard straight-eight (eight cylinders in a row) motor, when compared with the Packard Twin Six motor, one needs only to review the results of the Thanksgiving Day race at Beverly Hills," says W. H. Daniel, local Packard dealer, of 510 East Broadway.

"The performance of the cars in this race was a great tribute to the straight-eight principle of design, although these motors had already proved themselves the most successful racing type in the 183-cubic-inch class. That the same principle proved so successful in the new 122-cubic-inch racers is further evidence of the efficiency and durability of this design.

"An interesting phase of this splendid demonstration of straight-eight durability, was that the winner maintained an average of more than 112 miles an hour. This proves that the eight in a row motor insures the utmost efficiency from every cubic inch of cylinder space."

Comparing the new straight-eight motor with the Packard Twin Six, it is pointed out that the former has a cylinder displacement of only 257 cubic inches as against 424 cubic inches by the old style. Despite this difference, the straight-eight develops approximately 15 per cent more power than the Twin Six.

Speed Limit Law Is Clear, Says Official

(Contiued from page 1)

is necessary for the autoist who wishes to avoid trouble, according to the public safety department of the automobile club. City ordinances relating to this phase of driving are the laws to be observed by motorists, rather than the state vehicle act.

State Law Governs

When there is no supplementary city ordinance on the subject, the state law is to be observed. This is, in effect, that a street car which is stopped for the purpose of loading or unloading passengers may be passed when it is possible to leave six feet in the clear between the side of the automobile and the steps of the street car, and provided the speed does not exceed ten miles an hour.

However, most cities having street cars have their own ordinances, so that motorists will do well to familiarize themselves with the local laws.

About 75 per cent of the Persian opium was taken to England for the manufacture of morphia in the last three years.

Twenty-five-sen stores in Yokohama are selling articles worth about 12 cents in American money.

HYDRAULIC BRAKE ON DISPLAY HERE

Big Advancement in Auto Industry; No Oiling or Lubrication Needed

What is recognized as one of biggest advancements in automobile engineering is the hydraulic four-wheel brakes, now regular equipment on the Chalmers cars displayed by the Glendale Motor Car Company, Maxwell and Chalmers dealers at 124 West Colorado street. Lyman Clark, dealer says:

"The simplicity of the hydraulic brake equipment appeals to everyone at first glance, and the fact that there is no lubrication or oiling necessary on the entire braking system, appeals not only to the man who takes care of his own car, but to the man who pays for regular weekly inspection of his brakes. There is no lubricating of any kind necessary on the Chalmers hydraulic brake equipment because there are no moving parts except the brake bands themselves and these are lubricated automatically.

"Whether automotive vehicles should or should not be equipped with brakes on the front, as well as the rear wheels, is a subject of vital importance to motor car owners. The number of deaths caused by automotive vehicles in the United States alone is appalling, especially when we acknowledge that a very high percentage of these accidents could be eliminated if all motor cars were provided with adequate and proper designed braking facilities.

Operates Easily

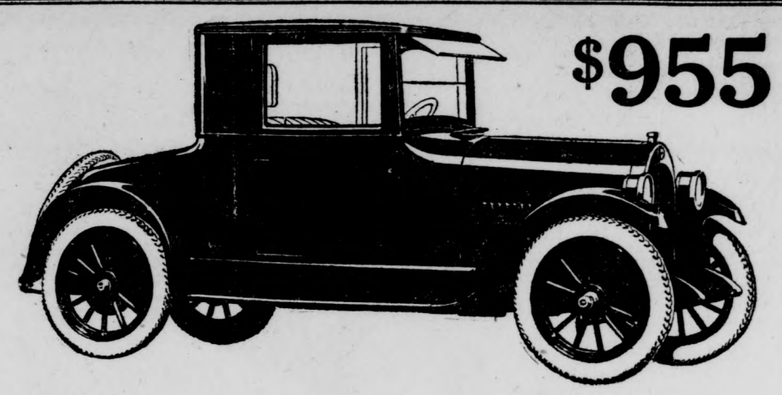
"The hydraulic brake seems to be the solution of the brake problem. It is an external contracting brake, operates as easily as any mechanical brake and its care and adjustment is so simplified that practically no attention to them is required."

The new Chalmehrs cars embody a great many other improvements, with slight changes in body design, the addition of the gear shift lock and the improved clutch and gear shifting mechanism, says Lyman P. Clark, of the Glendale Motor Car Company, 124 West Colorado street, Maxwell and Chalmers dealers.

NEXT TO DIAMONDS

Finest specimens of sapphires are found in Burma, Kashmir and Ceylon, although many stones of quality come from Australia, Siam, and from the state of Montana. In color, the most valued and frequently seen are the corn flower blue or royal blue, yellow, pink and white. In hardness it ranks next to the diamond and is infusible alone, but when melted with borax goes into a clear glass.

There's more danger in being over-fed and under-worked than there is in being under-fed and over-worked.



$955

Oldsmobile
Wins by Comparison

Touring	$ 750
Roadster	750
Sport Touring	885

COMPARE TOTALS ON AUTO OUTPUT

Ford Produces 49 Per Cent Of Cars and Trucks Turned Out in America

DETROIT, Mich., Dec. 15.—Approximately 49 per cent of the passenger cars and trucks produced in the United States during the first ten months of 1923 were Fords.

This is shown by a comparison of the automobile production figures given out by the U. S. Department of Commerce and those of the Ford Motor Company here.

The department's figures on cars and trucks, the latter including fire apparatus and street sweepers, shows a total of 3,396,638 for the first ten months.

Ford production figures for the same period, which include, as those of other companies, cars and trucks made here for assembly in foreign countries, totals 1,639,374. This total, however, does not include the production of the plant at Manchester, England, which manufactures practically all its parts and which produced 27,606 cars and trucks during the first ten months, nor does it include the ten-month output of 69,452 cars and trucks by the Ford Motor Company of Canada, Ltd.

A comparison of the truck production figures show that 62 per cent were Fords. The total number of trucks turned out during the ten months from January 1 to November 1 was 320,285, with Ford truck production for the same time totaling 200,996.

Detailed figures on the comparison of the Ford product and that of other firms in this country have been received by Jesse E. Smith, local agent, 115 West Colorado street.

TO PREVENT FIRES

To prevent forest fires a device has been invented to catch the sparks flying from logging engines and extinguish them in water.

Some More Don'ts to Get Better Servic

Here are a few more "don'ts" for drivers to avoid trouble:

Don't—

Allow the clutch to engage suddenly.

Neglect the lubrication of any part of the car.

Overlook keeping the tires properly inflated.

Release the clutch when the throttle is open very wide.

Fail to examine the car occasionally for loose nuts and bolts.

Drive fast and attempt to stop suddenly on a wet pavement.

Attempt to start without being sure that the brakes are released.

Neglect to investigate any unusual sound which may develop in the car.

Fill the lubricator in the engine and neglect to lubricate all other parts of the car.

Shift from third to second or first gear when the car is running at a high speed.

Make adjustments on the car before knowing whether it is the proper thing to do.

ATTENTION!
Motor Car Owners

The following responsible and established battery houses of Glendale, after mature consideration, have decided to charge a small fee for testing, watering and inspecting automobile batteries, effective Jan. 1st, 1924.

We believe that car owners, realizing the necessity and importance of regular, expert battery inspection, are not desirous of imposing on battery stations the cost of a service that is rendered for the car owner's benefit. A nominal charge will enable us to maintain a higher standard of service, carefully rendered by competent men.

Effective Jan. 1st, 1924, we will charge the following prices for such service:

Calling For or Delivering Battery, Minimum . . . 50c
Test and Water Battery 15c
Clean and Grease Terminals 25c

Heart and Home — Health and Happiness

Diet and Health

By Lulu Hunt Peters, M.D.

Author of "Diet and Health, with Key to the Calories"

SPIRITUALITY VS MATERIALITY

ANSWERS TO CORRESPONDENTS

C. C.:—No wonder you are thin with the restricted diet you were brought up on. Do not increase your calories too rapidly. Gradually stretch your stomach sothat it will prepare for more food. Thank you for the California poppy you enclosed. It recalled happy days.

G. T.:—At 17 years of age you still have time to grow. Take at least three glases of milk a day, and eat green, leaf vegetables, some fruit, whole wheat bread and whole grain cereals. Cut out your pastries and candies and a large part of your butter and other fats. Spend as much time in the open air and sunshine as you can, and take some setting up exercises every day. The exercises on the hanging bar are among the best to stretch your spine.

It is not absolutely necessary to go on the three-day liquid diet to start the reduction cure. You can start immediately on the 1200 or 1300 calories a day if you want to. The reason I advise the three-day "shrinking period" is because it gives you such a glorious start, and it really does cause the stomach to contract and demand less food and so makes it much easier to diet. (And you will lose from five to ten pounds)

Mrs. S. W.:—Your little girl of 2 1-2 years who is taking a quart and a half of milk a day, is undoubtedly taking too much milk, and that is why she will not take the solid food you offer her. Cut down the milk to half that amount if necessary. Feed her regularly three times a day. She should be getting cereal at breakfast and supper, one-half cup to a full cup of cooked vegetables, egg two or three times a week, fresh or stewed fruit, dried toast and butter, scraped beef and other solid foods at this age.

We recently ran tables of feeding babies. Did you see that? These tables and other data on the children's food will be in book form soon. Meanwhile, we have a list of modern books on the correct feeding of children which you may have by sending a self-addressed, stamped envelope to me, in care of this paper.

Mrs. B.:—We have an article on diet in pregnancy and nursing and also one on constipation which you may have by sending according to the rules of the column.

"Dear Doctor:—I do not know how to thank you enough for your pamphlet for the F. F. F. I do not belong to them any more as I now am down to normal and feel a hundred per cent better. I was 29 pounds overweight. At first my face looked drawn and my friends would tell me I had better stop getting thin, but I would not give up the good work. Now I am happy for my health is ever so much better than before and when some of my friends meet me they say, 'Why, you look ten years younger', and at first they do not know me until I speak or they give me another glance to make sure.

"I am sending a self-addressed envelope for which please send me a leaflet on high blood pressure, as a member of my family has it.

"Thanking you for your good advice, I remain—**Happy.**"

Isn't that an encouraging letter? Those of you whose friends are worrying you because you look drawn while you are reducing, can take courage from this. It is quite common to be a little pale and looked "peaked" while reducing, and often the comments of friends discourage us so that the good work is give nup. This is why I advise the judicious use of a tiny amount of a natural looking rouge at this period. When you are down to normal and can begin to eat more liberally this drawn look will disappear, as Mrs. Happy has testified.

J.:—We have an article on constipation which you may have by following the rules of the column.

Monday:—Fresh Air in Tuberculosis.

DAILY FASHION HINT

Prepared Especially for The Glendale Evening News

INTERESTING IN ITS SIMPLICITY

Surely destined for paths of social prominence is this frock of check French flannel, featuring the season's shades of tan and brown. It fastens in surplice fashion and the revers are of brown moire silk surmounted with a collar of the dress material. The sleeves may be worn short and finished with turn-back cuffs, or lengthened with deep sections, gathered into narrow wrist-bands. Medium size requires 5 1-2 yards 32-inch flannel and 3-4 yard moire.

Pictorial Review Dress No. 1878. Sizes, 34 to 50 inches bust. Price, 45 cents.

OBVIOUS—ITS PARISAN CHIC

However smart the function this season, it will welcome this slip-on frock of printed silk, gracefully draped at the sides and caught with rosettes of moire and silver ribbon. A border of fancy stitches outlines the lower edge of the overskirt and the round neck. The maker of this delightful model is provided with a choice of long or short sleeves. Medium size requires 4 1-2 yards 36-inch lining for the front of the underbody.

Pictorial Review Dress No. 1874. Sizes, 34 to 48 inches bust. Price, 45 cents.

With the Women of Today

By MRS. LILIAN CAMPBELL

Miss Sarah Wambaugh is a former member of the secretariat of the League of Nations and attended all its sessions. She is an authority on international law, has lectured before the American Academy of Political and Social Science and was the only woman to be invited to speak at the Institute of Politics of Williams College during the summer of 1923.

Miss Wambaugh was born in Ohio. Her father, Prof. Eugene Wambaugh, of Harvard University, is a student and teacher of international law. She followed in her father's footsteps and graduated from Radcliffe College in 1902, taking her master's degree in 1916. Since then she has taken graduate work in history and political science at Oxford and in the University of London. She has taught law at Radcliffe and Wellesley.

Spending considerable time in Germany since the war, Miss Wambaugh has interviewed all classes of people — peasants, clerks, railway workers, diplomats and government heads.

Women preachers in time will fill the majority of pulpits in the rural sections, Rev. David D. Forsyth, corresponding secretary of the board of home missions of the Methodist Episcopal church, predicted at a meeting of the board at Philadelphia recently.

The woman minister in a few years will be as familiar a figure in the country as the present rural school teachers, he said.

"Reports indicate the number of recruits to the ministry is small," Dr. Forsyth declared. "Many ministers find it difficult to continue in the service because of economic conditions. The rural minister has a harder time to support a family now than at any time during the last two decades."

A woman preacher would be as successful in the country as is her sister, the country school teacher, the speaker declared. She could live more economically than could a minister with a family.

A committee of twenty women was appointed recently by the minister of labor in England, says "The Woman Citizen," to investigate domestic service conditions. The points considered were the shortage of servants, the change in social habits, improved standard of education, effect of the war, personal relations between mistresses and maids, the influence of unemployment doles, lack of technical efficiency on the one hand and social status on the other, and lack of free time for the employe.

Miss Elena Torres, of Mexico, has been appointed by the government of Mexico to an entire new kind of work. She will travel over the country visiting many villages and accompanied by a mason and a carpenter. They will erect a modern home and Miss Torres will lecture and instruct the people on better methods of living. She will point out the dangers of poor living conditions and the advantages to health, morals and general progress of better homes.

Mrs. Frank T. Harrold of Americus, Ga., was recently elected president-general of the United Daughters of the Confederacy at their convention held in Washington. Mrs. Harrold is the sister of Clifford Walker, governor of Georgia.

Mrs. Mina Van Winkle, chief of the women's division of the Washington, D. C., police department, bewails the fact that so many girls want business careers away from home. "The only career in any girl's life should be the rearing of a family and the development of a home," she says. "Instead of being taught to be social butterflies, our girls should be taught how to be good mothers and wives," further says Mrs. Van Winkle. "The cabaret with its jazz is doing more than anything else to lower the moral standard of our girls."

MISS SARAH WAMBAUGH

Until we advance to that point where we may discuss freely and frankly the problem of syphilis, we shall make little progress toward its eradication.

Contagious diseases spread less rapidly when the temperature stands at 65 and the relative humidity at approximately 85; but, in house heating, we usually reverse the order.

RELIEVED BOY'S COUGH

Mrs. L. Van Belle, Pendroy, Mont., writes: "I like your Cough Medicine very well. My little boy, 6 years old, had a very bad cough and after using FOLEY'S HONEY AND TAR COMPOUND he secured relief." For coughs, colds and hoarseness there is no better remedy on the market today than FOLEY'S HONEY AND TAR COMPOUND. It has stood the test of time, serving three generations. Get the genuine; refuse substitutes.

Heart and Home Problems

By MRS. ELIZABETH THOMPSON

A WEIGHTY PROBLEM

Dear Mrs. Thompson: I always thought only sentimental, love-sick nuts wrote to you for advice—pardon me if I appear brutally frank. But the other day I read a letter in your column which sounded as if it were from a very sensible young lady. Your advice, too, was so good and sensible that I have decided to come to you with my problem.

I am a man—I started to say a "young man"—but that is just the trouble. I am not a young man any longer. I am thirty-nine, almost forty, and I am in love with a girl who cannot be over twenty-four, if she is that old.

I love this girl more than I can say. I have never loved any one before, so she has all the affection that I have stored away in my heart all these years. She is really the sweetest, the best—but then I suppose you hear that every day, so I'll spare you and just say that I have never loved any one before and I'm dead sure I never will again.

But to tell the honest truth, I'm afraid to marry this girl. She is so young and beautiful and full of life and I know every one will wonder why she ever married an old codger like me. When she is just thirty and still looking like a beautiful girl I shall be nearly fifty. When she is in the prime of life I shall be an old man. If we go out among strange people they will think I am her father. And those who know I am her husband will pity her. I know I should never be able to stand it. It would be like tying a beautiful swallow on to an old fat rooster and keeping it anchored down to earth. I love her too much, I can't do it.

And so I had made up my mind, for her good, to give her up, go away and try to forget her in my work, when last week I heard something which is going to drive me crazy unless I can decide soon what I should do. I heard in an indirect way that this young lady loves me. In the words of her mother she is "breaking her heart over me." I don't know what to do. It may be just a childish infatuation that she would get over soon enough after we were married and she was still young while I was old, but I cannot be sure, of course.

It would be easy to break my own heart by giving her up if I could be sure it was for her good, but I cannot break her heart for anything. What shall I do?

J. C. D.

I suggest you talk this over with the young woman in the same vein you have written me.

* * *

THREE QUESTIONS

Dear Mrs. Thompson: 1. I have been corresponding with a cousin out west and I intend to send the family a picture of myself for Christmas. Should it be addressed to him or his mother?

2. I have blonde hair and blue eyes and not a very clear complexion. Could I wear a black dress or would I look "dead" in it?

3. There is a gentleman two or three years my junior in the church I attend who has done me several slight favors, but as he is wealthy I do not do more than recognize the favors. Should I show my appreciation in some way? IGNORANCE.

1. As long as you have been corresponding with the boy, there is no reason why the picture should not be sent to him. You might mention the fact that you wanted to send something that would interest the whole family.

2. If your complexion is not clear I hardly believe black would be a becoming color for you to wear.

3. Thank him graciously when he does a favor for you. Nothing further is necessary.

Dear Mrs. Thompson: I am the mother of five grown children and two grandchildren. My husband has always worked at hard work, but made small wages, and I have washed. He was good to his children, but has made my life miserable by his drunken sprees. He swears, which I dislike, and never is willing to clean up. He hauls coal and so gets very dirty. He only half washes and his ways never did agree with mine.

Can I be blamed if I have learned to dislike him so much that I never even allow him to touch me, although we live under one roof and eat at the same table? I have tried to be as a wife should be, but just can't love him. It takes too long to tell just how I have spent my best years with him for the children's sake.

For the last six months a widower about my age, but much younger looking, has been coming to the house as a friend of the family's. His ways just suit me and his ideas are like mine. He is my ideal of a man. I have fallen in love with this man, but he does not know it and no one else does.

No one would blame me if he knew what a hard life I have had trying to keep the children together. Should I go on living a dissatisfied life the rest of my years, disliking my husband's nagging, grouchy ways? He is still drinking. I have had nothing but debts to fight for thirty years. I am so sick of it all.

Haw can I win the other man at my age?

DISSATISFIED WIFE.

Since you have worked so hard to bring up the children and have done your best for many years, it seems to me you are justified in leaving your husband since you find it impossible to be happy while living with him. I do think, however, that underneath the dirt your husband has a soul, which he has shown the children since he has been so good to them, but which it has been difficult for you to find because of his drunken sprees and dirty ways.

The thing you should not do, however, is seek freedom in order to win the love of another man. I hardly believe you would find happiness in that way. Probably the man who is your ideal would prove to have faults, too. At your age the wise thing is to try to find happiness in the love of your children and grandchildren.

Timely Views on World Topics

FOREIGN INFLUENCE AT PEKING MEANS ANOTHER WAR, SAYS CHINA PRESIDENT

"China would be unified within six months, the military leaders would be overthrown and a constitutional government would be estaablished if it were not for the interference of the foreign powers," says Dr. Sun Yat Sen president of the South China republic.

DR. SUN YAT SEN

"If the foreign nations persist in their present attitude," he adds, "there will be a great war in China within a year—a war that may involve much of the rest of the world.

"The situation is complex," he said recently. "The real trouble is that China is not an independent country. She is the victim of foreign countries. She is really in a worse condition than Korea or Formosa. They have one master; we have many. Their master dominates them, but has important responsibilities for the people who are under subjection. China is equally dominated by the outside, but her masters rule without accepting any responsibility.

Foreign Nations Aid Corruption

"If the foreign countries will let us alone, China will have her affairs in shape within six months. The foreign nations have pursued the disastrous policy of endowing a corrupt and inefficient clique in Peking and insisting upon the fiction of calling it a government. America in particular must accept responsibility for our present debacle.

"It was America that led us into the European war. Up to that time we had one responsible government. It was the act of the Tuan Chi-jiu government in getting us into the war that created the first division between north and south.

"We have not yet reaped any advantage from the Washington conference. The foreign countries have not ceased since this conference to interfere with our internal affairs. They have endowed the Peking government. The Peking government could not stand twenty-four hours without the backing it receives from foreign governments. Peking has no hold upon the people. Its only revenue comes from the maritime customs and the salt gabel.

Clothes That Radiate Cleanliness

You, Too, Can Have Them

"They fairly radiate cleanliness," a patron told us when we returned her bundle of newly laundered clothes. And, could you have seen them, you would have said so, too. For everything was spotless from dainty washing. Everything was fresh and lovely from careful ironing—and finally everything was neatly folded, ready to wear or put away.

PAYROLL HAS 3,400,000

On the nation's public payroll are 3,400,000 persons whose wages and salaries amount to about $3,800,000,000 a year. This means, if averaged, an assessment in taxes of $91 against every person over ten years of age, who is gainfully employed. Exclusive of pensioners, there are 2,700,000 public servants on the payroll of national, state and municipal governments, who receive approximately $3,500,000,000 in pay. The 670,000 pensioners draw about $320,000,000 annually.

DOGS IN CELEBRATION

The celebration at Rome marking one thousand years of unselfish service to humanity honored Saint Bernard of Menthon, who was born in 923 and who founded the hospices of the Great and Little St. Bernard. In the days of the saint the St. Bernard Pass, used chiefly by pilgrims to Rome, were harassed by Saracen bandits. St. Bernard routed them and made the pilgrims' travel safe. Their famous dogs have been honored in song and story since, due to their humane work among Alpine travelers and the saving of thousands of lives.

Daily News Letter

General News and Gossip from Staff Writers at Home and Abroad.

By FRANK SAVAGE
For International News Service.

NEW YORK, Dec. 14.—Snappy weather promotes circulation, which may be the reason why the moiling millions in these metropolitan marts constitute a traffic problem that seems to defy solution.

The police complain that automobiles have increased out of all reasonable ratio to the number of traffic officers.

Subway jams intensify as citizens curse the transportation companies, and columns of comment lament the moral effects of thousands of men and women crushed together in a physical propinquity scarcely conducive to spiritual disregard of the flesh. The poet's admonition to "be not like dumb driven cattle" emphasizes the futility of trying to "be a hero in the strife."

Jostling, squeezing, hurrying and struggling are not confined to the subways, however, nor to down-town city streets. The hardening of these arteries is offset by the high blood pressure on the bridges and in the tunnels linking Manhattan Island with other more residential sections.

The consulting engineer of the transit commission told the port authority of New York at a recent public hearing that five more vehicular tunnels under the Hudson river will be needed in the very near future to keep pace with the increase in automobile traffic between New York and Jersey. One tunnel is now under construction near the point where it is suggested the additional tunnels should be built.

Thus we burrow from borough to borough trying to solve the mountainous problem—making a mole-hill out of a mountain, perhaps.

The Rooseveltian reserves were routed recently by the startling announcement that a birth control clinic had been functioning on fashionable Fifth avenue for nearly a year—supplying medical contraceptive advice, in what it considered justifiable circumstances, to 900 women.

Announcement that the bureau had existed since January 1, sans blowing of bugles or street car advertising, was made from a platform in the Pennsylvania hotel, at a meeting of the American Birth Control League, by Margaret Sanger. Mrs. Sanger said enough data had been assembled in that time to withstand any assaults which may be made on the legality of the enterprise.

The league's position, she held, was further fortified in the fact that its activities are in full accord with a court ruling, rendered some time since, specifying that such advice must issue from a qualified physician. The degrees and records possessed by Dr. Dorothy Bocker, associated with the bureau, seem to provide a veritable rock of Gibraltar in this category. Dr. Bocker has been instructor in physical education at several leading universities and was formerly with the United States Public Health Service.

On the Spur of the Moment

By ROY K. MOULTON

UNSOPHISTICATION

Far off, where days are thoughts and nights are dreams,
Where sunsets are the songs an old man sings,
There is an orchard, found by stray moonbeams,
Where Romance sleeps 'mid vague imaginings.

Beneath an apple tree his cloak is spread
When dusk comes swarming up the quiet lane,
But ere the stars have passed, from sleep he's fled
To seek for blossoms where his head has lain.

Amid the moistened chill of early dawn,
Or stifling wildfire of a dazzling scorn
What is for dreams that died behind the morn.

Poor Romance! Seeking for a place to sigh
Among the orchard trees. When leaves have turned
To smoke that lingers in the autumn sky,
Will he have conquered dreams? Will he have learned?

—Harry Freeman Thompson

Headline in New York paper says: "American Genius Invents Simple Way to Heat the Home." And now we would like to have this American genius invent a simple way to buy the fuel.

SAVE US THE COUPONS, FLORENCE

The following comes over our private wire from a press agent:

Florence Reed smoked her 1500th stage cigarette at last night's performance of "The Lullaby." Cigarettes and Miss Reed have been inseparable in her last six plays.

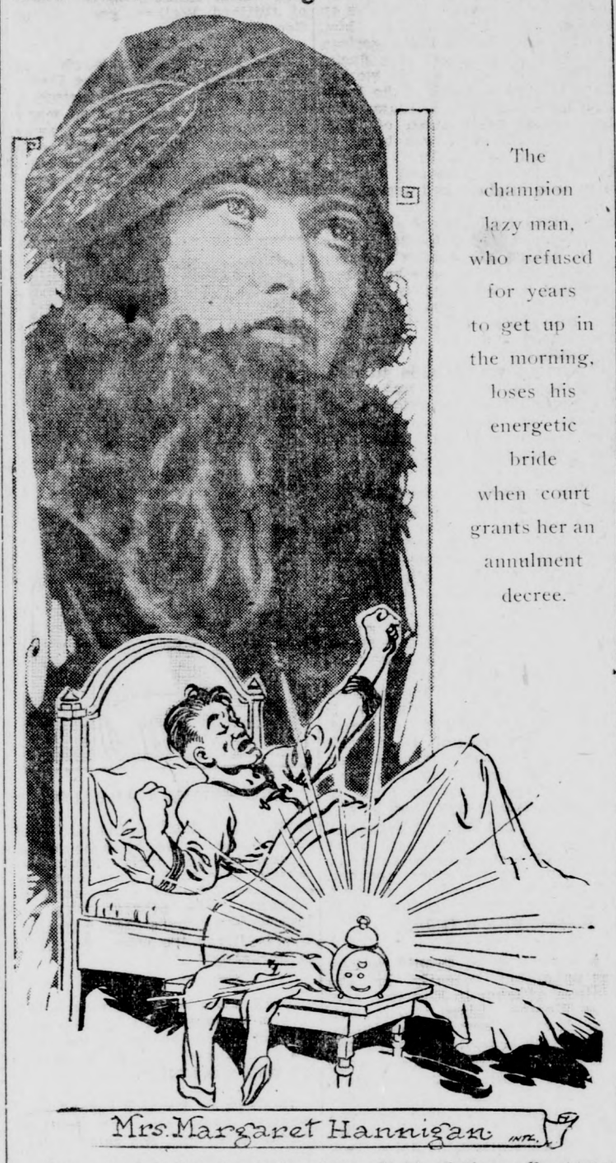
SLEEPY HUBBY BLASTS ROMANCE

Wife Cuts Ties Binding Her to Laziest Man



The champion lazy man, who refused for years to get up in the morning, loses his energetic bride when court grants her an annulment decree.

When he failed to heed the alarm clock's clarion call, sterner methods were used, such as jerking the mattress from beneath him and dousing him with cold water.

NEW YORK, Dec. 15.—The champion lazy man who refused for years to get up in the morning to go to work came to light before Supreme Court Justice Mitchel May in Brooklyn when Mrs. Margaret Hannigan asked for annulment of her marriage to James Hannigan because he refused to work.

Mrs. Hannigan, a very pretty girl of twenty, put on the stand by Lawyer John S. Bennett, testified that when she married Hannigan he declared that he had a position and was making a good salary.

She Goes to Work

"The morning after we were married," she said, "he refused to get up and go to work. I thought it was strange. The next day he did the same thing, and so on for three weeks. Then I made inquiries and learned that he had deceived me. He had not had a job in years.

"I had to go to work myself. Then he sat around our house all day and smoked cigarettes. I pleaded with him to be a man and get something to do, like other young married men, but he would only shrug his shoulders and say what was the use.

"My mother and my brother then took him in hand, but he simply defied them in the same way that he had defied me. I stood this for a year, and then I left him. He is still out of work and is living with his mother."

Throws on Cold Water

Lawyer Bennett then explained to Justice May that the boy's mother had admitted to him that she had been unable to get him to do anything for a living.

"The mother told me," Bennett said, "that she had to pull the bed mattress from under him to get him out of bed every day. Some times even that did not have any effect, and then she had to resort to throwing cold water on him. She told me that he was the laziest boy she had ever seen."

Hannigan did not make any defense to his wife's suit, and allowed the case to go by default. Justice May granted the annulment.

Uncle Wiggily Bedtime Stories

— By HOWARD R. GARIS —

UNCLE WIGGILY AND THE WEASEL

One day, as Uncle Wiggily was hopping past the hollow stump school, the Lady Mouse Teacher opened the door and called to the rabbit gentleman:

"Oh, Uncle Wiggily! Could you just come in here for a little while, if you please?"

"Why, I don't exactly know my lessons," answered the rabbit, shyly twinkling his pink nose, and making believe he was a school bunny again.

"Oh, that's all right!" squeaked the Lady Mouse. "I don't expect you to say any lessons. I don't want you to come in for that reason."

"Why, then?" asked the bunny. "Are you having a marionette show in there, or movies or something like that? Are the school children speaking pieces?" asked the bunny, eagerly.

"No; not now, but I can ask them to recite if you would like to hear them," said the Lady Mouse. "But the reason I want you to come in, Uncle Wiggily, is to see if you can find a way so Billie Wagtail won't sling so much ink about the room."

"You don't mean to tell me," cried Uncle Wiggily, quickly twinkling his pink nose, "you don't mean to tell me that goat boy is throwing ink at the other children?"

"Oh, mercy me! Nothing like that!" laughed the Lady Mouse Teacher. "But Billie Wagtail doesn't know how to use pen and ink very well. He is just learning to write and he does manage to spatter ink all over himself and those who sit near him."

"That's too bad," said Uncle Wiggily. "I'll come in and watch Billie write and perhaps I can think of a way to teach him to be more neat with his pen and ink."

"I hope you can," sighed the Lady Mouse Teacher of the hollow stump school.

Uncle Wiggily hopped in and all the animal girls and boys smiled when they saw the rabbit gentleman, for they loved him.

"Now, children," said the Lady Mouse, "Uncle Wiggily is here for a special purpose. I'll tell you about it a little later. Now we shall go on with the writing lessons. Ready! Take your paper, pen and ink and begin!"

Uncle Wiggily looked down toward the seat where Billie Wagtail, the goat, was writing. All about on the floor, on the desk and on Billie himself were spots of black ink. And on the desks all around the goat boy were more spots of ink.

"Billie certainly is an ink-slinger," thought Uncle Wiggily. He watched the goat boy dip his pen in the ink and take it out.

"Ouch! Look what you did!" cried Sammie Littletail, who sat next to Billie. Look out!"

"Quiet, please, Sammie," squeaked the Lady Mouse.

"Aw, but look it! Billie got ink all over me!" said the boy rabbit.

"I didn't mean to," bleated Billie. "My pen slipped."

The Lady Mouse looked at Uncle Wiggily as much as to say:

"You see how it is! What are we to do with him?"

Uncle Wiggily twinkled his pink nose and began to think. He saw that Billie was trying to write too fast, and this made the ink spatter all over. The bunny was considering the best way to teach Billie to be more careful when, all of a sudden, the door of the hollow stump school opened and in popped the Weasel.

All in his beautiful white coat of fur was the Weasel. The sly chap wore white fur in winter so it could not so easily be seen on the white snow and he could thus creep up close to rabbits and catch them before they saw him.

It happened that the Fox, the Wolf and the Bob Cat had tried in vain to catch Uncle Wiggily. So at last they said to the Weasel:

"You try! You are very sly! Watch your chance and nibble Uncle Wiggily's ears!"

So the Weasel watched his chance and when he saw the bunny go in the hollow stump school the Weasel said:

"I'll slip in after him and nip him!" Thus the Weasel was in the school. Up toward Uncle Wiggily rushed the sly Weasel, in his beautiful coat of spotless, white fur.

"I have come to nibble your ears!" hissed the Weasel, just as Uncle Wiggily had walked to Billie's desk to tell the goat boy how to use his pen so he wouldn't sling so much ink.

"You can't nibble Uncle Wiggily's ears!" bleated Billie. "There! Take that!" And filling his pen overflowing wiht ink, Billie splashed a lot of black spots all over the white Weasel. Now the Weasel was very proud of his white fur and as soon as he saw himself all spotted black with ink the Weasel cried:

"Oh, dear! This is no place for me! I must go to the laundry and be bleached. I'll nibble your

Billy splashed a lot of black spots.

ears some other time!"

"I don't care if you never nibble them!" laughed the bunny as the Weasel, dripping with ink, ran out. Then Uncle Wiggily showed Billie how to dip up only a little ink on his pen, and after that the goat boy wrote very nicely, not spattering black ink spots at all.

But it's a good thing he spattered the Weasel, isn't it? And if the orange comes to the lemonade's party and sits with the sugar cookie I'll tell you next about Uncle Wiggily and the dishpan.

10 Years Ago Today

From Evening News Files

The permanent street improvement work that has been done in Glendale the past three months, comprises the street on Broadway from Central east to Glendale avenue, and the street on Brand from Second street south to Sixth street. No city in the United States has any more substantially built streets than the ones just mentioned.

Instead of having the regular semi-monthly meeting this afternoon, the Music Section of the Tuesday Afternoon club visited the Children's Hospital in Los Angeles and entertained the little tots with a delightful Christmas program.

A masked and armed man entered the postoffice at La Canada last evening, and made his escape with $137.

As the train approached the dark tunnel the man turned to the strange lady at his side.

"When we are in this tunnel," he said calmly, "I shall kiss you."

"Sir," she said icily, "how dare you! I am a lady!"

"That's just the reason I am going to kiss you," replied the young man. "If I preferred a man I'd call the conductor."—Penn State Froth.

A shiftless specimen of humanity came down-town one morning, and, joining a group on a corner, announced that he was going to leave town—said he could not live in it any longer, says Everybody's. Someone asked him what was the matter.

"Well," he said, "the town is all right; but it's the hardest place in the world for a woman to get work in."

CUT THIS OUT—IT IS WORTH MONEY

Send this ad and ten cents to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive a ten-cent bottle of FOLEY'S HONEY AND TAR COMPOUND for coughs, colds and hoarseness, also free sample packages of FOLEY'S PILLS, a diuretic stimulant for the kidneys, and FOLEY CATHARTIC TABLETS for Constipation and Biliousness. These wonderful remedies have helped millions of people. Try them!

UNION TOOL AND WHITE SOX CLASH

Change in Lineup of Local Squad Is Expected to Show More Fight

By AL DIX
Of The Evening News Staff.

The Glendale White Sox will make their first home appearance since Thanksgiving day, tomorrow afternoon, when they will be hosts to the Union Tool ball tossers at the San Francisco road park.

It will be a rejuvenated team with pale hose that greets the fans when the umpire calls the game. Several familiar faces will be missing, and other shifts in the line-up have been made. Doc Crandall will play in the outfield, instead of third base, and Babe Herman and Mickey O'Brien are gastiming in other pastures.

Adams, who caught last season for Wichita in the Western league, will do the receiving, and Collard, who pitched the locals to a victory over the Palms-Culver City crew in the last game here, will again be on the mound. "Chicken" Hawkes, former Yankee and Vernon Tiger star, will hold down first, with Bill Doran at second and Gordon Slade, also of Vernon, at short.

More Pep, Is Sought

Hamilton will be on the hot corner at third, in place of Doc Crandall. Perry O'Brien and Coleman will complete the outfield. Arnold Crandal, Samias and Mike Donlin will be in reserve on the bench.

The changes have been made in an effort to instill more fight into the local club, and to start off the series of five home games with a win.

Smith, of Portland, will probably do the twirling for Union Tool. The Toolmakers have one of the strongest teams in the Triple A circuit, and will make a strong bid for the game.

Golf Ball Hits Fish, Foursome Is Result

ST. LOUIS, Mo., Dec. 15—When Wylie Creel, local golfer whacked the ball in teeing off on the temporary No. 1 hole on the Kirkwood Country club golf course here he gave birth to a freak yarn, which, however, is vouched for by the other members of the foursome—Ned Allen, "Mack" Mitchell and R. B. Agnew.

Creel's ball shot into the air and then looped into a pond. As visions of a lost new ball rose before Creel's eyes he was amazed to see the ball bound from the surface of the water, as if it had hit a cement block, and land on the bank. There was a great splash in the water, and a big fish followed the ball on the bank. The fish flopped around and fell back into the water, according to Creel and his companions.

Investigation disclosed the amazing fact that the ball had bounced off the fish's head, which had been close to the water's surface.

Creel played his ball from its new position, halving the hole in three, whereas had the ball not hit the fish he would have forfeited two strokes and lost the hole.

Octogenarian Takes Life in Despondency

ST. HELENA, Dec. 15.—Neighbors and friends of Thos. Mooney were shocked beyond expression when the 86-year-old pioneer was found hanging to a rope attached to a hay wagon in a barn belonging to Mrs. Anna Newell.

Mooney was a blacksmith and widely known throughout the county. It is believed that despondency due to the increasing infirmities of old age, prompted the act.

Funeral services were largely attended. The octogenarian is survived by four children, 11 grandchildren and four great-grandchildren.

Strangler Lewis and Stecher May Grapple

ST. LOUIS, Dec. 15.—Gabe Kaufman, Kansas City, Mo., promoter here has offered to post $2,000 for a championship wrestling match between Ed (Strangler) Lewis, present world's heavyweight champion, and Joe Stecher, Dodge, Neb., challenger, and former champion. The match would be staged in Kansas City in the near future, Kaufmann said. Joe Stecher has expressed his willingness to sign up for the match, Kaufmann said, and would add $15,000 to the stake, winner to take all.

Famous French Horse May Race Best in U. S.

NEW YORK, Dec. 15.—A series of races in which Epinard, French "wonder horse" will measure strides with Zev, In Memoriam and My Own, on American tracks, seemed virtually asured today.

It is planned to have Epinard come here for three or more races next fall. Two of them may be run on New York tracks and the third in Kentucky.

To do one thing effectively forget other things while doing it. With too much time on hand, some of it is bound to go to waste.

THE BROWN PANTHER PROWLS — By DICK DORGAN

G'WAN TO SLEEP
HARRY STARTED THE SEASON BY FLATTENING HOMER SMITH IN TWO ROUNDS
GO HOME BLACK TRASH
THEN POLISHED OFF JACK THOMPSON OF BOSTON IN FOUR RDS.
HARRY WILLS
THE BROWN PANTHER IS OPEN FOR A BUSY WINTER CAMPAIGN IN HOPES OF FORCING JACK DEMPSEY TO MEET HIM NEXT SUMMER
DICK DORGAN

Harry Wills, the Brown Panther of New Orleans, prowling around Fistiana again looking for a crack at Dempsey's golden crown.

Wills hasn't lifted a glove in over a year, waiting for the chance. He has passed up numerous offers to meet others, mostly the lesser lights, figuring that this would force Dempsey to meet him. Being unsuccessful in this and the old larder getting low, Harry announced he would don the mitts again and meet some of the other boys. But practically no white men will tackle him, so he has to be content meeting second and third-rate colored gents.

Tom Gibbons, Luis Firpo and Jack Renault have all refused offers to meet the Brown Panther in an elimination for a sole contender. Renault's manager frankly admits that his charge isn't seasoned enough for a match with either Dempsey or Wills at this time, for which Jack can be excused. Gibbons and Firpo, though, are out for a return match with the Champion and that alone.

Harry has engaged in two fights so far this year. One with Homer Smith, whom he knocked out in two rounds, and the other with Jack Thompson, the big Boston black who lasted till the fourth session.

"Sunny Jim" Coffroth of 'Frisco wanted to open up his place at Tia Juana with Dempsey and Wills as the big attraction, but the Champ passed it by. Now Tex Rickard is angling for a Firpo-Wills show which he thought would take place close to New York somewhere next summer before the "Wild Bull" charges Dempsey again.

Rumors, Denials, Alibis

By F. A. GRAHAM

Money talks, sure enough, but it has nothing on the line of conversational rumors that emanate from baseball magnates. They spend hundreds of thousands of dollars every year about this time (in conversation), on new players. They peel off $40,000, $50,000 or any old sum, just like that, and hand it out for minor league stars and much more for real twinklers. After dinner spielers look like tongue tied yokels along side the gabby spendthrifts of baseball.

* * *

Ray Kremer is sold to the Pittsburg pirates for three players and a "barrel of gold." Imagine that. Knowing the Pirates, one concludes that the "barrel" is of the ink well variety.

* * *

The Boston Americans buy Dud Lee, shortfielder, from Tulsa for $50,000. Manager Fohl of Boston never batted an eye when he said it either. Beside which they gave Johnny Mitchell, once the apple of the eyes of Vernon fans, in exchange.

* * *

Red Baldwin, Angel backstop, sold to Seattle for a sum in excess of $3,000. 'S better. Sounds more like the waiver price that owners like to pay, (in money, not conversation).

* * *

Carl Sawyer has been traded to Wichita in the Western league. That is to be lamented. Many a fan went to Washington park in Los Angeles last season, after becoming thoroughly disguested with Vernon, just to see Sawyer clown around. He was a real drawing card and if Vernon doesn't make a better showing next year Eddie Maier will be several shekels shyer next September than he would be if Carl was out there giving the faithful bugs some reason for spending their money. When Sawyer started his clowning, the fans forgot what bums the rest of the outfit were.

* * *

Marty Krug seems to have the right idea at last. What the Angels need is a good house cleaning, and some new timber in place of some of the hams who have been fixtures on that team since Pike's Peak was a hole in the ground. Krug has been after some new players to build with next year. Pennant winners can't be made in one season, as a rule and some youngsters next year, if of the right combination, should put the Angels up where they belong the following season at least.

* * *

Outfielder Billy McCabe, Pitcher Elmer Ponder and Infilder Red Smith, have been reported sold to the Atlanta club in the Southern league. The sum was not given, but it is said to be the largest ever paid between two minor league clubs. There's real modesty for you. Krug and Bert Niehoff, manager of Atlanta, probably think their brothers are spending enough conversational dough without them horning in. But if Bert paid much of a sum for Ponder, the chances are he will ponder the why of what caused him to do so before long. That is, unless Ponder does better than he did last season. Red Smith was fair, but hardly up to coast league standards any more. McCabe appeared good enough for another year or two here, but evidently Krug thought different.

* * *

Bill McCarthy, one time president of the Pacific Coast league, has at last been sold the idea that his bulldozing tactics are all wrong, and that the league can and will joyously get along without him. Bill certainly enjoyed himself while the riot lasted though. But he just naturally disturbed himself out of a good job and couldn't hear the warning for his own steam.

* * *

The star pitcher of the Cincinnati Nationals, Eppa Rixey, has been sold to Miss Dorothy Meyers of Cincinnati, via the engagement route. It has not yet been announced when Rixey will go to work for his new boss.

Too Many Thirteens For Negro Candidate

SACRAMENTO, Dec. 15.—Rev. T. Allen Harvey, colored minister, who has been an unsuccessful candidate for city councilman at several consecutive elections, will not again enter the political arena.

At the recent election, the minister ran last in a field of twenty-three candidates.

Further investigation, when the compilation of votes was made by City Clerk Harry G. Denton, showed that Harvey had received 13 votes in each of seven precincts. In ten other precincts, he missed the unlucky number by one vote, polling 12 in each of these.

The spider's web is a life net for one, a trap for another.

Athletic Co-eds Will Convene at Berkeley

BERKELEY, Cal., Dec. 15.—Representatives of 500 colleges throughout the United States have been invited to attend the Athletic Conference of American College Women to be held at the University of California in the spring of 1924. This organization, which is a national body composed of college women vitally interested in athletics, holds a national convention every three years. Fifty-two colleges were represented at the last conference, which met at Bloomington, Indiana, in 1921.

During the interval between general conferences sectional meetings are held simultaneously in the eastern, western and Central divisions of the country. Delegates from the western section met in April of 1922 at Stanford University.

Lyons Will Get Back Historic Golden Keys

LYONS, France, Dec. 15.—Two golden keys for the city of Lyons, for more than 100 years retained in Vienna as spoils of war taken by the Austrians in their invasion of France in 1814, are about to be returned to Lyons.

Citizens of Lyons tried to insert a stipulation in the Treaty of Versailles that Austria should return the prized keys to her. They didn't succeed.

Since then M. Poincare has been negotiating with Vienna and has come to an agreement with the Austrian authorities for the exchange of the keys for certain Austrian works of art, being exhibited at the Lyons fair at the time of the outbreak of the war and seized by the French.

Two more keys now in Vienna will be brought back to the old Lyons Museum to take their place beside the third key to the city, which was overlooked by the Austrians in 1814.

Traffic Officers to Get Pay from Budget

SACRAMENTO, Dec. 15—Traffic officers at large and inspectors under the direction of the State Motor Vehicle Department are not affected by the recent decision of the Third District Court of Appeal adjudging invalid the county traffic patrol provisions of the Breed Motor Vehicle Act, it was declared by Will H. Marsh, superintendent of the department.

Marsh said that provision is made in the departmental budget for payment of these officers.

GAMBLING TABOO AMONG CONVICTS

What Will Happen if Their Liberties All Taken Prisoners Ask

MADRID, Dec. 15—Habitues of the Reformatory Prison at Granada are on their dignity as a result of the decree forbidding gambling in prison.

Surprising a party of prisoners playing "monte"—a game of chance absolutely forbidden following the recent coup d'etat—the jailers shut up the prisoners in punishment cells, whereat they protested loudly that the game had been tolerated in prisons from time immemorial. Other inmates joined in the protest, and the result was a combined attack on the wardens, who were forced to call in troops with fixed bayonets before the mutineers were reduced to obedience.

A more severe regime is now in force, and the prisoners are even more displeased. A petition has been sent to the directorate complaining of the tyranny of a regime that forbids gambling and refuses prisoners the right to carry knives and daggers. In short, they ask the directorate: What is going to happen to the country if there is no liberty left even in the prisons?

Thanksgiving Shower Brings $1,000 Check

OROVILLE, Dec. 15. — The management of the Oroville Orange and Olive Exposition is in receipt of a check for $1,000 from an insurance company because it rained on Thanksgiving day, against which possibility they took out insurance.

Notwithstanding the rain in the afternoon, a record attendance was reported.

FOOTBALL FOUNDER

Gerrit Smith Miller reputed to have been the founder of organized football, and though still alive at seventy-eight, has been honored at Dedham, Mass., by a tablet set in the Noble and Greenough school there. Charles W. Eliot, president emeritus of Harvard, where Miller attended college, was present at the ceremony. **In 1862 Miller captained and led to victory the first football team formed in this country.**

ANAHEIM ACTION HITS AT LEAGUE

Cellar Champions Drop Out, Leaving Glendale and San Pedro in Air

There is a pretty how-de-do in the ranks of the Triple A league, all over the services of one Jimmy McDowell, home run king of the Western league, where he pastimes with Frank Isbell's Wichita outfit.

Jimmy started the season with Sawtelle under the guidance of Larry Arnold, but week before last, jumped to Anaheim, the cellar champions. Now Arnold comes forth and claims the services of McDowell, and Vic Ruedy, Anaheim pilot, is just as anxious to retain him.

After much bandying of words which the postal authorities will not allow us to print, Anaheim withdrew from the Triple A league, stopping payment on the $100 check posted as forfeit money at the beginning of the season. The additional $100 posted by Anaheim as prize money, was immediately gobbled up by the remainder of the Triple A managers.

Leaves 'Em in Air

Their withdrawal leaves San Pedro and Glendale holding the sack, as the home team gets all the gate receipts in the Triple A league, and to date these two teams have played in Anaheim but have not as yet had any return game.

This leaves Shell Oil with an open date this Sunday. 'Twas ever thus, says Frank Kerwin, of the White Sox.

HAD 49 OPERATIONS

POMEROY, Ohio, Dec. 15. — After undergoing 49 surgical operations for removal of dropsical fluid from her body, Mrs. Ezra Bush, 77, died here. Her case is said to be unique in medical annals.

Should Have Gone on to Berlin, He Says

COLUMBUS, Ohio, Dec. 15.—"We could have gone on to Berlin in our offensive, and should have done it, punishing Germany at every step," declared Attorney James E. Campbell, of Columbus, former governor of Ohio. "Signing of the armistice was the biggest mistake the allies made in the World War.

"We could have retained possession of Germany and should have administered it as a conquered province until all the reparations were paid, even if it required 50 years," continued former Governor Campbell.

"Germany did not suffer from the war. She did not lose any property. Her country was not devastated. Germans do not mention one word of remorse, or contrition, at being responsible for the greatest, and most horrible, conflict the world has ever known."

'Applied Romance' New Course for Schools

PITTSBURG, Pa., Dec. 15. — A course always unlisted on school curricula but always present has so many who are practicing it in the local high schools that the authorities have called in the children's service bureau to help solve the problem.

School authorities call the course "applied romance," and its followers are causing them considerable trouble. Despite the watchful eyes of the instructors, petting parties and rather indiscriminate spooning occur in various nooks and corners of the buildings.

The situation is further complicated by the number of male graduates who drop back to make little visits at the schools and leave with fair young students for afternoon automobile rides.

The children's service bureau has not yet made its recommendation.

MUCH SPENT FOR CARS

Approximately $10,000,000,000 or about 50 percent of the entire national debt, will be spent by the American public for motor vehicles during the present year.

By injecting dye into the cocoon, a French scientist claims the worm will spin colored threads that will not fade.

British Medical Men to Visit South Seas

LONDON, Dec. 15.—Investigations into the causes of the decline of population among the people of the South Seas are about to be carried out by a British medical mission.

Organized by the London School of Tropical Medicine, an expedition, headed by Dr. P. A. Buxton, who will be accompanied by an entomologist and bacteriologists, will leave here soon for Samoa, where the expedition will make its headquarters.

The expedition will receive assistance from the New Zealand government and it is intended to make an exhaustive examination into the medical and hygienic problems connected with the inhabitants of the South Sea islands.

Buxton and his associates expect to spend two years in their investigations, in the course of which they hope to learn something about tropical diseases generally and especially about those diseases frequently the cause of havoc among the people living in the islands of the Pacific.

"On our way we shall endeavor to see something of the great work done by the government of the United States in the Panama Canal Zone," said Buxton in an interview.

"The question has become an urgent one, owing to the great decline of population in that part of the world, and we hope to contribute something towards a solution of the problem."

Auto Not Necessity Under State Ruling

SACRAMENTO, Dec. 15. — Despite the more than one million automobiles in California that daily are operated by their owners, not even the humble flivver is recognized in the state statutes as an indispensable factor in daily life.

W. D. Wagner, head of the State Department of Institutions, asked Attorney General U. S. Webb for a ruling on the matter and was informed that while the automobile might generally be considered a necessity, it is not so recognized in state law.

HOW OIL LUBRICATES

One gallon of motor oil lubricates 1,000,000 square feet of cylinder area in an automobile before it is completely burned.

THRONGS CROWD FERBER OPENING

New Department Store Open Doors to Shoppers In E. Broadway Home

The A. Ferber Company, Inc., couldn't have selected a more ideal time to open the new department store at the corner of Broadway and Maryland avenue than the holiday time, when all Glendale is a-shopping. In response to the cordial invitation to the opening published in The Glendale Evening News on Thursday, crowds of Glendalians thronged the store yesterday afternoon and evening, visiting all parts of the new building, inspecting the stock in the various departments and enjoying a fashion revue and orchestral music.

Special receptions had been arranged for the entertainment of the guests, a fashion matinee with music by Kelly's Shrine club orchestra playing, was the feature of the afternoon, and a similar program was given again at night.

Gift of Flowers

As each guest was received a large carnation was presented as a simple favor of the affair. In addition gifts aggregating over $50 were distributed to those holding the lucky numbers.

Men, women and children were seen in countless numbers journeying to and from the attractive new Burn-Davis building, in which the store is located. Although the afternoon and evening were devoted to informal receptions, nevertheless the tempting offerings in the various departments proved attractive, and the sales for the day were most gratifying.

This new store is indeed splendidly equipped for housing the Ferber business, which has thrived since its establishment in Glendale.

It is of interest to Glendalians that, simultaneously with the opening of the Glendale store, the Ferber company will open their new store in Fullerton, which is similar to the local institution.

Stocks Displayed

On the occasion of the opening yesterday countless things of interest were shown on the various floors. On the first floor were silks, woolen yard goods, linens, cottons, bedding and allied lines. Other things on this floor are hosiery, underwear, men's furnishings and toilet goods.

One of the chief features of the first floor is an elaborate soda fountain, completely equipped for serving lunches.

On the second floor one finds women's wearing apparel, and under the stairway entrance the infants' department.

If the enthusiasm displayed by Glendale people yesterday may be taken as a basis for prediction the business success enjoyed by the Ferber company in their first store on Brand boulevard will be greatly augmented in the new building and location.

Says Women Athletes Add Little Longevity

BERKELEY, Cal., Dec. 15.—"Modern woman's increased physical activity is as yet but a small factor in prolonging the span of life," said Dr. R. O. Moody, professor of anatomy at the University of California, commenting on a statement recently given out by the American College of Surgeons, in which modern women were given a large share of credit for lengthening human life.

In time, according to Dr. Moody the woman of today will be a potent factor.

Efforts by the medical profession and child welfare organizations to decrease infant mortality is, in Dr. Moody's opinion, the most important influence at present toward longevity.

CELEBRATE YEAR OF STORE'S LIFE

Shafe's Anniversary Shows Business Venture Meets With Big Success

Anticipation of success in a business venture can only be surpassed by celebrating the first anniversary with the satisfactory realization that the year has brought success and happiness and is crowned by congratulations from fellow business men, loyal patrons and friends.

One of the events of the Christmas season a year ago was the opening at 125-A South Brand boulevard of the J. H. Shafe company's book, stationery and art store. Upon the opening the store was gay with holiday things and the bustle of the holiday shopping activity began a year of business happiness for Mr. Shafe and his associates.

Shopping Center

This fine atmosphere was continued throughout the year and through the months Glendalians have come to recognize the Shafe store as a most satisfactory shopping center.

This year the specially built racks for displaying holiday cards are again praised by holiday shoppers, who find the display of beautiful greeting cards conveniently arranged for them.

The splendid stock that is offered during the year is augmented by countless tempting things for Christmas and Mr. Shafe is celebrating the first birthday anniversary by inviting Glendalians to visit his store during the pre-Christmas days.

MUSIC BASIS OF GOOD CHARACTER

Boy or Girl With Musical Training, Says Teacher' Seldom Goes Wrong

SACRAMENTO, Dec. 15.—More than 300 music teachers in California public schools are expected to attend the State Music conference to be held here under the auspices of the State Department of Education, January 10-12, inclusive.

In calling the conference, Mrs. Grace Stanley, state commissioner of elementary schools, declared that good music develops character and inspires creative work, while the weird strains of modern jazz productions undermine morals and develop only the imitative faculties of youth.

The main purpose of the conference is to stimulate interest in music courses offered in the schools and thus combat the jazz craze.

Standardization of music courses and the teacher training problem will be among other subjects brought up for discussion.

Less than 5 per cent of the pupils in California high schools enter classes in music, Mrs. Stanley asserted, and one of the chief needs of the average student is a musical education.

"The boy or girl who has a real appreciation of music, and whose musical nature is not neglected, seldom goes wrong morally," the state commissioner said. "This has been determined by a close study of individual cases, and it is an established fact that music makes for good character.

"We believe that America's greatest need today is men and women who are creative rather than imitative. Music inspires thought. Jazz nurtures a race of mimics."

'CHARLOTTE OF TOMATE'

PARIS, Dec. 15.—From old Provence, renowned for its good cooking, comes an unusual dish called "Charlotte aux tomate," which makes a pleasant change of vegetable dish.

Put five spoonsful of the very best oil into a casserole and heat thoroughly. Fry in this an onion, chopped in fine pieces, and then a layer of tomatoes cut into slices. Salt and pepper well, and then add a layer of boiled potatoes, also cut into rondelles and seasoned. Add another layer of tomatoes, etc., until a sufficient quantity is prepared, ending up with a layer of tomatoes on top. Scatter over it small lumps of butter, and powder well with grated cheese.

Bake in a moderate over for twenty minutes or one-half hour.

TUJUNGA

THREAT OF FIRE HALTED BY WIND

Breeze Changes Just in Time To Avert Tragedy in Foothill Towns

There is an old saying "It's an ill wind that blows no one good" and Tujungans, and possibly La Crescentans to the east, and Sunlanders to the west, have reason for additional faith in it. For it is a certainty that had there not been a gale blowing Tuesday morning after 1 o'clock the fire that swept across the hills from near Burbank through Stough canyon, would have crossed the hills south of Tujunga and the result is too pregnant with disaster to speculate upon.

Ringing of church bells, usually a peaceful sound striking a responding chord in the villagers, fill the most unemotional with apprehension when rung other than at meeting time, for fire alarms are sounded in this way, to call the volunteers to defend their own and other homes from the red demon. Fire is probably the most dreaded destructive agent known to the hill people, for they have only the primitive method, used through the ages, to combat it, smothering it with dirt or beating it down with wet sacks. These are of doubtful efficiency when there is no wind, but when a gale is blowing, such as has swept the Tujunga valley and surrounding country for a week, these methods are useless.

Bells Spread Alarm

Tuesday morning, shortly before 2 o'clock, the church bells began to carry their dread message to the sleeping hill tribes. They rang for more than an hour and a half. Sometimes it seemed that they had stopped, but the gale would temporarily slacken and the sinister sound could be heard again. Men hastily donned their clothing over night clothes, and rushed forth armed with shovels, while women started fires in their stoves and prepared to make coffee against the time when their men folks would return, hungry and weary, from their battle with the flames. This becomes a matter of course with the seasoned hill people. No time is wasted in hysterics, for every minute counts and the women do their share, a big share, in subduing every fire. If the fire is long and obstinate, food and drink are carried to the front lines, but in any case the women recognize the importance of sustaining the inner man while the outer is facing injury or worse, in the smoke and flames to protect home and family.

Coming as it did on the heels of the McGroarty fire Sunday morning, when the poet's new eighteen-room, twenty-thousand dollar home was consumed in flames, less than twenty-four hours after the house-warming, the Tuesday morning alarm was enough to strike terror to the heart of the most hardened fire fighter in the hills.

Phone Lines Down

Telephone lines were down and communication with other towns by that means impossible. With the hills ablaze and the sky an angry red, the task of subduing that roaring menace was one that the volunteer fire fighters, with their useless shovels, despaired of accomplishing. It is even doubtful if modern fire extinguishing apparatus would have been effective against such a volume of flame.

But the wind, which had previously received the earnest and whole-souled condemnation of one and all for the havoc it had caused, proved to be a blessing in disguise, for the onrushing flames were halted at the crest of the hills south of Tujunga, when it appeared certain that the town, or at least a part of it, was doomed. Just when it seemed certain that the flames would rush down the northern side of the hills as they had raced up the southern side and descend on the homes clustered along the base, the wind took a merciful hand and held the fire line at the ridge of the hills, blowing flames and sparks back into burned territory. The hungry fire perished from starvation, unable to reach and devour the attractive meal before it.

Thus the wind, upon which maledictions had been heaped by disgruntled hill dwellers, changed certain tragedy into ordinary drama, with a satisfactory, if not happy, ending for those who dwell in the protecting shadow of the cross of San Ysidro, patron saint of little homes which was erected last Easter morning on Mt. McGroarty by the congregation of the faithful.

The past summer has been marked by many disastrous fires, not only in Tujunga, but in other regions. While much property has been damaged and some homes destroyed, no lives have been lost or anyone injured in Tujunga, and next Easter morning will see thousands of pilgrims giving thanks and renewing pledges of devotion at the cross that watches over the valley of Little Homes from the top of Mt. McGroarty, so named in honor of California's philosopher, who makes his home there.

GROWS MUCH TOBACCO

The Transvaal produces about half of South Africa's tobacco.

Young shoots of the broad-leaved laurel are poisonous and are often mistaken for wintergreen.

CHURCHES

Central Christian

Church at Colorado and Louise streets. Rev. Clifford Cole, pastor; Floyd Mercer, superintendent; Viva Lee Weidman, choir director. Church school 9:30 o'clock, with the following departments: Cradle roll, beginners, primary, junior, intermediate, high school, young people and adult, graded instruction; morning worship 10:30, sermon by Rev. Cole, "The Fractional Heart"; young people's rally 4 o'clock, selections by the Broadway Christian church male quartet, address by Wayne Neale, of Los Angeles, refreshments preceding the regular C. E. hour; evening service 7:30 o'clock, sermon by Rev. Cole, "The Symbols of Christian Youth."

Music in morning, "Prelude," (Handel), Mrs. M. G. Musser; trio "Just for Today," (Ambrose), Mesdames Stoler, R. P. Jodon and Viva Lee Weidman; offertory, "Adoration," (Atherton); response, "Bow Down Thine Ear," (Giebel); anthem, "Oh, That I Had Wings Like a Dive," (Simeton); postlude, "Postlude," (Benert).

At night, special music by young people's choir.

First Baptist

Church at corner of Wilson avenue and Louise street; Rev. Ernest E. Ford, pastor; Rev. Charles H. Tilden, associate pastor; H. W. Carver, musical director; Eva Kurtz Ghrist, organist; Roy L. Kent, superintendent of Sunday school. Sunday school 9:30 o'clock; morning worship 11 o'clock, sermon by Rev. Ford, "A Divine Commission"; three young people's meetings 6:30 o'clock; evening service 7:30 o'clock, sermon by Rev. Tilden, "Careless Decisions"; mid-week meeting Wednesday night 7:30 o'clock, "The Meaning of Christmas"; Christmas exercises by the Sunday school Friday night.

Seventh-Day Adventist

Church at corner of Isabel street and California avenue; Elder R. W. Parmele, pastor; Sabbath school (Saturday) 9:30 o'clock; preaching service 10:45 o'clock; preaching Sunday night at 7:30 o'clock; district prayer meetings in fourteen districts of the city, in the church Wednesday night at 7:30 o'clock: Y. P. M. V. Friday night at 7:30 o'clock.

Holy Family Catholic

Church at corner of Elk and Louise streets. Rev. Michael Galvin, parish priest; Rev. Patrick Curran, assistant. Masses at 6:30, 8, 9:30 and 10:30 o'clock. Rosary service closing with benediction at 7:45 o'clock. For the convenience of the congregation, four masses will be held every Sunday.

St. Mark's Episcopal

Church at corner of Harvard and Louise streets. Rev. Philip W. Kemp, rector; Holy Communion 7:30 a. m.; church school 9:30 a. m.; morning prayer, Litany and sermon 11 o'clock; evening prayer and sermon 7:20 o'clock.

Vested choir, Mrs. Charles A. Parker, director; Mrs. Joseph Kitt, organist.

In morning, processional, "New Every Morning Is Thy Love"; Venite (Crotch); Benedictus es Domine (Iteggall); Benedicite (Garrett); Introit, "Brief Life Is Here Our Portion"; offertory, "The Radiant Morn" (Woodward); Recessional, "Christ Is Made the Sure Foundation."

At night, Processional, "Sweet Is the Work My God, My King"; Magnificat (Russell); Nunc Dimittis (Barnby); Introit "Sun of My Soul, Thou Savior Dear"; Offertory, "We Give Thee But Thine Own"; Recessional "O Help Us Lord, Each Hour of Need."

Congregational

Church at North Central and Wilson avenues. Rev. C. M. Calderwood, pastor; O. E. Von Oven, church school superintendent; Howard Edward Cavanah, director of music; Miss Lilla E. Litch, organist; church school 9:45 o'clock; morning worship 11 o'clock, sermon by Mr. Calderwood, "Christianity and Politics"; Christian Endeavor 6:30 o'clock; evening service 7:10 o'clock, sermon by Mr. Calderwood, "Contrary Winds."

Music in morning, prelude "Andante Con Moto" (Steane); quartet, "Savior, Like a Shepherd Lead Us" (Frey); offertory "Intermezzo" (Dunham); soprano solo by Mrs. J. D. Cole; postlude, "Marche Romaine" (Gounod).

At night, prelude, "Monolog" (Rheinberger), "Pastoral" (Salome); quartet, "With Thee, O Master" (Wooler); offertory, "Romance" (Tours); postlude, "Grand Chorus" (Gregorian), (Guilmant).

Christian Science

Church at corner of Maryland and California avenues. Sunday service at 11 and 8 o'clock. Testimonial service on Wednesday night at 8 o'clock. Reading room, Ralphs building, open daily except Sundays and holidays, 12 until 5 o'clock; Tuesday, Thursday and Saturday 7 until 9 o'clock.

First M. E.

Church at corner of Wilson avenue and Kenwood street. Dr. Henry I. Rasmus, Sr., pastor; Rev. Henry I. Rasmus, Jr., associate pastor. Sunday school (graded) 9:30 o'clock; Prof. A. W. Tower, superintendent; Miss Isabelle Isgrig, musical director; Mrs. T. W. Randall, organist. Sunday school 9:30 o'clock; morning worship 11 o'clock, sermon by Dr. H. I. Rasmus, "The Two Creeds of Christ"; young people meet at the usual hour; evening service 7:30 o'clock, sermon by Rev. Rasmus, Jr., "One Soweth and Another Reapeth."

Music in morning, prelude; anthem, "Hark, Hark My Soul" (Shelly); offertory, "Calm As the Night" (Goetz), Miss Isprig and Frank Butterfield; postlude.

At night, prelude; anthem, "Star of the Orient" (Parker); offertory, "Arise, Shine, For Thy Light Is Come" (Buck); solo, selected, J. B. Clark; postlude.

Glendale Presbyterian

"Church of the Lighted Cross" Harvard and Louise streets Rev. W. E. Edmonds, pastor; Rev. Louis Tinning, assistant pastor. On account of the unfinished condition of the new church building, and the postponement of the dedication ceremony to December 30, the morning worship will be in the Glendale theatre at 11 o'clock, with sermon by Rev. George L. Snively, of Illinois, "The Great Salvation"; Sunday school, fully graded, 9:30 o'clock in new building; men's Bible class 9:30 o'clock in city hall; Christian Endeavor 3, 6 and 6:15 o'clock; evening service 7:30 o'clock, sermon by the pastor.

Special music at all services.

Gospel Tabernacle
(Christian and Missionary Alliance)

Church at corner of Louise and Chestnut streets. Rev. C. H. Chrisman, pastor. Sunday school 9:30 o'clock; morning service 11 o'clock, sermon by Rev. Chrisman, "The Five Great Causes of Defeat in the Deeper Christian Life"; three young peoples' meetings and two prayer meetings for adults at 6:30 o'clock; evening service 7:30 o'clock, sermon by Rev. Chrisman, "The Translation of the Saints at the Second Coming of Christ."

Pacific Avenue M. E.

Church at the corner of Harvard street and Pacific avenue. Rev. H. C. Mullen, pastor. Sunday school 9:45 o'clock; morning worship 11 o'clock, sermon by Rev. Mullen, "God's Afterwards"; Epworth League 6:30 o'clock. Mrs. Donald Magill, leader; evening service 7:30 o'clock, sermon by Rev. Mullen, "The Devil at His Best."

Zion Evangelical Lutheran
(Missouri Synod)

Church at corner of California avenue and Isabel street. Rev. Henry O. Kringel, pastor. Miss Mildred Fischer, organist. Sunday school 9 o'clock; communion 9:30 o'clock; morning worship 10 o'clock, sermon by Rev. Kringel, "Jesus Enters Jerusalem"; Gospel lesson Matt. 11, 2-10, "John the Baptist in Prison."

Casa Verdugo M. E.

Church at corner of Park and North Central avenues. Rev. J. C. Livingston, pastor; Sunday school 9:45 o'clock, George E. Tyrell, superintendent. Morning worship 11 o'clock, sermon by Rev. John D. Davidson; young people meet at the usual hour; evening service 7:30 o'clock, sermon by Rev. Livingston, "The Cost of Unbelief."

Special music at both services.

Tropico Presbyterian

Church at corner of Central avenue and Laurel street; Dr. James Winnard, pastor; Sunday school 9:30 o'clock; morning worship 11 o'clock, sermon by Dr. Winnard, "God's First Command"; Christian Endeavor at the usual time; evening service 7:30 o'clock, sermon by Dr. Winnard, "Thy Will Be Done."

First Lutheran

"The Friendly Church." Church at 233 South Kenwood street. Dr. H. C. Funk. Sunday school 10 o'clock; morning worship 11 o'clock, sermon by Dr. Funk, "The Gospel of Good Cheer"; vesper service with address by Dr. Funk, 7:30 o'clock.

Singing led by J. H. Niebank.

Bethel Chapel

Meets at 633 East Colorado street. Arthur W. Frodsham, pastor. Sunday school 10 o'clock; morning worship 11 o'clock, sermon by Rev. Frodsham, "Modern Jerichos"; evening service 7:30 o'clock, sermon by Rev. Frodshan, "The Exodus, or Taken Ones"; Thursday night, 8 o'clock, lecture, "Signs of the Times, Who Is the Anti-Christ?"

Latter Day Saints

Services in K. of P. hall at the corner of South Brand boulevard and Park avenue. Teacher training class, Clara M. Pinkston, instructress, 9 o'clock; J. H. Krenke, superintendent. Sunday school 10 o'clock; preaching service 11:30 o'clock; relief society on Tuesday, 2 o'clock, Viola D. McIntyre, president; Beehive class Tuesday at 3:30 o'clock, all young women from 14 to 21 welcome. Hyacinth Lambert is beekeeper.

Central Avenue M. E.

Church at South Central and Palmer avenues. Rev. Leo C. Kline, pastor; Dr. Joseph Marple, musical director; Mrs. Casper Tuttle, pianist; D. C. Bear, superintendent; Mrs. Elsie Moore, chorister; L. Baker, president of Epworth League; Sunday school 9:30 o'clock; morning worship 11, sermon by Rev. Kline, Epworth League 6:30 o'clock; evening service 7:30 o'clock, sermon by Rev. Kline.

Broadway Methodist Church

Church at Broadway and Cedar. Rev. L. J. Millikan, pastor. Will J. Meyers, musical director. J. N. McGillis, superintendent. Sunday school 9:45 o'clock; morning service 11 o'clock. Other services as usual.

Occult Scientists

Meet at 113 South Orange street, Rev. and Mrs. Arthur Moore in charge. Sunday night service 8 o'clock. Rev. Arthur A. Moore will speak on "The Hidden Wisdom" followed by psychometry readings.

EAGLE ROCK

DEPICT JAPAN IN SCHOOL PAGEANT

Christian Endeavor Society To Show Nippon's Aim To Higher Things

A Japanese pageant entitled "The Way" will be presented tomorrow night, Sunday, December 16, by the High School Christian Endeavor society, with about thirty young folks in the cast.

The pageant will depict Japan aspiring to stand on the same moral plane as the other great nations of the world, and will tend to show that without Christianity, which teaches full respect of women, this can never be, that no nation on earth can gain the heights without full co-operation with its women.

The parts taken will be as follows:

Spirit of Reconstruction—Dorothy Montgomery.

Attendants—Anna May Monroe, Helen House, Effie Bell, Mary Stewart, Marjorie Jackson, Jeanette Schoeffeil.

Japan—Yvette Oldfield.

Filial Pity—Maie TeSelle.

Patriotism—Ellen Milton.

Christianity—Betty Creswell.

Attendants — Ruby LeClere, Mary Beers, Carol Miller, Virginia Curtis, Margaret TeSelle, Carol Small, Josephine Monroe, Valbork Robertson, Margaret LeClere.

Japanese women and children—Margaret Smith, Kathryn Hyskell, Juanita Church, Florence Brown, Phyllis Crawford, Elizabeth Quarterman.

Prize Contest Announced

The Eagle Rock Chamber of Commerce wants strong pro-Eagle Rock points for the new folder it is getting out, and to stimulate ideas, is offering a cash prize of $25 for the best 500 word sketch of the community.

Material should be addressed to the Chamber of Commerce rooms in the local city hall, at 2035 East Colorado boulevard, and must be received before January 15, 1924, states Donnell G. Montgomery, secretary.

"We want to sell Eagle Rock to others, as it has sold itself to us," says Mr. Montgomery in explaining the motive for offering the prize. "There are many reasons why most of us prefer it here to anywhere else in Southern California. Some of these reasons are along lines of business, others, health, peacefulness, beauty, convenience and so forth. We want to mobilize these reasons into the folder we are getting out, to bring new residents under the shadow of the Eagle."

$2,500 Damage to Park

Eagle Rock canyon was swept by fire last week, seventy-five acres being burned over. Says Lieutenant E. W. Welty, of the local fire department, commenting on this blaze:

"The city of Eagle Rock is extremely fortunate in the way the wind broke on Monday morning. Because, with the gale blowing and a fire of the extent that one was, it is a miracle that the flame was so speedily checked."

On Tuesday of this week the Los Angeles Railway's concession booth at Eagle Rock park was destroyed by fire, the damage being estimated at $2,500. The blaze was started by a defective electric wire, it is believed.

CHICKS HATCHED BY CHINA'S AGED

Eggs Carried in Loose Coats ---Warmth of Body Does the Work

HONOLULU, Dec. 15.—When old men and women in China become too feeble for active work they serve as a sort of human incubator, according to the story told recently by an American actor on his return from the Orient.

They wear loose waistcoats made of a sort of burlap, he said, and place chicken eggs within these coats next to their bodies. The warmth of their bodies hatches the eggs, and as the eggs are put in a few at a time, chicks are coming out of the waistcoats daily. As soon as an egg is hatched a new one is put in its place. It was a sort of a non-stop run, as near as he could determine. The actor added that he tried for four days to get a moving picture of the human incubators, but that all were camera shy and his efforts were unavailing.

Priest Is Fined for Wedding 'in Extremis'

PARSI, Dec. 15.—Abbe Louis Guillouzie, priest of Auray, has just been fined sixteen francs by the Orient Correctional Court because he performed a marriage "in extremis" before the civil ceremony had been performed.

Abbe Guillouzie's defense was the canon law and his own conscience.

Madame Le Crecquer, a widow and mother of two children by W. Muller, was apparently on her deathbed when the priest was called in. Both the dying man and Muller asked the priest to marry them and he complied. The woman later recovered.

Muller is a German by birth, although a naturalized French citizen.

In milk kept at a temperature of 68 degrees F. bacteria multiply more than 4,000 times every twenty-four hours.

Find Potato Beetle in Parcel Post Mail

SACRAMENTO, Dec. 15.—Discovery of fourteen Colorado potato beetles in a parcel post package received at the Escalon postoffice has resulted in placing United States mail under quarantine restrictions to protect California farmers from insect pests, it was announced today by G. H. Hecke, director of the state department of agriculture.

A scoundrel is one who robs life of its due treasures.

High School Pupils Plan European Tour

STOCKTON, Dec. 15.—Thirty or more students of the local high school will tour Europe next year by automobile, it is announced by Professor John G. Iliff, who successfully conducted a similar tour last year by train.

Professor Iliff, however believes better results can be obtained by using motor cars.

The trip last year was made by twenty-one students, and lasted more than three months.

STATISTICS CONFIRM CLAIMS

Glendale Real Estate Market Report Proves Truth of City Slogan

By H. THOMPSON RICH
Of The Evening News Staff.

Indications of even greater real estate activity in 1924 than during the banner year of 1923 are seen in the third semi-annual survey of conditions in the land market throughout the United States, based on detailed reports from 241 member boards of the National Association of Real Estate Boards, and Glendale is shown to stand out once more, size considered, as fully vindicating its claim of "the fastest growing city in America."

In no one of the 241 cities contributing to the survey are general conditions seen to be more favorable for continued growth and prosperity than here in our own Jewel City, where the shortage of buildings is the most acute in the country, with the exception of Cincinnati, Ohio, and Florence, Ala.; where rental property is in great demand, markets active, building permits brisk, the labor balance well adjusted, mortgage money plentiful at 7 per cent and the subdivision movement not excessive.

Steady Increase

The general report on Glendale, in this survey, is "good, with a steady increase in value of unimproved property." Compare this with scores of reports from other cities, reading "medium," "gradual improvement," "conditions rapidly improving," "indications

Diversified Farming Is Road to Prosperity for Agriculturists of State

By GIL A. COWAN
Special to The Evening News

VISALIA, Dec. 15.—Diversity of crops—that is the salvation of the California farmer.

Diversity of business—that is the salvation of the California metropolitan areas.

For instance, Los Angeles does not suffer from a film shut-down when building and shipping and fruit raising are all bringing in a golden stream of wealth.

Likewise, any agricultural community which does not base its economic dependence on one thing, such as raisins, or oranges, or deciduous fruits, or dairying—why they are bound not to feel the effects of poor markets in any one line.

Dairy Was Mainstay

There was a day when the dairy was the backbone of many California counties. Alfalfa and other feed crops were raised on part of the land while other acreage was set out to fruits, nuts, etc.

But the profits paid on citrus fruit for a few years caused great acreage to be planted to that alone. Other people went crazy over raisins in the last few years and they are paying the penalty of not diversifying. Cotton swept the Imperial valley like a white plague, and now thousands of acres are idle.

Tulare county, of which Visalia is the county seat, is particularly fortunate this off-year. Indeed, it is one of the most prosperous farm land areas to be found anywhere in the west. Its people are not only progressive, but aggressive.

They have not too many grapes, or too many dairies, although there is an abundance of citrus. It would be well for the great orange groves to be sliced up into ten or twenty acre tracts, with a few of those acres devoted to cows and chickens.

Monthly Cream Check

As the farmer friend of ours puts it, "There's nothing like the monthly cream check," while his wife depends on chickens for that little extra money which makes life worth living.

There are a lot of people, we know, who would enjoy themselves on California farms who. the sunset in the haze gives the world a cheery glow and the lights twinkling from a neighbor's window, as the stars shine overhead make one know that "this is the life."

California Taxpayer Is Patriotic, Claim

Based on the amount of interest on government bonds not wholly exempt from taxation, reported in their income returns by taxpayers of California and of sixteen Western states, the people of California are more patriotic in their financial support of the Government than are those of the sixteen States combined.

At least this is the inference conveyed by a survey of the income returns filed in 1922 by Collector of Internal Revenue Rex Goodcell.

The report shows that Californians reported for taxation interest on Government securities of this character amounting to $2,224,046, which is greater than the combined total reported by Alaska, Arizona, Colorado, Idaho, Kansas, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Utah, Washington and Wyoming which turned in $2,205,000.

W. T. Dawson of Topeka has been elected head of the Kansas Association of Real Estate Boards for the coming year.

GAIN SHOWN BY TAX ON SALES

October Was Banner Month in Many Lines of Trade, Report Declares

That October was a banner month in the various manufacturing and retail lines in Southern Calofrnia was indicated by Federal taxes paid in November, which showed increased sales ranging from 25 to 207 per cent.

In a report to Washington, by Collector of Internal Revenue Rex Goodcell, the remarkable gain in virtually every line of commercial life in the ten counties centering around Los Angeles was vividly portrayed.

In the manufacturing line automobile tires and accessories made in Southern California registered gains over October, 1922, of 54 per cent. The tax paid by the manufacturers represents sales of $1,921,840 for October, 1923, as against $1,248,580 for the same month of last year, an increase in sales by the manufacturer of $673,260.

Candy Takes Jump

Manufacturers of candy, made here, paid tax on sales of $747,366 compared with $432,822 in October of last year, an increase of $314,544, or 72 per cent.

Manufacturers of carpets, valises purses, paid taxes that indicated increased sales over last October of 186 per cent..

Sales of documentary stamps developed an increase over October, 1922, of 57 per cent. Transfers of real estate amounting to $117,000,000 were indicated by the stamp sales, as compared with $73,000,000 for October, 1922, a gain in transfers of $44,000,000.

Retail jewelers had sales of $1,169,940, as against $766,140 for October, 1922, a gain of $403,800. The tax increase was 53 per cent.

Manufacturers of oleomargarine paid tax on 468,000 pounds of the butter substitute. The increase was 51 per cent.

Visitors Swell Total

The influx of visitors has increased not only the theater attendance which advanced 30 per cent but the cabaret admission tax showed a gain of 200 per cent.

Increases in other lines were as follows:

Telephone and telegraph messages 14 per cent; Sales tax as a whole 35.6 per cent; Manufacturers' Excise 40 per cent; Soft drinks 51 per cent; Manufacturers' tax on yachts and pleasure boats 1029 per cent; Retail dealers' tax on sales of sculpture and painting 207 per cent.

"The tax paid indicates that October, from the standpoint of increased business in Southern California, was the best month of the present year," declared Collector Goodcell.

Credit Witness For Careless Taxpayers

Collector of Internal Revenue Rex B. Goodcell has called attention to the careless manner in which many taxpayers make their sales tax returns, thereby causing delay in payment of their tax, and in some cases in the credit being given to some other person who has signed the form as a witness to signatures.

"A little ordinary common business caution," said Collector Goodcell, "should convince anyone that this office can credit payment only to the name of the person appearing on the return form, and if he is careless enough to have a witness sign where his own name should be, the witness, and not the taxpayer, will get credit for the tax paid.

"Instructions are printed on the back of each sales tax form, which, if read and followed, will enable any person who can read at all to make an intelligible and proper return. Space is provided for the jurat or for witnesses, and their acknowledgments must be in that space.

"There is a great deal of illegible writing in this world," continued Collector Goodcell, "and as sales tax forms are usually first sent out on written application therefor it is not remarkable that some of them have the names misspelled, on account of the clerk's being unable to decipher the applicant's name.

The taxpayer is urged to make all necessary corrections in the name and addresses on his forms, in order that he may receive proper credit for the tax. There are penalties for making improper returns which can be avoided by cooperation by the taxpayer.

NEW RECORDS IN FREIGHT MOVEMENT

Railroads Improve Service By Wide Margin During Year, Says Report

At least eight new records in transportation service to the public have been set by the railroads this year.

This was disclosed in the report of directors of the American Railway association, just received by the Southern Pacific company, reviewing results of the program to furnish adequate transportation to the public, adopted early in 1923, and telling of plans to continue this good work for the rest of the year and in 1924.

The new records established are as follows:

First—The railroads, from January 1 to October 1, put in service 134,636 new freight cars and 2,963 new locomotives—a larger number than in any similar period during the last ten years.

Second—A larger number of locomotives and cars have been repaired and put in serviceable condition than ever before in any equal period.

Third—The railroads handled more freight business between January 1 and October 20 than in any corresponding previous period. The number of cars loaded with revenue freight was 40,545,920. This compares with 34,220,426 in 1922, an increase of 18 per cent, and with 36,827,588 in 1920, the previous record year, or an increase of 10 per cent.

The box car surplus in the grain producing states has been the greatest in history.

Greater Car Mileage

Fourth—The average miles moved by each freight car daily in the first nine months of the year was 27.6 miles and in September reached 29.2 miles. This compares with 22.5 miles in the first nine months of 1922, 22 miles in 1921 and 24.5 in 1920. This figure is based upon the total number of freight cars owned,

Two Incomes Pay Federal Taxes of $449,935 to U. S.

Figures which became available yesterday showed that the two largest incomes reported for taxation in the Southern California District in 1922 were in the $250,000 to $300,000 and $500,000 to $750,00 clases. The two incomes are grouped to conceal the net income and identify the taxpayers, and amount to $779,46.

Collector Goodcell said yesterday that, on these two incomes of $779,406, a tax of $449,935 was collected. Of this amount $60,471 was the normal tax and $389,444 surtax.

Five Californians reported incomes in the $200,000 to $250,000 class, amounting to $1,148,459, and the total tax paid was $519,357. In the $150,000 to $200,000 class fifteen reported income of $2,575,648, on which the tax collected was $1,008,553.

Curtail Use of Term Realtor, Save Ethics

Movement to protect the ethical significance of the term "Realtor" by confining its application to individual members of constituent boards within the National Association of Real Estate boards and withholding it from use in the names of corporations, which in themselves according to law can have no ethical responsibility, is meeting with general acceptance.

Request of the national association that real estate bodies where necessary change their own corporate names to preserve the full ethical significance of the word has already resulted in action by state associations and by thirteen local real estate boards.

The Florida Realtors' association has recently changed its name to Florida Association of Real Estate boards. The board of governors of the Colorado Board of Realtors have voted to eliminate "Realtor" from the association's name.

Cull apples, suitable for juice, in California in one year, will yield 1,000,000 gallons of cider, it is estimated.

GREAT ENTHUSIASM OVER REMARKABLE GROWTH OF GLENDALE IN PAST YEAR

Facts and Figures Prove Conclusively City Has Passed Mark and Is Now Into Stride For 70,000 by Another Christmas

By H. THOMPSON RICH
Of The Evening News Staff.

A veritable landslide of enthusiasm has been created by the announcement published in this paper yesterday that Glendale has gone over the 50,000 mark in population.

Merchants from every quarter of the city have hailed the information with keenest satisfaction. Speaking for the Chamber of Commerce, W. E. Hewitt, its newly elected president, states:

"The Glendale Evening News is to be congratulated on the timely gathering and presentation of data proving that the city's growth has reached and exceeded 50,000. As city-builders, we greet this paper once more as a leader in the upbuilding of Glendale.

"A population of 50,000 means to Glendale a higher assessed valuation, which will in turn bring:

One. More industrial plants
Two. Bigger buildings

"With a substantial foundation of 50,000 people, the city will rapidly take its place as an industrial and business center. It was hard sledding to grow from 2742 in 1910 to 13,350 in 1920—but the momentum we have gained will carry us inevitably to 200,000 by 1930.

"There is no greater reward for effort than lies in achievement. We stand today, on the threshold of 1924, in a position enjoyed by no other city in California, ready to step out into a new year of growth that will carry us to a population of 70,000 or 80,000 by another Christmas."

Such a Christmas present as is Glendale's this year fills a big stocking. It exceeds even the reputation earned in 1920, when by government census report it was shown that Glendale increased its population 393 per cent in the decade then ending, a reputation which has enabled the city to take for its own the slogan "the fastest growing city in America."

Glendale in Front Rank

Now, more proudly than ever, may Glendale wear this slogan—for in a mere three years the city has grown as much as in the entire preceding remarkable decade that won for Glendale the admiration of the world. Long Beach, Alhambra, Pasadena, Burbank, Fresno and other claimants to the title of the "fastest growing" city are hereby served notice that their claims can no longer be seriously considered, in the face of this new evidence. Here is the story:

Population today, over 50,000; last year 32,000; 1921, 23,000; 1920, 13,350; 1910, 2742.

And in building permits, consider this:

Total for 1923 to date, $9,573,188; for 1922, $6,305,971; for 1921, $5,099,201; and for 1920, $3,137,269.

The estimate that at noon today Glendale had a population of 50,168 is arrived at by averaging the following four separate estimates:

Based on school enrollment and attendance, 54,473.

Figure issued from postoffice today, 50,000.

Based on ratio of building permits to population for past three years, 51,200.

Figure compiled from popula-

City Council Minutes

Following are the minutes of the meeting of the Glendale City Council, as prepared by the city clerk:

Council assembled December 13 at 10 o'clock a. m. All members present. Minutes of December 6 read and approved.

Map Adopted

On motion of Councilman Hall, seconded by Councilman Horn, map of Tract No. 6021, same being outside the city, was approved.

Concord, Pioneer and Fairmont

The clerk notified the council that this was time, hour and place fixed for hearing protests or objections against the proposed improvement, or the extent of the district for the improvement of portions of Concord, Pioneer and Fairmont in the city of Glendale as particularly described in Resolution of Intention No. 2186, passed by the said council on the 22nd day of November, 1923, and the clerk also reported to the council that he had not received any written protests or objections up to the time set for the hearing. Whereupon, the mayor asked if there were any interested persons present who desired to be heard, and all interested persons having appeared before the council and having been given full opportunity to show cause why the proposed improvement should not be carried in accordance with the said Resolution of Intention, and all objections presented having been heard and considered; whereupon Councilman Horn introduced a resolution entitled "A Resolution of the Council of the City of Glendale ordering certain improvements to be made on portions of Concord Street, Pioneer Drive, Fairmont Avenue, Patterson Avenue and Doran Street within the said City," which was read, and on his motion seconded by Councilman Hall, the same numbered Resolution No. 2208 and adopted.

Thompson Avenue

The clerk notified the Council that this was the time, hour and place fixed for hearing protests or objections against the proposed improvement, or the extent of the district for the improvement of Thompson avenue in the city of Glendale as particularly described in Resolution of Intention No. 2184, passed by the said council on the 22nd day of November, 1923, and the clerk also reported to the Council that he had not received any written protests or objections up to the time set for the hearing. Whereupon, the mayor asked if there were any interested persons present who desider to be heard, and all interested persons having appeared before the council and having been given full opportunity to show cause why the proposed improvement should not be carried out in accordance with the said resolution of intention, and all objections presented having been heard and considered; whereupon Councilman Kimlin introduced a Resolution entitled, "A Resolution of the Council of the City of Glendale ordering certain improvements to be made on a portion of Thompson Avenue within said City," which was read, and on his motion seconded by Councilman Horn, the same was numbered Resolution No. 2209 and adopted.

Windsor, Garfield, Los Angeles

The clerk notified the council that this was the time, hour and place fixed for hearing protests or objections against the proposed improvement, or the extent of the district for the improvement of Windsor, Garfield and Los Angeles street in the city of Glendale as particularly described in Resolution of Intention No. 2185, passed by the said council on the 22nd day of November, 1923, and the clerk also reported to the council that he had received a written protest, and having been referred to the city engineer for checking and report, was returned showing 12.70 per cent. The mayor asked if there were any interested persons present who desired to be heard, and all interested persons having appeared before the council and having been given full opportunity to show cause why the proposed improvement should not be carried out in accordance with the said resolution of intention, were heard and objection considered. On motion of Councilman Hall, seconded by Councilman Horn, all protests were denied.

Whereupon Councilman Horn introduced a Resolution entitled, "A Resolution of the Council of the City of Glendale ordering certain improvements to be made on portions of Windsor Road, Garfield Avenue and Los Angeles Street in the City of Glendale," which was read, and on his motion seconded by Coucilman Kimlin, the same was numbered Resolution No. 2210 and adopted.

Garfield and Windsor

This being the time set for receiving protests against the opening and widening of Garfield avenue and Windsor road, easterly of Verdugo road, the city clerk reported a protest received, same having been referred to the city engineer for checking was returned showing 22 per cent. Whereupon Councilman Davis introduced a resolution entitled, "A Resolution fixing a time for hearing protests in the matter of the opening and laying out of Windsor road and Garfield avenue as contemplated by Ordinance of Intention No. 874," which was read, and on his motion seconded by Councilman Horn, the same was numbered Resolution No. 2211 and adopted.

Patterson Avenue

This being the time set for continued hearing to set aside as first class district Patterson avenue, Columbus to Pacific, after hearing protests it was moved by Councilman Davis, seconded by Councilman Horn, that all protests be denied.

Moved by Councilman Horn, seconded by Councilman Hall, that action denying be rescinded. Vote as follows: Ayes: Hall, Horn. Noes: Davis, Kimlin, Robinson. Absent: None. Motion lost.

Magnolia and San Fernando

On motion of Councilman Kimlin, seconded by Councilman Horn a four-foot setback line was established on the west ten feet of Lot 23 and Lot 24, Tract 5353.

Real Estate Office

On motion of Councilman Kimlin, seconded by Councilman Horn, Garnette Campbell was granted extension of twenty days on temporary permit for the maintenance of a temporary tract office on Lot 4, Tract 4693.

Pacific Avenue

Petition signed by property owners, asking that both sides of Pacific avenue between Dryden and Palm Drive be set aside as commercial District was read. On motion of Councilman Horn, seconded by Councilman Hall, the city clerk was instructed to set the necessary date of hearing on December 27.

Carnival Show

On motion of Councilman Davis, seconded by Councilman Hall, the Bernardi Exposition Shows were granted permission to show on property at the southwest corner of Park avenue and San Fernando road for six nights starting Monday, December 24.

Sell Milk

On motion of Councilman Davis, seconded by Councilman Kimlin, Burr Creamery was granted permision to sell milk in the city of Glendale.

Widen Park Avenue

Petition signed by property owners asking that Park avenue from Central to Southern Pacific Railroad right of way be widened ten feet on each side of the street, was read. Same having been referred to the city engineer for checking, was returned showing 65.8 per cent frontage and 51.8 per cent district. On motion of Councilman Kimlin, seconded by Councilman Horn, duly carried, the city attorney and city engineer were instructed to draft the necessary proceedings.

Temporary Buildings

On motion of Councilman Hall, seconded by Councilman Horn, the superintendent of buildings was instructed to investigate real estate offices located outside of the commercial district operating without a special permit and to report back.

Fence In Street

On motion of Councilman Kimlin, seconded by Councilman Horn, the city manager was instructed to take up with the owners of property at the northeast corner of Glendale avenue and Broadway, with a view of having the fence, maintained on the street, removed.

Slot Machine Ordinance

Moved by Councilman Kimlin, seconded by Councilman Horn, that the city Council go on record as disapproving the slot machines now in operation in the city of Glendale, and that the city attorney be instructed to take the necessary measures to eliminate same.

Sycamore Canon Road

On motion of Councilman Horn, seconded by Councilman Hall, duly carried, the city attorney was instructed to investigate the legal rights of the city in enforcing No Heavy Traffic Ordinance on that street.

Refunds

On motion of Councilman Horn, seconded by Councilman Kimlin, refund in the sum of $1 for cesspool permit issued for location outside of city, was ordered refunded to F. C. Butterfield.

On motion of Councilman Davis, seconded by Councilman Horn, refund in the sum of $3 for plumbing permit taken out in duplicate in favor of W. T. Ashton, was allowed and so ordered.

Improvement of Monterey Road

The city engineer, in the matter of the proposed ten feet curb lines to protect trees on Monterey road, recommended that parking be put in as requested provided that fifteen foot radius is dedicated at the southwest corner of Adams and Monterey road, and a fifteen foot radius within an additional three feet, opposite the trees is dedicated at the southwest corner of Adams and Monterey road, stating that it was necessary to get an additional right of way along these two corners. On motion of Councilman Davis, seconded by Councilman Horn, duly carried, recommendation of the city engineer was accepted and so ordered.

Heating Health Department

On motion of Councilman Hall, seconded by Councilman Horn, bid of the Southern California Gas Company to install gas heating in the health department quarters for the sum of $230, was accepted and so ordered.

Transfer of Funds

On motion of Councilman Hall, seconded by Councilman Kimlin, the sum of $1010 was ordered transferred from the supply and expense appropriation of the division of repairs to improved streets to the salary appropriation of the division of motorcycle service.

On motion of Councilman Hall, seconded by Councilman Horn, the sum of $250 was ordered transferred from the supply and expense appropriation of the division of repair to improved streets to cover the salary of the extra police judges.

On motion of Coucilman Hall, seconded by Councilman Horn, the sum of $489 was ordered transferred from the supply and expense appropriation of the division of repair to improved streets to the capital outlay of the division of police department for the purchase of an Indian motorcycle.

On motion of Councilman Hall seconded by Councilman Kimlin the sum of $200 was ordered transferred from the supply and expense appropriation to the capital outlay of the police department to trade in one old motorcycle in the purchase of a new Indian motorcycle.

Demands

On motion of Councilman Hall, seconded by Councilman Horn, demand of J. Russell Morton in the sum of $125, and Kenneth C. Newell in the sum of $125 for services as police judge pro tem, were allowed and ordered paid.

On motion of Councilman Kimlin, seconded by Councilman Horn, demand of Dr. J. S. Whytock in the sum of $6 for stray dog destroyed, was allowed and ordered paid.

On motion of Councilman Hall, seconded by Councilman Horn, demand of the Title Guarantee & Trust Company in the sum of $100 property search in the matter of opening and widening of Graynold, was allowed and ordered paid.

Demand—Peter L. Ferry

On motion of Councilman Horn, seconded by Councilman Hall, demand of Peter L. Ferry for rental of machine at the city park in the sum of $101.10 allowed and ordered paid at meeting on December 6, was rescinded.

On motion of Councilman Davis, seconded by Councilman Horn, duly carried, the city manager and assistant purchasing agent were instructed to bring the above demand before the Council with the proper O. K.'s

Health Department Clerk

On motion of Councilman Kimlin, seconded by Councilman Davis, the city controller was instructed to issue warrant in the sum of $140 in favor of Mrs. C. V. Wells for services as clerk in the health department.

Amend Salary Ordinance

On motion of Councilman Davis, seconded by Councilman Horn, proposed ordinance amending Ordinance 806, was ordered amended by amending Section 32 of said ordinance so as to increase salary of electrical, civil and mechanical engineer from $200 to $225 per month.

100,000 Gallon Redwood Tank

On motion of Councilman Horn seconded by Councilman Hall, bid of the Redwood Manufacturers Company for the furnishing of one 100,000 gallon redwood tank, was accepted and all other bids rejected.

Call For Bids

On motion of Councilman Hall, seconded by Councilman Horn, duly carried, city clerk was instructed to advertise for three 75 H. P. motors and equipment.

Ordinances Adopted

U. S. IS SUPREME IN PHONE FIELD

Possesses 63 Per Cent of Entire World's Supply; Europe Has 25 Per Cent

The supremacy of the United States in the extent to which the telephone enters the business and social life of the people is well known. Striking evidence of the degree of American leadership in the telephone field is, however, afforded by a recent compilation of telephone statistics for all countries of the world. According to this survey, there were on January 1, 1922, a total of 21,948,960 telephones in the world. Of these, 13,875,219 were in the United States. That is, the American people, who number but 6 per cent of the total population of the globe, had for their use 63 per cent of all the telephones in the world. Europe, with a population of more than four times that of the United States, had only 25 per cent of the world's telephones; and all other countries combined possessed but 12 per cent of the total telephones in existence.

Only 29 per cent of the world's total telephones are under government ownership; the remaining 71 per cent are owned and operated by private enterprises. Moreover, as the compilation shows, nothing has been achieved under public ownership even approaching the extent of telephone service attained by the private undertakings in the United States. There were, on January 1, 1922, 12.7 telephones for every 100 people in this country, or one telephone for every eight Americans. It is significant, also, that outside of the United States the telephone has reached its highest development in relation to population in Canada and in Denmark, where a large majority of the telephones are owned and operated by private companies. On January 1, 1922, there were 10.2 telephones for every 100 people in Canada and 8.2 telephones per 100 population in Denmark. Although considerably behind the United States in telephone development, these two countries are well ahead of the great powers of Europe where government ownership obtains. Germany, for example, has only 3.3 telephones for every 100 inhabitants. Great Britain and Ireland have only 2.1, and France has only 1.3. Europe as a whole had on January 1, 1922, only 1.2 telephones per 100 people—a state of telephone development attained by the United States in 1900. In this respect Europe is twenty-two years behind America.

Rural Lines Scarce

Another striking contrast between telephone conditions in this country and abroad is brought out by a consideration of the relative extent of telephone service in large and small communities in the various countries. Telephone service has been developed, in practically all foreign countries, mainly in the larger communities, and the less populous places, particularly the rural areas, have a disproportionately small number of telephones. For instance, one-third of all the telephones in Great Britain and Ireland are concentrated in London; one-third of all the telephones in France are in Paris. Farmers' telephone lines, as we know them here, are almost non-existent in Europe.

Nevertheless, the telephone service abroad, even in the cities, is still relatively restricted in extent as compared with the urban telephone systems in this country. There are few cities outside the United States and Canada with as many as ten telephones per 100 population. Yet the thirty-three United States cities of over 250,000 population on January 1, 1922, showed the high average of 17.2 telephones per 100 inhabitants.

Magnolia Boulevard Manor Opening Lot Sale Will Be Held Sunday, December 16

The great opening sale of lots at Magnolia Boulevard Manor, Burbank, has been set for Sunday, December 16, announces F. D. Tweeddale, selling agent, whose tract office is located at Magnolia boulevard and Buena Vista avenue.

"Here is a wonderful opportunity," says Mr. Tweeddale, "to buy real home-sites in a restricted subdivision that insures the seclusion most desired, with the very great advantages of conveniences to schools and business district.

"Right in the path of Burbank's greatest development, which is stretching clear across the valley, opportunities here are as great as any ever were in Glendale, Eagle Rock and similar communities where fortunes have been made on small investments.

All Improvements

"Thousands are now overflowing into the Magnolia Boulevard Manor section from Los Angeles and Hollywood, through Universal City, and from Glendale and Burbank, via the San Fernando road and Olive avenue.

"Here we have 50x138 foot lots, with all improvements to be installed within sixty days and paid for by us, at from $795 to $995, with business lots at $50 per front foot and corners at $60 per front foot, on terms of 20 per cent down and 2 per cent per month, including interest, all payments to be made to the trust department of the California bank, 629 South Spring street, Los Angeles.

Much Building Activity At Sparr Heights Tract; Great Demand For Lots

When Glendale begins rolling up building permits for the 1924 total, the Sparr Heights tract of the Barnum-Walters company will account for a good $750,000 in the first six months of the year, according to M. Walters, who states that in the Montecito Park section alone there will be over thirty houses begun within a matter of days, at prices ranging from $7500 to $60,000.

"Developments at Sparr Heights have from the start been on a monumental scale," says Mr. Walters. "Nearly $3,000,000 worth of homesites have been sold there, together with business lots in the districts so zoned. And the most remarkable fact of all is that a year ago the entire valley was virgin territory.

"We are happily astonished at the way people have grabbed up the homesites, large and small, in this 1500-acre development. Naturally, we expected a quick appreciation of the lavish bounties nature has bestowed here in this dream valley of the Verdugos, but we never in the world expected such a flood of buying as we have experienced."

COUNCIL MINUTES

(Continued from Page 2)

seconded by Councilman Horn, that certain proposed Ordinance introduced on the 6th day of December, 1923, and entitled, "An Ordinance ordering the holding of a Special Election to be held in the City of Glendale on the 8th day of January, 1924, and submitting to the qualified voters of said City a proposition of incurring indebtedness and issuing bonds therefor," be amended to read as draft of said ordinance now in the hands of the city clerk reads.

The ordinance entitled, "An Ordinance ordering the holding of a Special Municipal Election to be held in the City of Glendale on the 8th day of January, 1924, and submitting to the qualified voters of said City a proposition of incurring indebtedness and issuing bonds therefor," which was introduced December 6, 1923, was read, and on motion of Councilman Kimlin, seconded by Councilman Horn, said ordinance was adopted, as amended, and numbered Ordinance No. 890.

Moved by Councilman Horn, seconded by Councilman Hall, that that certain proposed ordinance introduced on the 6th day of December, 1923, and entitled, "An Ordinance ordering the holding of a Special Election to be held in the City of Glendale on the 8th day of January, 1924, and submitting to the qualified voters of said City the proposition whether said voters approve a certain agreement," be amended to read as draft of said ordinance now in the hands of the city clerk reads.

The ordinance entitled, "An Ordinance ordering the holding of a Special Municipal Election to be held in the City of Glendale on the 8th day of January, 1924, and submitting to the qualified voters of said City the proposition whether said voters approve a certain agreement," which was introduced December 6, 1923, was read, and on motion of Councilman Davis, seconded by Councilman Hall, said ordinance was adopted, as amended, and numbered Ordinance No. 891.

On motion of Councilman Hall, seconded by Councilman Horn, duly carried, meeting was adjourned.

Seven Sons Left to Mourn Mother's Death

The sudden death of Mrs. Margaret M. Ogle, who passed away at the home of her daughter, Mrs. Harry Blumenthal, 722 North Central avenue, on Wednesday night, December 12, 1923, at 7 o'clock, comes as a shock to the many friends of the family.

five weeks ago with two sons, expecting to enter into business here. Although 62 years of age at the time of her death she was very active. Two weeks ago she was taken suddenly ill, this illness causing her death.

In addition to her daughter, she is survived by seven sons, Fletcher M. and George of Springfield, Ohio; Warren of Cleveland, Mahlom of Dayton, James C. of Washington Court House, Ohio; Lawrence E. and Walter of Glendale, and a sister, Mrs. J. C. Carter of Ecorse, Michigan.

Funeral arrangements have not been completed, pending the receipt of word from the eastern relatives. Kiefer & Eyerick are in charge.

When hitting the straightest nail sidewise, you will never drive it home.

"DREAM VALLEY"

CALIFORNIA holds no greater beauty than the wonderful 1500-acre residential city that has arisen in one brief twelve-month from a vision to a throbbing reality, here in SPARR HEIGHTS. Ringed by silent peaks, its hills and broader open spaces covered with oaks, its mansions and dainty bungalows half buried in vivid blooms, it is no wonder that MORE THAN THREE MILLION DOLLARS' worth of property have been sold in Sparr Heights and its exclusive residential district, MONTECITO PARK. If you have never seen Montecito Park you have a treat in store. Come today and see the beautiful rounded hills, with the cement streets going in, and the many fine homes already up!

1500 Acres of Sheerest Beauty Yours in

MONTECITO PARK

And the natural beauty of this mammoth residential development—just five minutes north of Glendale on the Verdugo Road—is being enhanced by the best improvements man can make. Cement streets, buttressing walls of thick cement where hillside curves demand them, sewers, sidewalks, streets and curbs, gas, water, electrciity in conduits, ornamental street lights, etc. Hundreds of men are working daily to install these ahead of sales as far as possible.

MONTECITO PARK, in other words, is not just a tract map but an achieved development where you will be proud to establish your home. As a further asset it may be mentioned that every lot in Montecito Park commands a fine view of

Beautiful OAKMONT COUNTRY CLUB

THE developers of Oakmont Country Club bought 115 acres in the heart of Sparr Heights as the most logical place in the county for this wonderful country club. The club building is up and the 18-hole golf course, the swimming pools and the tennis courts are being finished. The opening will be announced shortly. Drive out today or tomorrow and see Sparr Heights, Montecito Park and this lavish country club of ours. You go out West First street and over Glendale Boulevard into Glendale. At Forest Lawn Cemetery turn north on Glendale Avenue and then into Verdugo Road north five minutes to Sparr Heights Community Center Building. It's 25 motor minutes from Los Angeles.

Railroads Set Eight New Freight Records

(Contiued from page 1)

whether in transit or not.

Fifth—Because of these increases in facilities resulting in the more rapid movement of cars a record-breaking business was handled without congestion and with practically no car shortage or embargoes for the first time in years.

Sixth—The amount of freight service rendered with each car was 511 tons carried one mile daily during 8 months of 1923, which exceeds the record of any previous year, and surpasses that of 1922 by over 31 per cent.

Seventh—From January 1 to October 1, the number of tons of coal dumped at Lake Erie ports for movement by boat to the Northwest was greater than in any previous year. The program of providing coal for the Northwest was completed much earlier than in any previous year, thereby making available additional locomotives and cars for other commercial interests during the fall and winter months.

Huge Coal Stocks

Eighth—A greater amount of railroad coal has been placed in stock pile storage than was ever heretofore stored by the railroads, thereby making available additional locomotives and cars for general commercial service during the fall and winter months.

The railroads have spent $1,303,244,000 for new equipment and other facilities this year up to October 1, a record amount.

In addition to these expenditures the Class 1 roads in 1922 expended $1,688,573,271 for materials and supplies used in operation and maintenance and this year will have spent $1,800,000,000 by the end of December for this purpose.

Don't Forget Postman Is Subscriber's Plea

We should remember our faithful and courteous postmen in making Christmas lists, believes R. H. Wells.

"Such a branch of our government, calling as it does for high grade service, should be more adequately rewarded by Uncle Sam," says this subscriber to The Glendale Evening News. "But what Uncle Sam doesn't do, Santa Claus must! So let us include our postmen in our Christmas budgets this year."

MINOR OPERATION

Herbert Forster, 1143 East Palmer avenue, underwent a minor surgical operation Thursday at the Glendale Sanitarium and Hospital.

Nazarenes Will Meet At Brethren Church

Meetings of the Nazarene church will be held tomorrow at the Brethren church at 1032 South Glendale avenue. Sunday school is at 2 o'clock, preaching by Rev. J. T. Hatfield at 3 o'clock; young people's meeting at 6:30 and an evangelistic sermon by Rev. Hatfield at 7:30 o'clock.

Will Spend Holidays With Parents Here

Cadet Cameron C. Barbee, a senior in the Reserve Officers' Training Corps at Northwestern Military Academy, Lake Geneva, is expected home in a few days to spend Christmas with his parents, Mr. and Mrs. Donald C. Barbee, 470 West Riverdale drive.

GOVERNMENT WILLING

WASHINGTON, Dec. 15.—The United States government is willing to have American bankers participate in the floating of an international loan to Germany, it was announced officially at the White House.

Do you own your home? There is every reason why you should. There is no argument against it. From the financial or practical standpoint or from the sentimental, the outlook is the same. Every man and woman has a right to the independence of home-ownership. Every family should have an anchorage.

The foundation of civilization is the permanency of the home life and the constant migration of the average renter is not conducive to the highest good of the family or the community.

The working man who pays rent is a slave and no one realizes it more than he. He toils for some one else. He pays his money and gets nothing in return. He has a roof over his head, but it is temporary, contingent on the tribute that he pays.

The renter's family has no background. They are here today; somewhere else tomorrow. The real home atmosphere does not surround the rented house.

And the wonder is that in these days of high rents there are still many who do not own their homes, for home ownership is possible to practically all. Owning a home in Glendale not only makes for the highest good of the family but it means financial security for the provider. A home in Glendale is not only a home but a valuable piece of real estate growing in value every day.

It has been demonstrated again and again that the man who can pay rent can pay for a home. It is only necessary to take the first step.

Mr. Renter, you can buy or build in Glendale with the money you are now paying for rent. Consider your duty to your family and consult the advertisers on this page.

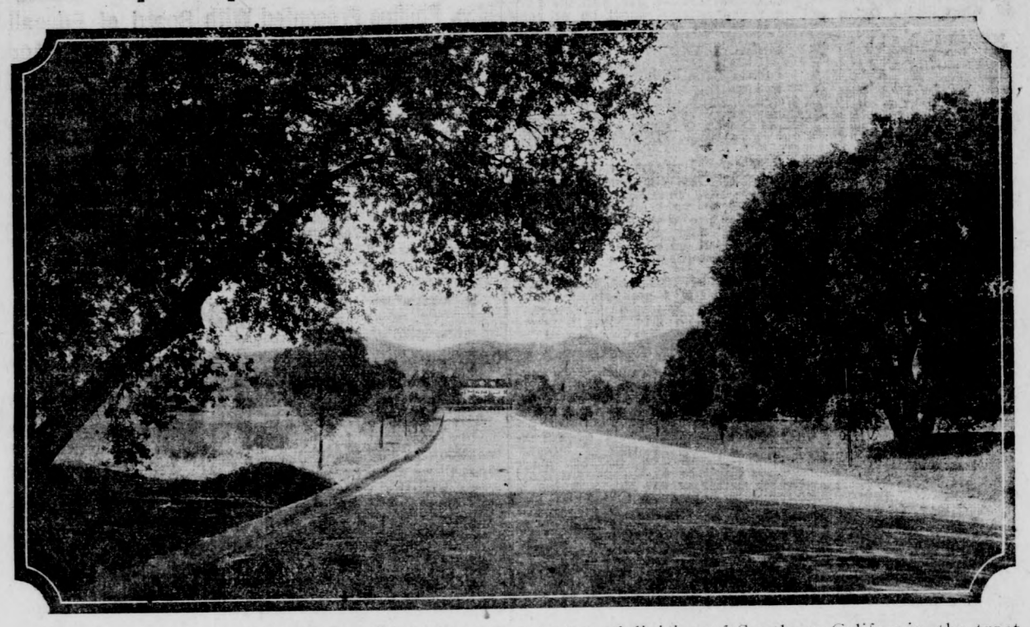
IDEAL HILLSIDE HOME IS FEATURE ATTRACTION AT FLINTRIDGE

Hundreds Of People Inspect House Located On Choice Site; Many Residences Being Built



Here's a picture of a boulevard at Flintridge, the wonder subdivision of Southern California, the tract of a thousand attractions. The ideal hillside home is right now the big attraction at Flintridge. It is situated on one of the choice homesites and is being inspected by hundreds of visitors.

Homebuilders are invariably infuenced in the style of architecture they select by the homes they have previously visited. This has been emphasized time and again during the past few weeks by visitors to the Ideal Hillside Home at Flintridge. "This is just the type of home we want," is the expression that has been heard so often and it is safe to predict that the Ideal Hillside Home will be duplicated many times during the coming year.

The Ideal Hillside Home owes much of its charm to its picturesque setting. Situated on one of the choice Flintridge homesites, it commands an amazing view of the famed La Canada valley below with the imposing Sierra Madre mountains beyond. The charm of the home itself is heightened by the beautiful lawn and shrubbery. Flowers recently planted in generous variety will supply added color to the setting.

The interior arrangement of the home has called forth enthusiastic comment from hundreds of visitors. It is completely furnished throughout in every detail from books on the shelves to linen and silver on the table. Every modern convenience has been incorporated into its floor plan.

Many who come to visit the Ideal Hillside Home stop to marvel at the scope of the improvements and the extent of the home building at Flintridge. Among the homes recently completed are the beautiful residence of Arthur Teweles on Beulah Drive, the new home of J. W. Cummings on Commonwelth Avenue, the homes of Standish L. Mitchell and Louis Cass both of English type on Berkshire Avenue, and the attractive residences of Arthur S. Greer and J. H. Nightingale on Woodleigh Lane.

A network of new roads now makes it possible to visit every portion of the scenic upland regions of Flintridge. Many are now visiting for the first time the new section on the Pasadena side of the Flintridge Hills. This region which directly overlooks the Arroyo Seco drive is within ten minutes of Pasadena and is regarded by many as one of the choicest residential areas to be found anywhere in the entire Los Angeles-Pasadena region. An extensive program of improvements now under way by which the Arroyo Seco will be converted into a series of parks and playgrounds will make this region one of the outstanding beauty spots of southern California.

TAX ADJUSTMENT IS REALTORS' AIM

Nation-Wide Contest Starts To Secure Equitable Assements

Adjustment not only of the proportion of tax burden being carried by real estate in relation to other forms of taxable assets, but also of the proportion of assessment as between types of real estate, is the aim of campaigns for tax reform being initiated by realtor groups in a number of states.

Not only does real estate carry on an average between 75 per cent and 95 per cent of the whole of local tax levies, but there is a further unjust situation in the distribution of the tax burden among the owners of real estate, real estate groups throughout the National Association of Real Estate Boards are pointing out. Development of more scientific methods of tax apportionment so as to reach each man according to his actual holdings is a feature of tax reform campaigns in several states.

Equalize Assessments

A campaign for stadardizing assessments in the state of New York has been inaugurated by the New York Association of Real Estate Boards. Weight of the state association and of New York local boards will be thrown in favor of modern full-value assessing. Standard assessment methods will be put before local assessors and committees of each local board will be formed to co-operate with city officials in regard to the local situation.

Movement to stop the growth of exemptions from real property taxation and income taxation is a provision of the tax program recommended by the association's taxation committee.

A movement to have a modern system of taxation adopted in Ohio has been launched by the Ohio Association of Real Estate Boards following their decisive tax victory at the November election. A referendum vote called by the Association has just repudiated two major tax measures passed by the last legislature.

Want Equitable Rules

An attempt to establish equitable rules for valuation of real estate in Cook County, Illinois, now made feasible by the standardization and stabilization of uses and values resulting from the recently enacted Chicago zoning ordinance, is being followed with interest by the Chicago Real Estate Board and the Illinois Realtor's Association.

Limitation of taxes of real and personal property for state purposes will be the center of aim of the Michigan Real Estate Association for the coming session of the Michigan legislature. An amendment to the state constitution will be proposed providing that the legislature shall not in any year raise upon the taxable properties of the state an amount more than was raised in the current year as a basis plus a two per cent increase of that amount each year. Provision is made for public emergencies.

Wholesale readjustment of local real estate tax assessment valuations is the goal of the Des Moines Real Estate Board, which has offered its services to the city council for re-appraising property in the work or adjusting assessment valuations to remedy inequalities. The Frot Dodge, Iowa, Real Estate Board, acting as an auxiliary board to the local Board of Equalization, has affected adjustments which reduced mileage by increasing the city's taxable valuation $1,000,000.

Barbecue Will Be Served At Burton Heights Tract In Green Verdugo Hills

Announcing another of Joe Romero's free barbecues at Burton Heights for tomorrow, December 16, L. H. Wilson of Wilson & Burton, subdividers, San Fernando road and Central avenue, says:

"Folks, this is is going to be a whale of a barbecue. Last week's Spanish banquet fed 700 enthusiastic friends and home-seekers who journeyed up here to La Crescenta to enjoy Joe's wonderful feed and 'Smiling Bill' Twining's great-hearted hospitality — but this week we're going to be host to 1000 or more, and where last Sunday we sold $54,000 worth of property in the tract, this Sunday we're going to register $100,000 in sales.

"Because, folks, we've got the goods, and that's the straight dope. Government statistics show La Crescenta to be the most healthful spot in the United States, and Burton Heights is right in the heart of La Crescenta.

Favored Section

"You know John Steven McGroarty, 'the poet of the green Verdugo hills,' author of the Mission Play. Well, he lives in this section, and he ought to know for he's traveled all over the world. Says McGroarty: 'God kissed this wonderfully favored section. He caressed it with his unspeakable love. His smile bestowed upon it health-giving qualities, a peace that has come to abide, a quiet restfulness that can not be surpassed.'

"John Steven McGroarty somehow has a way of saying it all," concludes Mr. Wilson. "You can't describe La Crescenta and Burton Heights any better than that. But I want to impress on every single resident of Glendale that the values are abundant at Burton Heights—or I wouldn't be there. Down on San Fernando road, where I have been operating for the past two years, tremendous development has taken place. William T. Burton and myself, as well as Twining & Myers, with whom we are associated in this enterprise, are bringing Burton Heights before the public because we know it is that gilt-edge type of property that we can move fast and where big profits are certain to be made. Otherwise we would not be identified with it.

Barbecue Dinner

"Come up to the tract and have a Joe Romero dinner with us of barbecued meat, Spanish style, and take a look over those big vineyard-covered lots, where the view to the north is of the Sierra Madre mountains, to the south the green Verdugos and the Hollywood hills, to the east Montrose and all that wonderful valley, to the west Sunland and Tujunga.

"After you have spent a little time as our guests here, you will know why La Crescenta is called 'the garden spot of America'—and you will come to realize that home-sites in such a garden spot of garden spots as Burton Heights are going fast."

The tract is approached by driving out Verdugo road to Honolulu avenue, Montrose, and continuing on Honolulu to the tract office at the corner of Honolulu avenue and Los Angeles street, just south of Michigan avenue.

On account of the publicity given, we are familiar with the ravages caused by tuberculosis and cancer; but there is another class of diseases, of which we do not read, that is perpetrating unbelievable depredations.

City's Growth Proven by Realty Statistics

(Contiued from page 1)

fair," "tending toward improvement," "firm and steady," "slightly up," "demand for cheap homes," "some movement" and a host of other reports that, while generally encouraging, seem tame compared with the snappy market conditions in this favored city.

After careful analysis of the 241 reports received from its member boards, the National Association of Real Estate Boards has drawn the following general conclusions:

First. The first nine months of 1923 have established a record in real estate transactions of all kinds.

Second. The shortage of housing accommodations which was large in the country at the end of the war is disappearing. Indications from a number of questionnaires show plainly that a state of equilibrium between demand for and supply of housing and business structures is being reached.

Third. Rents are tending toward stabilization. There has been a large increase in rentals, both business and residential, but indications would seem to be that a level has been reached at which rents are fairly well stabilized.

Fourth. The shortage of labor in the building trades is not so acute as it was last year nor as it was for the first six months of 1923.

Fifth. The greatest demand at the present time in the real estate market is for small single family dwellings. These are being supplied at a very rapid rate, but demand outruns the supply.

Sixth—Money for investment in real estate is comparatively plentiful. Interest rates are reasonable in nearly every section.

Seventh—There is still a great movement toward subdivisions in the larger cities. This movement is likely to be continued and is, generally speaking, greater than last year.

Eighth—Conditions vary considerably in different sections of the country. Sections which report the poorest market are generally affected by local conditions that are not felt outside of a limited area.

The survey shows 57 per cent of the boards find the market for business property better than last year, while 55 per cent find the market for residential property better. Particularly in the Pacific Southwest, a heavy temand exists for single family dwellings.

Demand Keenest Here

In no reporting city is this demand more brisk than in Glendale, where it is daily becoming more difficult to house the large influx of population. The report indicates a 50 per cent shortage here in both single family houses and multiple residences, with a 33 1-3 per cent shortage in business construction.

With the continued daily arrival of dozens of new Glendalians, it is obvious that even the most strenoous building program that can be prosecuted during 1924 will fall far short of caring for the demand. This is felt by realtors and business men alike to be proof positive that the city will pile up a construction record during the coming year that will far surpass even the monumental $10,000,000 building year now drawing to a close.

LANDON HEIGHTS LOTS SELL FAST

Favorable Terms Aid Sales In La Crescenta Tract, Declares Owner

With lots selling fast at Landon Heights, La Crescenta, where 60-foot home sites can be obtained for $700 and up, on terms of $50 and $100 down and $15 a month, H. N. Landon of 213 West Broadway reports that each succeeding day makes it appear more and more certain that the history of this tract will be interwoven with the well known fable about the early bird catching the worm.

"For," says he, "things are moving with a rush up here in these high, healthful hills, offering street car service, schools, markets and business center, as well as unlimited recreational facilities and the multiple beauties of foothill property.

"There are only 100 lots and many of them are already sold. As all titles are to be held by the Title Guarantee & Trust company of Los Angeles, buyers at Landon Heights are assured absolute safety of investment, while at the prices we are asking the profits are certain and quick.

Scenic Panoramas

"The lots moreover are all level and command scenic panoramas that must be seen to be appreciated. From many, a view of the ocean is obtainable, while Montrose, Glendale, Flintridge, Tujunga, the Verdugo and Griffith Park hills are visible to the south, east and west, with the towering Sierra Madres at the north.

"What more delightful spot than Landon Heights, La Crescenta, can be found in which to build the house of your dreams, a modest, beautiful house where the kiddies can have a perfect wonderland for their back yard, and where grown-ups are offered trails that lead off into the hills, while the Oakmont, Flintridge and Sunset Canyon country clubs are close at hand, and Los Angeles lies just a few miles below Glendale, over smooth boulevards, and Michigan avenue, the state highway, passes within a few feet of the tract, on the way from Pasadena to San Fernando and San Francisco."

Landon Heights is reached by driving up Verdugo road to Honolulu avenue, and then to Ramsdell avenue, where it is located.

REALTORS CO-OPERATE

International exchange of ideas among real estate men is being furthered by correspondence now being conducted by the National Association of Real Estate Boards with the organized real estate men of New South Wales, Australia. Information on the American Real Estate Institute, just authorized by the National association, has been sent to Australia for comparison with the real estate institute already in existence there.

John N. D. Griffith has been named first executive secretary of the San Diego (Cal.) Realty Board. Hugh H. Hoff, manager of the Dallas Automobile club, has been named executive secretary of the Dallas Real Estate Board to succeed O. M. Crenshaw, resigned.

POPULATION FOR CITY OVER 50,000

Evidence Shows Glendale Has Set New World Mark in Recent Growth

(Contiued from page 1)

tion ratio of gas, water and electric installations of past three years, 45,000.

The total of the above four sets of figures is 200,673. Averaging this by dividing it by four, the result is 50,168,. estimated population of Glendale at noon today.

Methods of Computing

Taking each of these four separate estimates one at a time, and showing how it was obtained:

The 54,473 of school enrollment comes from taking the average daily school attendance, 6342, and multiplying it by 10, the customary ratio. This gives 63,420; which is averaged in turn by six and one-half times the total enrollment of 7004, or 45,526. These two major figures are in turn averaged, making the figure 54,473, which was used above.

The figure of 50,000 given out from the Glendale post office this morning by Captain D. Ripley Jackson is based on the number of carriers required to deliver the mail, and by other methods of computation employed generally throughout the government postal service.

The figure of 51,200 based on averaging the ratios of building permits to population, for the past three years, can be obtained by anyone who will average the percentage of gain in population each year with the percentage of gain in building permits, from which it is possible to estimate the percentage of gain in either for the year now drawing to a close, and from this to arrive at the above figure.

Most Conservative

The figure of 45,000 used above, based on general averages of gas, water and electrical installations, is the most conservative figure employed in this calculation, as anyone who is familiar with the situation knows that public service connections are not able to keep pace with the rapid growth of this city and that any figures based upon them are at least 10 per cent short of the mark. In fairness, however, this estimate has been allowed to run with the others, pulling down the general average considerably.

With a population of over 50,000 and a building year that will exceed $10,000,000 when New Year's eve rings in 1924, Glendale is seen to be entering the great development period of its history, a period comparable with that which has lifted Hollywood and Long Beach from obscurity to world fame.

Glendale is the next Hollywood and the next Long Beach. A six-story building is now nearing completion at the northeast corner of Brand boulevard and Broadway, to be the future home of the Glendale branch of the Security Trust & Savings bank. When, two years ago, the Hollywood branch of this same institution was completed, a great celebration was held, joined in by the entire community, for it marked Hollywood's first six-story building.

Today Hollywood is putting up a dozen or more thirteen-story buildings, the height limit. Long Beach tells a similar story. Glendale will tell a similar story. Two years from today there will be height limit buildings in Glendale, and the population of the city will be over 100,000.

These are plain, ordinary statements of facts, obvious to thinking people and increasingly obvious to big capitalists and investors of Los Angeles, San Francisco and eastern cities, who are bringing large quantities of money into Glendale, in realization of the commanding position it has taken as a southern California city.

And, folks, Glendale's population is now past the 50,000 mark.

You tell the world!

WHY LANDLORDS RICH

An explanation of the phenomenon that landlords are commonly richer than tenants comes to the National Association of Real Estate Boards from the Buffalo "Realtor." It's quite simple, too. It's that landlords have to pay for a house only once.

UNIT ASSESSMENTS

Adoption of a citywide and countywide system of unit values for assessment for taxation was indorsed as one of the essential steps toward just valuation in the equalization of tax on land in the city of Chicago, and Cook county, in a recent conference of twenty-three civic organizations in which the National Association of Real Estate Boards took part.

In the consideration of communicable diseases we should direct our attention entirely to preventive measures. With but few exceptions, we have no cure for communicable diseases.

CITY PRINTING

NOTICE OF PUBLIC WORKS

Public notice is hereby given that the Council of the City of Glendale, on the 3rd day of December, 1923, did, at its meeting on said day, adopt Resolution of Intention No. 2202 to order the following improvement to be made on a certain alley lying southerly of and contiguous to the southerly line of Lot 16, Tract No. 250, as per map recorded in Book 15, pages 130 and 131 of Maps, Records of Los Angeles County, California, within the City of Glendale.

That the public interest and convenience require and it is the intention of the Council of the City of Glendale, to close up, vacate and abandon for alley purposes that certain alley lying southerly of and contiguous to the southerly line of Lot 16, Tract No. 250, as per map recorded in Book 15, pages 130 and 131 of Maps, Records of Los Angeles County, California, from the easterly line of Colina Drive, vacated by the Board of Supervisors of the County of Los Angeles, California, to the westerly line of Lot 14 said Tract No. 250.

The district to be assessed to pay the damages, costs and expenses of said improvement is described in and reference is hereby made to Resolution of Intention No. 2202 for further particulars of said work.

BEN F. DUPUY,
Street Superintendent of the City of Glendale.
Dec. 5-6-7-8-10-11-12-13-14-15, 1923

NOTICE OF HEARING ON APPEAL

NOTICE IS HEREBY GIVEN that the Council of the City of Glendale, California, did, at its meeting held on the 6th day of December, 1923, fix and determine Thursday, the 20th day of December, 1923, at the hour of 10 o'clock A. M., at the Council Chamber of said Council, in the City Hall, No. 619 East Broadway, as the time and place for hearing the appeal filed by Herman Pane on the 6th day of December, 1923, with reference to the assessment and diagram issued to Peter L. Ferry, contractor, November 10, 1923, to cover the costs and expenses of improving Cypress Street and Magnolia Avenue in the City of Glendale as described in Resolution of Intention No. 1934 of the Council of the said City of Glendale. The said appeal is from the acts and determinations of the Street Superintendent of said City and the appellant claims that the assessment and diagram is incorrect. The point of objection made by the said appelant is the following:

That the Assessments No. 24, 25, 26 and 27 were not assessed according to benefits received.

Reference is hereby made to the said appeal which is on file in the office of the City Clerk, and all interested persons are hereby notified that the said appeal will be heard by the said Council in the Council Chamber in the City Hall, in the City of Glendale, on the day and hour hereinabove named.

This notice is given pursuant to the direction of the Council of the City of Glendale, California.

A. J. VAN WIE,
City Clerk of the City of Glendale
California.
Dated this 13th day of December, 1923. Dec. 13, 14, 15, 17, 18.

NOTICE INVITING SEALED PROPOSALS

Pursuant to statute and to Resolution No. 2209, adopted on the 13th day of December, 1923, by the Council of the City of Glendale and on file in the office of the City Clerk of said City, ordering the work described in said Resolution, to-wit:

The grading, paving with macadam pavement and the construction of cement curbs, sidewalks and gutters on a portion of Thompson Avenue in said City of Glendale, all as more particularly described in Resolution of Intention No. 2184, passed and adopted by the Council of the said City on the 22nd day of November, 1923, and on file in the office of the City Clerk of said City.

For further particulars reference is hereby made to Resolution of Intention No. 2184 and to the plans, drawings, profiles and cross-sections adopted for said improvement and on file in the office of the City Engineer of said City, and to the specifications on file in the office of the City Clerk of said City, which said plans, drawings, profiles, cross-sections and specifications are incorporated herein and made a part hereof.

The Council of the City of Glendale determined and declared that serial bonds bearing interest at the rate of seven per cent (7%) per annum shall be issued hereunder in the manner provided by the improvement bond act of 1915 and the last installment of said bonds shall mature nine (9) years from the second day of July next succeeding ten (10) months from their date.

The said Council also determined and declared that the contemplated work or improvement was, in the opinion of said Council of more than local or ordinary public benefit and said Council has made the costs and expenses of said improvement chargeable upon a district. For a further description of said district reference is hereby made to said Resolution of Intention No. 2184.

NOTICE IS HEREBY GIVEN inviting sealed proposals or bids for doing all the work hereinbefore described and ordered in said Resolution ordering the work, to be presented to the City Clerk at his office in the City Hall up to 10 A. M., the 27th day of December, 1923.

The proposals or bids offered shall be accompanied by a check payable to the order of said City, certified by a responsible bank or a bond as is required by law, for an amount not less than ten per cent (10%) of the aggregate of the proposal.

In bidding use blanks which will be furnished by the City Clerk upon application.

Dated this 14th day of December, 1923.

A. J. VAN WIE,
City Clerk of the City of Glendale.

PUBLIC NOTICE

WHEREAS, The City Council of the City of Glendale, has heretofore by Ordinance No. 529, established certain Residential, Industrial and Commercial Districts in the City of Glendale; and

WHEREAS, pursuant to the provisions of Section 2, Article XV of the Charter of the City of Glendale, a petition has been filed with the City Clerk of said City, by Lorena M. Stockbridge and others, asking that the Commercial District established by said Ordinance No. 529, be amended and changed so as to include in said Commercial District said property described in said petition and more particularly hereinafter described; and

WHEREAS, said City Clerk has presented said petition to the City Council; and

WHEREAS, before any change can be made in said Commercial District as requested in said Petition, it is necessary under said Section 2 of Article XV of the Charter of said City, and said Council has directed that public notice of a hearing upon said petition be given by the City Clerk by one publication in the official newspaper of said City, at least ten days before the time of such hearing.

NOW, THEREFORE, and pursuant to the requirements of said Section 2, Article XV, of the Charter of the City of Glendale, and the direction of said City Council.

PUBLIC NOTICE IS HEREBY GIVEN

that at the hour of 10 o'clock A. M. of the 27th day of December, 1923, at the Council Chamber in the City of Glendale, a public hearing will be given and had on said proposed amendment or change of said Commercial District, when and where all persons having any objections to said amendment or change in said Commercial District, may appear before said City Council and present any objection or objections, which they may have to said proposed amendment or change in said Commercial District. Any person having an interest in any of the frontage of property which will be directly affected by said proposed amendment or change, may file with the City Clerk a written protest or objection to said proposed amendment or change in said Commercial District. Said protest must be filed not later than the hour set for hearing, when all protestants may appear before the Council at said hearing, either in person or by counsel, and be heard in support of their protests or objections.

That property described in said petition and sought to be included in said Commercial District, is described as follows:

Beginning at the northwesterly corner of Lot 2, Tract No. 4537 as per map recorded in Book 51, page 75 of Maps, Records of Los Angeles County, California; thence northeasterly in a direct line crossing Palm Drive and Pacific Avenue to the southeasterly corner of Pacific Avenue and Palm Drive; thence easterly along the southerly line of Palm Drive to the northeasterly corner of Lot 64, Tract No. 726, as per map recorded in Book 15, pages 186 and 187 of Maps, Records of said County; thence southerly along the easterly lines of Lots 64 and 67 of said Tract No. 726 to the northerly line of Dryden Street; thence westerly along the northerly line of Dryden Street to the northeasterly corner of Pacific Avenue and Dryden Street; thence northwesterly in a direct line across Pacific Avenue to the southeasterly corner of Lot 1, of the aforementioned Tract No. 4537; thence westerly along the southerly line of said Lot 1 to the southwesterly corner thereof; thence northerly along the westerly lines of Lots 1 and 2, said Tract No. 4537, to the point of beginning.

The petition above referred to is on file in the office of the City Clerk of the City of Glendale and is hereby referred to for further particulars.

This notice shall be published once in The Glendale Evening News, the official newspaper of said City, at least ten days before the date of the hearing hereinabove mentioned.

Dated, December 15th, 1923.

A. J. VAN WIE,
City Clerk of the City of Glendale.

NOTICE OF AWARD OF CONTRACT

Pursuant to statute and to Resolution of Award No. 2214 of the Council of the City of Glendale, adopted on the 13th day of December, 1923, directing this notice, NOTICE IS HEREBY GIVEN that the said Council in open session on the 6th day of December, 1923, publicly opened, examined and declared all sealed proposals or bids offered for doing the following work, to-wit:

The construction of cement sidewalks in a portion of Brand Boulevard in said City, all as more particularly described in Resolution of Intention No. 2157, passed by said Council on the 1st day of November, 1923, and said Council did by said Resolution of Award No. 2214, award the contract for doing said work to the lowest regular responsible bidder, to-wit:

Chester Johnson

at the prices specified in his bid on file in the office of the City Clerk, to-wit:

Sidewalk, per square foot....23 cents

Reference is hereby made to Resolution of Intention No. 2157 for a further description of said work and of the district to be assessed therefor.

Clerk's office this 15th day of December, 1923. A. J. VAN WIE,
City Clerk of the City of Glendale.
Dec. 15-17, 1923

CITY PRINTING

Kenilworth Avenue the grade shall be as follows:

At its intersection with the easterly extension of the northerly line of Riverdale Drive: 461.40

At its intersection with a line drawn at right angles to the westerly line of Kenilworth Avenue at a point therein nine (9) feet northerly, measured along said westerly line from the northwesterly corner of Kenilworth Avenue and Riverdale Drive: 461.50

At its intersection with a line drawn at right angles to the westerly line of Kenilworth Avenue at a point therein five (5) feet southerly, measured along said westerly line from the southwesterly corner of Kenilworth Avenue and Vine Street: 468.00

At its intersection with the easterly extension of the southerly line of Vine Street: 468.00

Along the easterly grade line of Kenilworth Avenue the grade shall be as follows:

At its intersection with the westerly extension of the northerly line of Riverdale Drive: 461.90

At its intersection with a line drawn at right angles to the easterly line of Kenilworth Avenue at a point therein nine (9) feet northerly, measured along said easterly line from the northeasterly corner of Riverdale Drive and Kenilworth Avenue: 461.90

At its intersection with a line drawn at right angles to the easterly line of Kenilworth Avenue at a point therein five (5) feet southerly, measured along said easterly line from the southeasterly corner of Kenilworth Avenue and Vine Street: 468.40

At its intersection with the westerly extension of the southerly line of Vine Street: 468.50

The westerly grade line above mentioned is eighteen (18) feet westerly from and parallel to the center line of Kenilworth Avenue, and the easterly grade line above mentioned is eighteen (18) feet easterly from and parallel to the said center line.

That between the above designated points of elevation the grade shall conform to a uniform grade joining said points and the top of the curbs to be constructed in Kenilworth Avenue shall conform to said grades on the same side of the street.

All elevations given in this Ordinance are in feet above the City Datum Plane heretofore established.

SECTION 2. The City Clerk shall certify to the passage of this Ordinance and shall cause the same to be published by one insertion in The Glendale Evening News, a daily newspaper of general circulation published and circulated in said City of Glendale and the same shall take effect and be in full force immediately upon its passage.

Adopted and approved this 13th day of December, 1923.

CITY OF GLENDALE.)

I, A. J. Van Wie, City Clerk of the City of Glendale, do hereby certify that the foregoing Ordinance was duly adopted by the Council of the City of Glendale, State of California, and signed by the Mayor, at a regular meeting thereof, held on the 13th day of December, 1923, and that the same was passed by the following vote, to-wit:

Ayes: Hall, Horn, Davis, Kimlin, Robinson.
Noes: None.
Absent: None.

A. J. VAN WIE,
City Clerk of the City of Glendale.
Dec. 15, 1923

NOTICE OF ELECTION

NOTICE IS HEREBY GIVEN that a Special Municipal Election will be held in the City of Glendale, California, on Tuesday, the 8th day of January, 1924.

The following proposition will be submitted at said election:

Do you approve that certain agreement dated September 26, 1923, by and between the City of Los Angeles, a municipal corporation of the State of California, party of the first part, and the City of Glendale, a municipal corporation of the State of California, party of the second part, executed pursuant to a Resolution passed by the Council of the City of Glendale on the 10th day of October, 1923?

There will be seventeen special municipal election voting precincts for the purpose of holding said election, a part of which were established by adopting and consolidating certain of the voting precincts heretofore established by the Board of Supervisors of the County of Los Angeles by an order adopted December 29, 1921, for the holding of general elections in said City, in the manner hereinafter stated, and a part of which special municipal election voting precincts were established by setting forth their boundaries, all as will more particularly appear in Ordinance No. 891 of the City of Glendale, adopted and approved on the 13th day of December, 1923, as follows:

SPECIAL MUNICIPAL ELECTION PRECINCT NO. 1 comprising all of Glendale City Precinct No. 28 and a part of Glendale City Precinct No. 1 as established by said Board of Supervisors on the 29th day of December, 1921, the boundaries of said Special Municipal Election Precinct No. 1 being specifically set forth in said Ordinance No. 890, and the polling place thereof shall be at garage in rear of 1540 Glenwood Road, in said City;

SPECIAL MUNICIPAL ELECTION PRECINCT NO. 2 comprising all of Glendale City Precinct No. 2 and a part of Glendale City Precinct No. 1 as established by said Board of Supervisors on the 29th day of December, 1921, the boundaries of said Special Municipal Election Precinct No. 2 being specifically set forth in said Ordinance No. 891, and the polling place thereof shall be at residence at 460 West Palm Drive in said City;

SPECIAL MUNICIPAL ELECTION PRECINCT NO. 3 comprising all of Glendale City Precincts Numbers 7 and 8 as established by said Board of Supervisors on the 29th day of December, 1921, and the polling place thereof shall be at store building at 409 West Doran Street in said City;

SPECIAL MUNICIPAL ELECTION PRECINCT NO. 4 comprising all of Glendale City Precinct No. 9 as established by said Board of Supervisors on the 29th day of December, 1921, and the polling place thereof shall be at garage in rear of 360 West California Avenue in said City;

SPECIAL MUNICIPAL ELECTION PRECINCT NO. 5 comprising all of Glendale City Precincts Numbers 6 and 10 as established by said Board of Supervisors on the 29th day of December, 1921, and the polling place thereof shall be at store building at 333 North Brand Boulevard in said City;

SPECIAL MUNICIPAL ELECTION PRECINCT NO. 6 comprising all of Glendale City Precinct No. 5 as established by said Board of Supervisors on the 29th day of December, 1921, and the polling place thereof shall be at Rossmoyne Real Estate Office at 631 North Glendale Avenue in said City;

SPECIAL MUNICIPAL ELECTION PRECINCT NO. 7 comprising all of Glendale City Precinct No. 3 as established by said Board of Supervisors on the 29th day of December, 1921, and the polling place thereof shall be at Adobe House at 2215 Bonita Drive in said City;

SPECIAL MUNICIPAL ELECTION PRECINCT NO. 8 comprising all of Glendale City Precincts Numbers 4 and 13 as established by said Board of Supervisors on the 29th day of December, 1921, and the polling place thereof shall be at residence at 1471 East California Avenue in said City;

SPECIAL MUNICIPAL ELECTION PRECINCT NO. 9 comprising all of Glendale City Precincts Numbers 11 and 12 as established by said Board of Supervisors on the 29th day of December, 1921, and the polling place thereof shall be at store building at 415 East Broadway in said City;

SPECIAL MUNICIPAL ELECTION PRECINCT NO. 10 comprising all of Glendale City Precincts Numbers 18 and 19 as established by said Board of Supervisors on the 29th day of December, 1921, and the polling place thereof shall be at residence at 419 West Colorado Street in said City;

SPECIAL MUNICIPAL ELECTION PRECINCT NO. 11 comprising all of Glendale City Precincts Numbers 16 and 17 as established by said Board of Supervisors on the 29th day of December, 1921, and the polling place thereof shall be at store building at 628 East Broadway in said City;

SPECIAL MUNICIPAL ELECTION PRECINCT NO. 12 comprising all of Glendale City Precincts Numbers 14 and 15 as established by said Board of Supervisors on the 29th day of December, 1921, and the polling place thereof shall be at store building at 1330 East Colorado Street in said City;

SPECIAL MUNICIPAL ELECTION PRECINCT NO. 13 comprising all of Glendale City Precinct Numbers 21 and 22 as established by said Board of Supervisors on the 29th day of December, 1921, and the polling place thereof shall be at store building at 408 South Brand Boulevard in said City;

SPECIAL MUNICIPAL ELECTION PRECINCT NO. 14 comprising all of Glendale City Precincts Numbers 20 and 25 as established by said Board of Supervisors on the 29th day of December, 1921, and the polling place thereof shall be at store building at 1034 South San Fernando Road in said City;

SPECIAL MUNICIPAL ELECTION PRECINCT NO. 15 comprising all of Glendale City Precincts Numbers 23 and 24 as established by said Board of Supervisors on the 29th day of December, 1921, and the polling place thereof shall be at store building at 1002 South Brand Boulevard in said City;

SPECIAL MUNICIPAL ELECTION PRECINCT NO. 16 comprising all of Glendale City Precincts Numbers 26 and 27 as established by said Board of Supervisors on the 29th day of December, 1921, and the polling place thereof shall be at store building at 116 West Los Feliz Road in said City;

SPECIAL MUNICIPAL ELECTION PRECINCT NO. 17 comprising all of that territory annexed to the City of Glendale by that certain annexation on or about the 14th day of May, 1923, and known as the Flower Street District Annexation, the boundaries of said Special Municipal Election Precinct No. 17 being specifically set forth in aforementioned Ordinance No. 891, and the polling place thereof shall be at the residence of Edw. E. Radcliffe on North Flower Street between Sonora Avenue and the southerly extension of Grand View Avenue.

The polls will be open between the hours of 6 A. M. and 7 P. M.

A. J. VAN WIE,
City Clerk.
Dated December 14, 1923.
Dec. 15, 1923

NOTICE OF ELECTION

NOTICE IS HEREBY GIVEN that a Special Municipal Election will be held in the City of Glendale, California, on Tuesday, the 8th day of January, 1924.

The following proposition will be submitted at said election:

Shall the City of Glendale incur a bonded debt of One Million Six Hundred Thousand Dollars ($1,600,000.00) for the purpose of acquiring, constructing and completing the following municipal improvement, to-wit:

A municipal sewer system for the collection and carrying off of sewage in and away from said City of Glendale, consisting of the acquisition, construction and completion by said City of Glendale of (a) an outfall sewer outside of said City of Glendale connecting with the outfall sewer of the City of Los Angeles, California, and (b) a system of intercepting sewers, mostly inside but partly outside of said City of Glendale, connecting with said outfall sewer of the City of Glendale, all together with the necessary lands, easements, rights of way, pipe, machinery, materials and apparatus necessary to acquire, construct and complete said outfall and intercepting sewers of said City of Glendale. Said sewer system is to be acquired, constructed and completed in substantial accordance with an agreement dated September 26th, 1923, between the City of Los Angeles and the City of Glendale and any amendments to said agreement which may be hereafter made, and said sewer system may be used not only by the City of Glendale but also by others, as in said agreement provided?

There will be seventeen special municipal election voting precincts for the purpose of holding said election, a part of which were established by adopting and consolidating certain of the voting precincts heretofore established by the Board of Supervisors of the County of Los Angeles by an order adopted December 29, 1921, for the holding of general elections in said City, in the manner hereinafter stated, and a part of which special municipal election voting precincts were established by setting forth their boundaries, all as will more particularly appear in Ordinance No. 890 of the City of Glendale, adopted and approved on the 13th day of December, 1923, as follows:

SPECIAL MUNICIPAL ELECTION PRECINCT NO. 1 comprising all of Glendale City Precinct No. 28 and a part of Glendale City Precinct No. 1 as established by said Board of Supervisors on the 29th day of December, 1921, the boundaries of said Special Municipal Election Precinct No. 1 being specifically set forth in said Ordinance No. 890, and the polling place thereof shall be at garage in rear of 1540 Glenwood Road, in said City;

SPECIAL MUNICIPAL ELECTION PRECINCT NO. 2 comprising all of Glendale City Precinct No. 2 and a part of Glendale City Precinct No. 1 as established by said Board of Supervisors on the 29th day of December, 1921, the boundaries of said Special Municipal Election Precinct No. 2 being specifically set forth in said Ordinance No. 891, and the polling place thereof shall be at residence at 460 West Palm Drive in said City;

SPECIAL MUNICIPAL ELECTION PRECINCT NO. 3 comprising all of Glendale City Precincts Numbers 7 and 8 as established by said Board of Supervisors on the 29th day of December, 1921, and the polling place thereof shall be at store building at 409 West Doran Street in said City;

SPECIAL MUNICIPAL ELECTION PRECINCT NO. 4 comprising all of Glendale City Precinct No. 9 as established by said Board of Supervisors on the 29th day of December, 1921, and the polling place thereof shall be at garage in rear of 360 West California Avenue in said City;

SPECIAL MUNICIPAL ELECTION PRECINCT NO. 5 comprising all of Glendale City Precincts Numbers 6 and 10 as established by said Board of Supervisors on the 29th day of December, 1921, and the polling place thereof shall be at store building at 333 North Brand Boulevard in said City;

SPECIAL MUNICIPAL ELECTION PRECINCT NO. 6 comprising all of Glendale City Precinct No. 5 as established by said Board of Supervisors on the 29th day of December, 1921, and the polling place thereof shall be at Rossmoyne Real Estate Office at 631 North Glendale Avenue in said City;

SPECIAL MUNICIPAL ELECTION PRECINCT NO. 7 comprising all of Glendale City Precinct No. 3 as established by said Board of Supervisors on the 29th day of December, 1921, and the polling place thereof shall be at Adobe House at 2215 Bonita Drive in said City;

SPECIAL MUNICIPAL ELECTION PRECINCT NO. 8 comprising all of Glendale City Precincts Numbers 4 and 13 as established by said Board of Supervisors on the 29th day of December, 1921, and the polling place thereof shall be at residence at 1471 East California Avenue in said City;

SPECIAL MUNICIPAL ELECTION PRECINCT NO. 9 comprising all of Glendale City Precincts Numbers 11 and 12 as established by said Board of Supervisors on the 29th day of December, 1921, and the polling place thereof shall be at store building at 415 East Broadway in said City;

SPECIAL MUNICIPAL ELECTION PRECINCT NO. 10 comprising all of Glendale City Precincts Numbers 18 and 19 as established by said Board of Supervisors on the 29th day of December, 1921, and the polling place thereof shall be at residence at 419 West Colorado Street in said City;

SPECIAL MUNICIPAL ELECTION PRECINCT NO. 11 comprising all of Glendale City Precincts Numbers 16 and 17 as established by said Board of Supervisors on the 29th day of December, 1921, and the polling place thereof shall be at store building at 628 East Broadway in said City;

SPECIAL MUNICIPAL ELECTION PRECINCT NO. 12 comprising all of Glendale City Precincts Numbers 14 and 15 as established by said Board of Supervisors on the 29th day of December, 1921, and the polling place thereof shall be at store building at 1330 East Colorado Street in said City;

SPECIAL MUNICIPAL ELECTION PRECINCT NO. 13 comprising all of Glendale City Precincts Numbers 21 and 22 as established by said Board of Supervisors on the 29th day of December, 1921, and the polling place thereof shall be at store building at 408 South Brand Boulevard in said City;

SPECIAL MUNICIPAL ELECTION PRECINCT NO. 14 comprising all of Glendale City Precincts Numbers 20 and 25 as established by said Board of Supervisors on the 29th day of December, 1921, and the polling place thereof shall be at store building at 1034 South San Fernando Road in said City;

SPECIAL MUNICIPAL ELECTION PRECINCT NO. 15 comprising all of Glendale City Precincts Numbers 23 and 24 as established by said Board of Supervisors on the 29th day of December, 1921, and the polling place thereof shall be at store building at 1002 South Brand Boulevard in said City;

SPECIAL MUNICIPAL ELECTION PRECINCT NO. 16 comprising all of Glendale City Precincts Numbers 26 and 27 as established by said Board of Supervisors on the 29th day of December, 1921, and the polling place thereof shall be at store building at 116 West Los Feliz Road in said City;

SPECIAL MUNICIPAL ELECTION PRECINCT NO. 17 comprising all of that territory annexed to the City of Glendale by that certain annexation on or about the 14th day of May, 1923, and known as the Flower Street District Annexation, the boundaries of said Special Municipal Election Precinct No. 17 being specifically set forth in aforementioned Ordinance No. 890, and the polling place thereof shall be at the residence of Edw. E. Radcliffe on North Flower Street between Sonora Avenue and the southerly extension of Grand View Avenue.

The polls will be open between the hours of 6 A. M. and 7 P. M.

A. J. VAN WIE,
City Clerk.

Dec. 15, 1923

ORDINANCE NO. 888

AN ORDINANCE OF THE COUNCIL OF THE CITY OF GLENDALE ESTABLISHING THE GRADE ON A PORTION OF JUSTIN AVENUE WITHIN THE CITY OF GLENDALE.

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF GLENDALE:

SECTION 1. That the grade of Justin Avenue from the southwesterly line, and its extensions, of Kenneth Road to the southwesterly line, and its extensions, of Tenth Street, is hereby established in accordance with the following elevations:

Along the northwesterly grade line of Justin Avenue, the grade shall be as follows:

At its intersection with the southeasterly extension of the southwesterly line of Kenneth Road: 624.80

At its intersection with a line drawn at right angles to the southwesterly extension of the northwesterly line of Justin Avenue, from a point therein, thirteen (13) feet northeasterly, measured along said southwesterly extension, from its intersection with southeasterly extension of the northeasterly line of Kenneth Road: 626.10

At a point six hundred thirty-seven and fifty-eight hundredths (637.58) feet northeasterly from last mentioned intersection: 660.50

At a point fifty-six and fifty-nine hundredths (56.59) feet northeasterly from last mentioned point: 662.72

At a point fifty-six and fifty-nine hundredths (56.59) feet northeasterly from last mentioned point: 664.95

At a point forty-eight and forty-eight hundredths (48.48) feet northeasterly from last mentioned point: 667.20

At a point forty-eight and forty-eight hundredths (48.48) feet northeasterly from last mentioned point: 669.47

At its intersection with a line drawn at right angles to the northeasterly extension of the northwesterly line of Justin Avenue at a point therein thirteen (13) feet southwesterly, meas
